Pichaske, Joseph Anthony Amato, 2003 2004 Minnesota Book Award Winner The Midwestern small town has long held an iconic place in American culture from the imaginings of Sinclair Lewis's Main Street and Sherwood Anderson's Winesburg Ohio to Garrison Keillor's Lake Wobegon But the reality is much more complex as the small town has been a study in transition from its very inception In *A Place Called Home* editors Richard O Davies Joseph A Amato and David R Pichaske offer the first comprehensive examination of the Midwestern small town and its evolving nature from the 1800s to the present This rich collection gleaned from the best writings of historians novelists social scientists poets and journalists features not only such well known authors as Sherwood Anderson Carol Bly Willa Cather Hamlin Garland Langston Hughes Garrison Keillor William Kloefkorn Sinclair Lewis Susan Allen Toth and Mark Twain but also many lesser known and exceptionally talented writers Five chronological sections trace the founding growth and decline of the Midwestern town and introductory comments illuminate its ever changing face The result is a wide ranging collection of writings on the community at the heart of America *Main Street Revisited* Richard V. Francaviglia, 1996-06 Popular culture Francaviglia looks sympathetically but realistically at the ways in which Main Street's image developed and persists He reaffirms that life can imitate art that the cherished icons surrounding Main Street have become the substance of popular culture Ultimately his book is about the material culture that architects town developers and image makers have left us as their legacy Seen through the lives of the visionaries who created them in their **Iowa History Reader** Marvin Bergman, 2008-03-15 In 1978 historian Joseph Wall wrote that Iowa was still seeking to assert its own identity It has no real center where the elite of either power wealth or culture may congregate Iowa in short is middle America In this collection of well written and accessible essays originally published in 1996 seventeen of the Hawkeye State's most accomplished historians reflect upon the dramatic and not so dramatic shifts in the middle land's history in the nineteenth and twentieth centuries Marvin Bergman has drawn upon his years of editing the *Annals of Iowa* to gather contributors who cross disciplines model the craft of writing a historical essay cover more than one significant topic and above all interpret history rather than recite it In his preface to this new printing he calls attention to publications that begin to fill the gaps noted in the 1996 edition Rather than survey the basic facts the essayists engage readers in the actual making of Iowa's history by trying to understand the meaning of its past By providing comprehensive accounts of topics in Iowa history that embrace the broader historiographical issues in American history such as the nature of Progressivism and Populism the debate over women's expanded roles in wartime carried over to postwar periods and the place of quantification in history the essayists contribute substantially to debates at the national level at the same time that they interpret Iowa's distinctive culture Main Street on the Middle Border, By Lewis Atherton Lewis Eldon Atherton, 1966
