Maine Forms Of American Architecture:

Maine Forms of American Architecture, 1976 **A Field Guide to American Houses (Revised)** Virginia Savage McAlester, 2015-11-10 The fully expanded updated and freshly designed second edition of the most comprehensive and widely acclaimed guide to domestic architecture in print since its original publication in 1984 and acknowledged everywhere as the unmatched essential guide to American houses This revised edition includes a section on neighborhoods expanded and completely new categories of house styles with photos and descriptions of each an appendix on Approaches to Construction in the 20th and 21st Centuries an expanded bibliography and 600 new photographs and line drawings **Source Book of American Architecture** George Everard Kidder Smith, 1996 This survey provides a unique overview of 1 000 years of architectural development **Source Book of American Architecture** G.E. Kidder Smith, 2000-09 This comprehensive and insightful illustrated survey of 500 of America s most distinguished buildings provides a unique overview of the thousand year architectural development of the United States It examines our nation s architecture from its earliest days to the present ranging from cliff dwellings in Mesa Verde to Frank Lloyd Wright s Robie House in Chicago to James Ingo Freed s Holocaust Museum in Washington Indispensable in any library it also serves as a general introduction to American architecture or as a splendid guide for tourists **Homelands** Richard L. Nostrand, Lawrence E. Estaville, 2003-05-01 What does it mean to be from somewhere If most people in the United States are from some place else what is an American homeland In answering these questions the contributors to *Homelands A Geography of Culture and Place* across America offer a geographical vision of territory and the formation of discrete communities in the U S today *Homelands* discusses groups such as the Yankees in New England Old Order Amish in Ohio African Americans in the plantation South Navajos in the Southwest Russians in California and several other peoples and places *Homelands* explores the connection of people and place by showing how aspects of several different North American groups found their niche and created a homeland A collection of fifteen essays *Homelands* is an innovative look at geographical concepts in community settings It is also an exploration of the academic work taking place about homelands and their people of how factors such as culture settlement and cartographic concepts come together in American sociology There is much not only to study but also to celebrate about American homelands As the editors state Underlying today s pluralistic society are homelands large and small strong and weak that endure in some way The mosaic of homelands to which people bonded in greater or lesser degrees affirms in a holistic way America s diversity its pluralistic society The authors depict the cultural effects of immigrant settlement The conviction that people need to participate in the life of the homeland to achieve their own self realization within the traditions and comforts of that community *Homelands* gives us a new map of the United States a map drawn with people s lives and the land that is their home **Architecture and Town Planning in Colonial North America** James D. Kornwolf, Georgiana Wallis Kornwolf, 2002 Incorporating more than 3 000 illustrations Kornwolf s work conveys the full range

of the colonial encounter with the continent's geography from the high forms of architecture through formal landscape design and town planning From these pages emerge the fine arts of environmental design an understanding of the political and economic events that helped to determine settlement in North America an appreciation of the various architectural and landscape forms that the settlers created and an awareness of the diversity of the continent's geography and its peoples Considering the humblest buildings along with the mansions of the wealthy and powerful public buildings forts and churches Kornwold captures the true dynamism and diversity of colonial communities their rivalries and frictions their outlooks and attitudes as they extended their hold on the land

Summer by the Seaside Bryant Franklin Tolles, 2008 A sweeping richly illustrated architectural study of the large historic New England coastal resort hotels Historic and Archeological Preservation United States. Federal Highway Administration. Office of Environmental Policy, 1978

The Steeples of Old New England Kirk Shivell, 1998 The church steeple was one of the first art forms to be cultivated in this new land becoming one of early America's principal artistic achievements The backstory of this distinctive art form is a fascinating one The Yankees a homogenous group emerged in New England in the early 18th century Their artistic abilities in design are also prevalent in silverwork and furniture craft however it was in their steeples that they excelled and in which they were best expressed In *The Steeples of Old New England* Kirk Shivell traces both the history of these steeples and the Yankee society that built them including many examples and anecdotes covering the period between 1701 through 1860 This book provides a wealth of information students of history architecture and religion or anyone else interested in reading about or visiting these historical landmarks These magnificent edifices rose up everywhere on the newly settled New England landscape the earliest built only a half century before the American Revolution and the last built right before the Civil War There are over 115 exquisitely beautiful illustrations some full color and others taken from documents of the period A comprehensive directory and bibliography are also included

Vernacular Architecture Henry Glassie, 2000 Based on thirty five years of fieldwork Glassie's *Vernacular Architecture* synthesizes a career of concern with traditional building He articulates the key principles of architectural analysis and then centering his argument in the United States but drawing comparative examples from many locations in Europe and Asia he shows how architecture can be a prime resource for the one who would write a democratic and comprehensive history

