Alan Axelrod

Mercenary The:

The Mercenary Christopher Kinsey, 2023 The growing reliance by the US Russia and China on military and security contractors suggests that the mercenary remains a key player in international politics now emerging from the shadows to help expand state influence on the world stage by serving as an important actor in the conduct of conflict and the winning of small wars Formula Vicente Segrelles, 2018 In a lost and long forgotten valley high up in the mountains The Mercenary has been contracted to save a woman from the mysterious and powerful Cult of the Sacred Fire Each volume is complemented with articles at the back about the history and the making of this series over its gloried decades long history

The MERCENARY the Definitive Editions, Vol 4 VICENTE. SEGRELLES, 2018-07 The Mercenary is a warrior with a forgotten past but the rescue of a boy kidnapped by a fanatic sect jolts memories It s a race against time to save the kid before the fanatics annihilate him in their ritual sacrifice Each volume is complemented with articles about the history and the making of this series over its gloried decades long history **How to Become a Mercenary** Barry Davies, 2020-05-19 For anyone who s ever considered a career as a warrior for hire or who just wants to learn more about the lifestyle How to Become a Mercenary is the ultimate guide to all the history training and equipment information you ll ever need Mercenaries who are often trained as part of the best Special Forces including American Delta Force British SAS French Foreign Legion Marines SBS SEALs and many others perform one of the most dangerous and feared jobs in the world Their task is to go into remote locations and remove their targets by any means necessary They are hired hands and have no remorse for their actions Now along with Soldier of Fortune magazine Barry Davies teaches you the training and knowledge that goes into being a mercenary as well as the history of the profession and how it has evolved How to Become a Mercenary will teach you everything you ve ever needed to know about becoming a mercenary and also how to excel at it with information on weapons escape plans and overall safety You will learn Where and how to find work How to understand and apply the most modern tactics What languages to master Which weapons are preferred How to disappear after you ve completed your job It s always been about the money but in this book you will learn all the skills that you must acquire before you take your first job Just remember Article 47 of the Geneva Convention states that a mercenary shall not have the right to be a combatant or a prisoner of war Getting caught is not an option and in this manual you will learn how to avoid that at all costs

Mercenaries Sarah Percy, 2007-10-11 The main aim of this book is to argue that the use of private force by states has been restricted by a norm against mercenary use The book traces the evolution of this norm from mercenaries in medieval Europe through to private security companies in modern day Iraq telling a story about how the mercenaries of yesterday have evolved into those of today in the process The norm against mercenaries has two components First mercenaries are considered to be immoral because they use force outside legitimate authoritative control Second mercenaries are considered to be morally problematic because they fight wars for selfish financial reasons as opposed to fighting for some kind of larger

conception of the common good The book examines four puzzles about mercenary use and argues that they can only be explained by understanding the norm against mercenaries First the book argues that moral disapproval of mercenaries led to the disappearance of independent mercenaries from medieval Europe Second the transition from armies composed of mercenaries to citizen armies in the nineteenth century can only be understood with attention to the norm against mercenaries Third it is impossible to understand why international law regarding mercenaries created in the 1970s and 1980s is so ineffective without understanding the norm Finally the disappearance of companies like Executive Outcomes and Sandline and the development of today's private security industry cannot be understood without the norm This book is a project of the Oxford Leverhulme Programme on the Changing Character of War

Mercenaries in British and American Literature, 1790-1830 Erik Simpson, 2010-05-31 In *Mercenaries in British and American Literature 1790-1830*

Erik Simpson proposes the mercenary as a meeting point of psychological national and ideological issues that connected the severed nations of Britain and America following the American Revolution When writers treat the figure of the mercenary in literary works the general issues of incentive independence and national service become intertwined with two of the well known social developments of the period an increased ability of young people to choose their spouses and the shift from patronage to commercial market based support of authorship While the slave a traditional focus of transatlantic studies troubles the rhetoric of liberty through a lack of autonomy and consent the mercenary raises questions about liberty by embodying its excess Simpson argues that the mercenary of popular imagination takes monstrous advantage of modern freedoms by contracting away the ostensibly natural and foundational bonds of civil society Substan

