*Legitimacy and Criminal Justice* Tom R. Tyler, 2007-10-25 The police and the courts depend on the cooperation of communities to keep order But large numbers of urban poor distrust law enforcement officials *Legitimacy and Criminal Justice* explores the reasons that legal authorities are or are not seen as legitimate and trustworthy by many citizens *Legitimacy and Criminal Justice* is the first study of the perceived legitimacy of legal institutions outside the U S The authors investigate relations between courts the police and communities in the U K Western Europe South Africa Slovenia South America and Mexico demonstrating the importance of social context in shaping those relations Gorazd Meško and Goran Klemencic examine Slovenia's adoption of Western style community policing during its transition to democracy In the context of Slovenia's recent Communist past when community policing entailed omnipresent social and political control citizens regarded these efforts with great suspicion and offered little cooperation to the police When states fail to control crime informal methods of law can gain legitimacy Jennifer Johnson discusses an extra legal policing system carried out by farmers in Guerrero Mexico complete with sentencing guidelines and initiatives to reintegrate offenders into the community Feeling that federal authorities were not prosecuting the crimes that plagued their province the citizens of Guerrero strongly supported this extra legal arrangement and engaged in massive protests when the central government tried to suppress it Several of the authors examine how the perceived legitimacy of the police and courts varies across social groups Graziella Da Silva Ignacio Cano and Hugo Friling show that attitudes toward the police vary greatly across social classes in harshly unequal societies like Brazil and Chile And many of the authors find that ethnic minorities often display greater distrust toward the police and perceive themselves to be targets of police discrimination Indeed Hans Jürg Albrecht finds evidence of bias in arrests of the foreign born in Germany which has fueled discontent among Berlin's Turkish youth Sophie Body Gendrot points out that mutual hostility between police and minority communities can lead to large scale violence as the Parisian banlieu riots underscored The case studies presented in this important new book show that fostering cooperation between law enforcement and communities requires the former to pay careful attention to the needs and attitudes of the latter Forging a new field of comparative research *Legitimacy and Criminal Justice* brings to light many of the reasons the law's representatives succeed or fail in winning citizens hearts and minds A Volume in the Russell Sage Foundation Series on

Trust     Rhoda: 'Comrade Kadalie, You Are Out of Order!' Joel B Pollak,2023-01-04 This authorized biography was made possible through the gracious help of my mother in law Rhoda Kadalie who provided generous access to her files letters photographs and extensive library of documents She made time to sit with me for several hours of interviews from September through October 2021 to answer questions as they arose and to offer innumerable clarifications Rhoda also reviewed the first draft of the biography in December 2021 making corrections and additions and contributing some of her own original vignettes never before published     The Bedside Guardian 2011 Paul Johnson,2011-12-06 2011 was an extraordinary year And the Guardian was at the very heart of it It was a year that will be remembered for the phone hacking scandal uncovered only by the persistence and skill of Guardian investigative reporter Nick Davies and the seismic changes it forced in the relationship between parliament the media and the police It was a year that will be remembered because a Guardian reporter was passed a memory stick small enough to hang on a key ring but which contained 250 000 US diplomatic cables whose publication provoked reverberations around the world And it was a year packed with drama tragedy and inspiration the Arab spring the tsunami in Japan the August riots the killing of Bin Laden the capture of Mladic and a royal wedding The year s events are vividly documented and debated here by writers including David Leigh Nick Davies Marina Hyde Polly Toynbee Hadley Freeman Simon Jenkins and Jonathan Freedland George Monbiot explains why the Fukushima nuclear disaster affirmed his faith in atomic energy Charlie Brooker brilliantly satirises the case of a Twitter user convicted over a joke and Margaret Drabble lambasts the coalition s plans for the NHS Richard Williams celebrates the life of Seve Ballesteros Declan Walsh reveals the truth about Osama bin Laden s last hours and Jack Shenker reports on being caught in a roundup by Egypt s notorious security services just before the fall of Hosni Mubarak in a revolution documented here by Ahdaf Soueif from Tahrir Square Away from the big news stories Decca Aitkenhead reveals another side of Ann Widdecombe poet Simon Armitage has a difficult encounter with his musical hero Morrissey and Steve Bell looks back over 30 years of cartooning for the Guardian Martin Kettle contemplates whether MI5 were right to spy on his father and regular Guardian correspondent David Hockney dashes off another iPad composed letter to the paper this time not about smoking

John L. Comaroff,Jean Comaroff,2009-09-15 In *Ethnicity Inc* anthropologists John L and Jean Comaroff analyze a new moment in the history of human identity its rampant commodification Through a wide ranging exploration of the changing relationship between culture and the market they address a pressing question Wherein lies the future of ethnicity Their account begins in South Africa with the incorporation of an ethno business in venture capital by a group of traditional African chiefs But their horizons are global Native American casinos Scotland s efforts to brand itself a Zulu ethno theme park named Shakaland a world religion declared to be

intellectual property a chieftom made into a global business by means of its platinum holdings San Bushmen with patent rights potentially worth millions of dollars nations acting as commercial enterprises and the rapid growth of marketing firms that target specific ethnic populations are just some of the diverse examples that fall under the Comaroffs incisive scrutiny These phenomena range from the disturbing through the intriguing to the absurd Through them the Comaroffs trace the contradictory effects of neoliberalism as it transforms identities and social being across the globe Ethnicity Inc is a penetrating account of the ways in which ethnic populations are remaking themselves in the image of the corporation while corporations coopt ethnic practices to open up new markets and regimes of consumption Intellectually rigorous but leavened with wit this is a powerful highly original portrayal of a new world being born in a tectonic collision of culture capitalism and identity **From the "Rainbow Nation" to the "new Apartheid"** Sam N. **Citizenship** Greg Urban,2014-05-08 President Theodore Roosevelt once proclaimed Great corporations exist only because they are created and safeguarded by our institutions and it is therefore our right and duty to see that they work in harmony with those institutions But while corporations are ostensibly regulated by citizens through their governments the firms in turn regulate many aspects of social and political life for individuals beyond their own employees and the communities that support them Corporations are endowed with many of the same rights as citizens such as freedom of speech but are not themselves typically constituted around ideals of national belonging and democracy In the wake of the global financial collapse of 2008 the question of what relationship corporations should have to governing institutions has only increased in urgency As a democratically sanctioned social institution should a corporation operate primarily toward profit accumulation or should its proper goal be to provision society with needed goods and services Corporations and Citizenship addresses the role of modern for profit corporations as a distinctive kind of social formation within democratic national states Scholars of legal studies business ethics politics history and anthropology bring their perspectives to bear on particular case studies such as Enron and Wall Street as well as broader issues of belonging social responsibility for profit higher education and regulation Together these essays establish a complex and detailed understanding of the ways corporations contribute positively to human well being as well as the dangers that they pose Contributors Joel Bakan Jean Comaroff John Comaroff Cynthia Estlund Louis Galambos Rosalie Genova Peter Gourevitch Karen Ho Nien h Hsieh Walter Licht Jonathan R Macey Hirokazu Miyazaki Lynn Sharp Paine Katharina Pistor Amy J Sepinwall Jeffery Smith Jeffrey L Sturchio Greg Urban