Beatrix Farrand Judith B. Tankard, 2022-03-29 The only monograph to chronicle the life and work of one of the most important figures in American landscape architecture Beatrix Farrand the only female founder of the American Society of Landscape Architects is one of the most important landscape architects of the early twentieth century Today the scope of her work and her influence on the profession are widely acknowledged and her gardens are being studied restored and opened to the public A long awaited updated edition of the 2009 definitive monograph *Beatrix Farrand Garden Artist Landscape Architect* chronicles the life and work of one of the most important figures in American landscape architecture Born into a prominent New York family she was Edith Wharton's niece Farrand designed lavish

gardens for the leaders of society including the Harknesses the Rockefellers and the Blisses Ultimately her portfolio extended to college and university campuses including Princeton Yale and the University of Chicago and public gardens the Santa Barbara Botanic Garden and the Rose Garden at the New York Botanical Garden among them Her best known design is the landscape at Dumbarton Oaks in Washington D C originally a private residence with extensive grounds and now a research center for Harvard University surrounded by a naturalistic park restored and maintained by the National Park Service Deeply influenced by the English garden designer Gertrude Jekyll Farrand was known for broad expanses of lawn with deep swaths of borders planted in a subtle palette of foliage and flowers In her public work she adapted this design strategy to create paths and plantings that define the character of the space and the circulation through it Heavily illustrated with archival images and photographs of her gardens at their peak many taken especially for this book Beatrix Farrand Garden Artist Landscape Architect also displays beautiful watercolor wash renderings of her designs now preserved at College of Environmental Design of the University of California at Berkeley The new edition includes updated images that reflect the current state of gardens including the Peggy Rockefeller Rose Garden at the New York Botanical Garden the International House Courtyard at the University of Chicago Garland Farm Farrand's last home and garden which has recently been restored Dumbarton Oaks Dumbarton Oaks Park which was not included in the first edition among others The book concludes with a comprehensive list of Farrand's commissions and the gardens open to the public providing direction for further study and exploration It also features a new preface outlining the milestones in research since the first edition's publication updated details about ownership and renovations of many properties and a revised bibliography including articles and books published over the past ten years Published to coincide with the 150th anniversary of Farrand's birth and written by landscape historian and preservation consultant Judith B Tankard Beatrix Farrand Garden Artist Landscape Architect takes readers on a tour of Farrand's finest works celebrating her influence on succeeding generations of women landscape architects

Paradise Valley, Nevada Howard W. Marshall, 1995 Stonemasons from the Alpine valleys of northwestern Italy shaped the architectural face of Paradise Valley in northern Nevada in the 1860s and 1870s Drawing on their own distinctive skills they constructed the constellation of granite and sandstone buildings that are the region's most visible landmarks Marshall's analysis of this architectural legacy illustrated with 229 photographs and 70 line drawings is not only a valuable resource for scholars in vernacular architecture folklore and cultural geography but also a verbal and visual treat for all who love the American West

The Architecture of Bowdoin College Patricia McGraw Anderson, 1988 **Big House, Little House, Back House, Barn** Thomas C. Hubka, 2022-12-07 A classic work on farm buildings made by nineteenth century New Englanders refreshed with a new introduction Big House Little House Back House Barn portrays the four essential components of the stately and beautiful connected farm buildings made by nineteenth century New Englanders that stand today as a living expression of a rural culture offering insights into the people who made them and their

agricultural way of life A visual delight as well as an engaging tribute to our nineteenth century forebears this book first published nearly forty years ago has become one of the standard works on regional farmsteads in America This new edition features a new preface by the author Maine Forms of American Architecture Maine State American Revolution Bicentennial Commission,1976 **John Calvin Stevens, Domestic Architecture, 1890-1930** John Calvin Stevens, Earle G. Shettleworth (Jr.),1990 **The Bicentennial of the United States of America** American Revolution Bicentennial Administration,1977 **Pietro Belluschi** Meredith L. Clausen,1994 Meredith Clausen reveals the enormous power that Belluschi wielded as an arbiter of taste and decision maker in the 1950s and 1960s his role in shaping the policy of the State Department in its overseas building program and his role in securing major commissions for favored architects such as I M Pei Equally important is Clausen s discussion of Belluschi s role in the development of regionalism in the Pacific Northwest and its impact on the definition of modernism as it was emerging in the United States **Charlevoix** Philippe Dubé, Jacques Blouin,1990 When asked Where is Murray Bay US President Taft always replied Murray Bay is a state of mind For over two hundred years the Charlevoix region has played host to some of the world s most famous and adventurous travellers Considered the Newport of Canada Charlevoix has been a meeting place for rural French Canadians and urban English speaking visitors **Paradise Planned** Robert A.M. Stern, David Fishman, Jacob Tilove,2013-12-03 Paradise Planned is the definitive history of the development of the garden suburb a phenomenon that originated in England in the late eighteenth century was quickly adopted in the United State and northern Europe and gradually proliferated throughout the world These bucolic settings offered an ideal lifestyle typically outside the city but accessible by streetcar train and automobile Today the principles of the garden city movement are once again in play as retrofitting the suburbs has become a central issue in planning Strategies are emerging that reflect the goals of garden suburbs in creating metropolitan communities that embrace both the intensity of the city and the tranquility of nature Paradise Planned is the comprehensive encyclopedic record of this movement a vital contribution to architectural and planning history and an essential recourse for guiding the repair of the American townscape