The Papacy, Frederick II and Communal Devotion in Medieval Italy James M. Powell, edited by Edward Peters, 2024-10-28 Of the twenty five essays in this volume most were published between 1961 and 2013 but four are printed here for the first time They represent the work of a great and original scholar in Mediterranean history whose unflagging interest in Frederick II and his world consistently led him out into broader fields which he always viewed in original ways In an age often called that of papal monarchy and secular minded rulers Powell found popes with complex agendas and extensive pastoral concerns a rather more Christian Frederick II the human personnel and mechanics of the Fifth Crusade the sermons of the devout urban layman Albertanus of Brescia and Muslims under Christian rule His studies here assert a continuity between the pontificates of Innocent III and Honorius III as well as the pragmatic necessity that only secular rulers could launch and direct crusading expeditions His interest in the northern Italian communes relates their devotional culture to the ideals of virtuous government and communal identity The devotional culture of the communes was to be the subject of his next book now unfinished several parts of it could be rescued and are now included here

Mercenaries: A Guide to Private Armies and Private Military Companies Alan Axelrod, 2013-12-27 Mercenaries have been active in battle from the beginning of military history and as private armies and military support firms they are a major component of warfare today Security military

advice training logistics support policing technological expertise intelligence transportation all are outsourced to a greater or lesser degree in the U S military However privatization is not a uniquely American phenomenon Countries as diverse as Saudi Arabia and Australia rely on privatization in one form or another Historically heads of state politicians and other administrators have justified use of mercenaries on the basis of their effectiveness and cost savings These reasons and others continue to serve as rationales for use of private military companies in military strategy Mercenaries A Guide to Private Armies and Private Military Companies provides a comprehensive survey and guide to mercenary forces entrepreneurs and corporations active on the international military scene today including a concise history of mercenaries and private armies on land sea and in the air Narrative chapters are amply supplemented by sidebars including biographies of major figures key statistics historical and current documents contracts and legislation on private armies and outsourced military services Each chapter includes a bibliography of books journal articles and web sites and a general bibliography concludes the entire work

The Legal Regime Applicable to Private Military and Security Company Personnel in Armed Conflicts Mohamad Ghazi Janaby,2016-08-31 This book investigates the modern privatisation of war It specifically focuses on the legal regime regulating private military and security company PMSC personnel in armed conflicts The law regulating PMSC personnel is analysed from two perspectives Firstly can one of the three following legal statuses established by international humanitarian law mercenary combatant or civilian be applied to PMSC personnel Secondly the book employs a context dependent methodology to explore the legal regime regulating PMSC personnel It argues that the legal regime regulating PMSC personnel in armed conflicts depends on who hires them individual states the United Nations non governmental organisations or armed groups This approach represents a departure from previous literature where attention has primarily been paid to the use of PMSCs by states

Greek Mercenaries Matthew Trundle,2004-09-09 Greek Mercenaries is an analysis of the political social and economic aspects of classical Greek mercenary service Law's Impunity Hin-Yan Liu,2015-09-24 When faced with those who act with impunity we seek the protection of law We rely upon the legal system for justice from international human rights law that establishes common standards of protection to international criminal law that spearheads efforts to end impunity for the most heinous atrocities While legal processes are perceived to combat impunity and despite the ready availability of the law accountability often remains elusive What if the law itself enables impunity Law s Impunity asks this question in the context of the modern Private Military Company PMC examining the relationship between law and the concepts of responsibility and impunity This book proposes that ordinary legal processes do not neutralise but rather legalise impunity This radical idea is applied to the abysmal record of human rights violations perpetrated by the modern PMC and the shocking absence of accountability This book demonstrates how the law organises rather than overcomes impunity by detailing how the modern PMC exploits ordinary legal processes to systematically exclude itself from legal responsibility Thus Law s Impunity offers an alternative to conventional thinking about the law providing an innovative approach to assess and refine the rigour of legal processes in the ongoing quest to end impunity **Synonyms Discriminated** Charles John Smith,1889

Mercenary The Introduction

In the digital age, access to information has become easier than ever before. The ability to download Mercenary The has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Mercenary The has opened up a world of possibilities. Downloading Mercenary The provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Mercenary The has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Mercenary The. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Mercenary The. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Mercenary The, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Mercenary The has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it

is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
