*The Cambridge Companion to Maimonides* Kenneth Seeskin,2005-09-12 One aim of this series is to dispel the  
intimidation readers feel when faced with the work of difficult and challenging thinkers Moses ben Maimon also known as  
Maimonides 1138 1204 represents the high point of Jewish rationalism in the middle ages He played a pivotal role in the  
transition of philosophy from the Islamic East to the Christian West His greatest philosophical work The Guide of the  
Perplexed had a decisive impact on all subsequent Jewish thought and is still the subject of intense scholarly debate An  
enigmatic figure Maimonides continues to defy simple attempts at classification The twelve essays in this volume offer a lucid  
and comprehensive treatment of his life and thought They cover the sources on which Maimonides drew his contributions to  
philosophy theology jurisprudence and Bible commentary as well as his esoteric writing style and influence on later thinkers  
**Maimonides** M. Hallamish,2004      **Maimonides the Universalist** Menachem Kellner,David Gillis,2020-11-04  
Maimonides Mishneh torah presents not only a system of Jewish law but also a system of values This study focuses on the

Aphorisms Volume 2** Gerrit Bos,2019-12-16 Hippocrates Aphorisms enjoyed great popularity in the ancient and medieval  
world and according to Maimonides it was Hippocrates most useful work as it contained aphorisms which every physician  
should know by heart They were translated into Hebrew several times but it was Maimonides Commentary on Hippocrates  
Aphorisms that made the work influential in Jewish circles For the composition of his commentary Maimonides consulted the  
Aphorisms through the commentary by Galen translated by unayn ibn Is q This edition of Maimonides Arabic commentary  
and its Hebrew translations the first with an English translation based on the Arabic text is part of a project undertaken by  
Gerrit Bos to critically edit Maimonides medical works      **Maimonides and the Shaping of the Jewish Canon** James A.  
Diamond,2014-10-27 Jewish thought since the Middle Ages can be regarded as a sustained dialogue with Moses Maimonides  
regardless of the different social cultural and intellectual environments in which it was conducted Much of Jewish intellectual  
history can be viewed as a series of engagements with him fueled by the kind of Jewish rabbinic and esoteric writing

Maimonides practiced This book examines a wide range of theologians philosophers and exegetes who share a passionate engagement with Maimonides assaulting adopting subverting or adapting his philosophical and jurisprudential thought This ongoing enterprise is critical to any appreciation of the broader scope of Jewish law philosophy biblical interpretation and Kabbalah Maimonides's legal philosophical and exegetical corpus became canonical in the sense that many subsequent Jewish thinkers were compelled to struggle with it in order to advance their own thought As such Maimonides joins fundamental Jewish canon alongside the Bible the Talmud and the Zohar **Maimonides** T. M. Rudavsky, 2009-12-01 A thorough and accessible introduction to Maimonides arguably one of the most important Jewish philosophers of all time This work incorporates material from Maimonides philosophical legal and medical works providing a synoptic picture of Maimonides philosophical range Maimonides was and remains one of the most influential and important Jewish legalists who devoted himself to a reconceptualization of the entirety of Jewish law Offers both an intellectual biography and an exploration of the most important philosophical works in Maimonides corpus Persuasively argues that Maimonides did see himself as engaged in philosophical dialogue Maimonides philosophy is presented in a way that is accessible to readers with little background in either Jewish or medieval philosophy Secondary readings are provided at the end of each chapter as well as a bibliography of recent scholarly articles on some of the more pressing philosophical topics covered in the book

**Rewriting Maimonides** Igor H. De Souza, 2018-09-10 Maimonideanism the intellectual culture inspired by Maimonides writings has received much recent attention Yet a central aspect of Maimonideanism has been overlooked the formal reception of the Guide of the Perplexed through commentary In *Rewriting Maimonides* Igor H De Souza offers a comprehensive analysis of six early philosophical commentaries written in Italy Spain and France by some of Maimonides most loyal followers The early commentaries represent the most creative period of exegesis of the Guide De Souza's analysis dispels the notion that the tradition of commentary on the Guide is monolithic Rather De Souza's study illuminates how each commentator offers distinctive readings Challenging the hierarchy of text and commentary *Rewriting Maimonides* studies commentaries on the Guide as texts in their own right De Souza approaches the form of commentary as a multifaceted cultural practice Employing historical philosophical and literary methods this publication fills a lacuna in the history of the Guide through a global perspective on commentary *Maimonides and His Heritage* Idit Dobbs-Weinstein, Lenn E. Goodman, James Allen Grady, 2008-12-31 This volume celebrates the depth and breadth of Jewish philosopher Moses Maimonides 1138-1204 achievements The essays gathered here explore the rich diversity of a heritage that extends over eight hundred years beginning with Maimonides historical context ranging through his distinct contributions to philosophy theology medicine and Jewish law to the impact his ideas have had on later generations His humane perspective and commitment to intellectual rigor are reflected in the wide range of his works and his active role as a spiritual guide and intellectual leader Maimonides intellectual openness makes his work an enduring model of creative synthesis and critical

