Introducing Contemporary Psychodynamic Counselling and Psychotherapy: the Art and Science of the Unconscious Alistair Ross,2019-06-07 Dr Alistair Ross is a University of Oxford academic whose previous work has been described by Ruby Wax as very very smart This new introductory book strikes an easy balance between theory and practice It takes the reader from the field s Freudian roots to its contemporary applications skills and insights Over the last 30 years important new theoretical ideas skills and clinical practices have emerged in counselling and psychotherapy While key Freudian concepts like transference counter transference and the influence of the past on the present remain vital to psychodynamic work research drawn from infant development neuroscience the role of the sacred and intersubjective approaches to relationships has changed the way therapists understand and work with clients Either in its own right or as part of an integrative approach psychodynamic counselling and psychotherapy have an important role to play in developments to come The book s features include A re discovery of the importance and relevance of Freud for present day therapeutic relationships An encounter with the breadth and depth of our understanding about and experience of the unconscious An introduction to research that has evolved after Freud revealing new ways of applying his ideas A contemporary perspective on traditional counselling and psychotherapy skills illustrated by vignettes and personal insights from Alistair Ross s professional practice An encouragement to develop new skills for relating at depth with our clients past

present and future motivated by revealing how life changing therapy can be This book is a must read for trainee and practising psychodynamic or integrative therapists who want an overview of new thinking and practice or might benefit from greater insight into psychodynamic practice applying Freud's theoretical world to improving the lives of real people today It is good to see Alistair a valued student of mine and now an equally valued colleague taking up the torch for psychodynamic counselling and psychotherapy for a new generation He has written a book that collates much of the valuable writing to date and at the same time adds new dimensions that should not be overlooked Michael Jacobs Visiting Professor University of Leeds and Bournemouth University UK **EMDR and the Energy Therapies** Phil Mollon, 2018-03-26 Eye Movement Desensitization and Reprocessing EMDR along with methods from the new field of energy psychology such as the Emotional Freedom Techniques EFT enable the rapid processing and release of traumatic memories and painful emotion In this innovative work Phil Mollon demonstrates how the perspectives of EMDR energy psychology and psychoanalysis can inform and enrich each other By summarising relevant research and providing many clinical examples Mollon has produced a challenging and invigorating scrutiny of psychoanalysis and an expanded vision of the potential for psychosomatic healing

Trauma and Attachment Sarah Benamer, Kate White, 2018-03-26 This monograph contains a rich variety of material that is not usually included in traditional writings on trauma In addition to the theoretical and clinical perspectives poetry and storytelling join in to weave a vivid tapestry of multifaceted approaches to trauma Whilst remaining true to its theoretical base which of course is Bowlby's attachment theory the monograph succeeds in locating its subject matter in wider perspectives thus enabling the reader to appreciate the complexity of contributing factors It is not easy to compile a single publication out of a conference yet this monograph achieves its objective by offering a coherent treatment of trauma that also includes some up to date approaches and innovations The papers are written with authority clarity and sensitivity and will provide the reader with a most beneficial elaboration of trauma from an attachment theory perspective **Into the Darkest Places** Marcus West, 2018-11-13 This book explores the roots of borderline states of mind in early relational trauma and shows how it is possible and necessary to visit the darkest places in order to work through these traumas This is despite the fact that re-experiencing such traumas is unbearable for the patient and they naturally want to enlist the analyst in ensuring that they will never be experienced again This is the backdrop for the extreme pressures and roles that are constellated in the analysis that can lead to impasse or breakdown of the analytic relationship The author explores how these areas can be negotiated safely and that whilst drawing heavily on recent developments in attachment relational trauma and infant development theory an analytic attitude needs to be maintained in order to integrate these experiences and allow the individual to feel finally accepted and whole The book builds on Freud's views of repetition compulsion and re-enactment and develops Jung's concept of the traumatic complex