appropriation as well as a continuing source of intellectual stimulation not only for the many specialist scholars who scrutinize his texts but also for a wide and lively audience of nonspecialists      **Method and Metaphysics in Maimonides' Guide for the Perplexed** Daniel Davies,2011-09-15 This book investigates the substance and presentation of major metaphysical themes in Maimonides Guide for the Perplexed Using rigorous philosophy it seeks to refute the view that the Guide hides an esoteric philosophical meaning beneath a traditional veneer and offers a new explanation of his esotericism

**Maimonides the Rationalist** Herbert A. Davidson,2011-04-30 In his own estimation Maimonides was neither exclusively a dedicated philosopher nor exclusively a devoted rabbinist he saw philosophy and the Written and Oral Torahs as a single harmonious domain and he believed that this view was similarly fundamental to the lives of the prophets and rabbis of old In this book Herbert Davidson examines Maimonides efforts to reconstitute this all embracing rationalist worldview that he felt had been lost during the millennium long exile      *The State of Jewish Studies* Jewish Theological Seminary of America,1990 Contributors describe the key points of controversy and concern that currently engage scholars in most areas of Judaic research Respondents discuss the contributors views marking out areas of disagreement and delineating avenues for further research and debate Annotation copyrighted by Book News Inc Portland OR      **Encyclopaedia of the History of Science, Technology, and Medicine in Non-Western Cultures** Helaine Selin,2008-03-12 Here at last is the massively updated and augmented second edition of this landmark encyclopedia It contains approximately 1000 entries dealing in depth with the history of the scientific technological and medical accomplishments of cultures outside of the United States and Europe The entries consist of fully updated articles together with hundreds of entirely new topics This unique reference work includes intercultural articles on broad topics such as mathematics and astronomy as well as thoughtful philosophical articles on concepts and ideas related to the study of non Western Science such as rationality objectivity and method You ll also find material on religion and science East and West and magic and science      **Maimonides On Coitus** ,2018-11-26 Moses Maimonides On Coitus was composed at the request of an unknown high ranking official who asked for a regimen that would be easy to adhere to and that would increase his sexual potency as he had a large number of slave girls It is safe to assume that it was popular in Jewish and non Jewish circles as it survives in several manuscripts both in Arabic and Judaeo Arabic The present edition by Gerrit Bos contains the original Arabic text three medieval Hebrew translations two Latin versions from the same translation edited by Charles Burnett and a Slavonic translation edited by Will Ryan and Moshe Taube      **Maimonides in His World** Sarah Stroumsa,2009-08-31 While the great medieval philosopher theologian and physician Maimonides is acknowledged as a leading Jewish thinker his intellectual contacts with his surrounding world are often described as related primarily to Islamic philosophy Maimonides in His World challenges this view by revealing him to have wholeheartedly lived breathed and espoused the rich Mediterranean culture of his time Sarah Stroumsa argues that Maimonides is most accurately viewed as a Mediterranean thinker who consistently interpreted his own Jewish tradition in

contemporary multicultural terms Maimonides spent his entire life in the Mediterranean region and the religious and philosophical traditions that fed his thought were those of the wider world in which he lived Stroumsa demonstrates that he was deeply influenced not only by Islamic philosophy but by Islamic culture as a whole evidence of which she finds in his philosophy as well as his correspondence and legal and scientific writings She begins with a concise biography of Maimonides then carefully examines key aspects of his thought including his approach to religion and the complex world of theology and religious ideas he encountered among Jews Christians Muslims and even heretics his views about science the immense and unacknowledged impact of the Almohads on his thought and his vision of human perfection This insightful cultural biography restores Maimonides to his rightful place among medieval philosophers and affirms his central relevance to the study of medieval Islam
