Murder In The Map Room:

Murder in the Map Room Freda Bream, 1990-07-01 *Sequels* Janet G. Husband, Jonathan F. Husband, 2009 A guide to series fiction lists popular series identifies novels by character and offers guidance on the order in which to read unnumbered series *Sleuths in Skirts* Frances A. DellaCava, Madeline H. Engel, 2002 This volume is a comprehensive collection of critical essays on *The Taming of the Shrew* and includes extensive discussions of the play's various printed versions and its theatrical productions Aspinall has included only those essays that offer the most influential and controversial arguments surrounding the play The issues discussed include gender authority female autonomy and unruliness courtship and marriage language and speech and performance and theatricality **American Historical Fiction** Lynda G. Adamson, 1998-10-21 This publication will fill a gap in the bibliographic reference shelf by identifying historical novels for both adult and young adult readers I American Historical Fiction R contains over 3 000 titles set in states and historical regions of the United States Entries are organized by time period The newest titles as well as old favorites are covered The volume is indexed by author title genre subject and geographic setting **Mystery Women, Volume Two (Revised)** Colleen Barnett, 2011-12-31 Many bibliographers focus on women who write Lawyer Barnett looks at women who detect at women as sleuths and at the evolving roles of women in professions and in society Excellent for all women's studies programs as well as for the mystery hound Look at the popularity of such reading guides as Willetta Heising's *Detecting Women* 3rd ed 0 9644593 7 X or Amanda Cross fiction Honest Doubt 0 345 44011 0 11 00 **The Washingtons. Volume 5, Part 1** Justin Glenn, 2014-09-05 This is the fifth volume of Dr Justin Glenn's comprehensive history that traces the Presidential line of the Washingtons Volume One began with the immigrant John Washington who settled in Westmoreland Co Va in 1657 married Anne Pope and became the great grandfather of President George Washington It continued the record of their descendants for a total of seven generations Volume Two highlighted notable family members in the next eight generations of John and Anne Washington's descendants including such luminaries as General George S Patton the author Shelby Foote and the actor Lee Marvin Volume Three traced the ancestry of the early Virginia members of this Presidential Branch back in time to the aristocracy and nobility of England and continental Europe Volume Four resumed the family history where Volume One ended and it contained Generation Eight of the immigrant John Washington's descendants Volume Five now presents Generation Nine including more than 10 000 descendants Future volumes will trace generations ten through fifteen making a total of over 63 000 descendants Although structured in a genealogical format for the sake of clarity this is no bare bones genealogy but a true family history with over 1 200 detailed biographical narratives These in turn strive to convey the greatness of the family that produced not only The Father of His Country but many others great and humble who struggled to build that country ADVANCE PRAISE I am convinced that your work will be of wide interest to historians and academics as well as members of the Washington family itself Although the surname Washington is perhaps the best

known in American history and much has been written about the Washington family for well over a century it is surprising that no comprehensive family history has been published Justin M Glenn s *The Washingtons A Family History* finally fills this void for the branch to which General and President George Washington belonged identifying some 63 000 descendants This is truly a family history not a mere tabulation of names and dates providing biographical accounts of many of the descendants of John Washington who settled in Westmoreland County Virginia in 1657 Each individual section is followed by extensive listings of published and manuscript sources supporting the information presented and errors of identification in previous publications are commented upon as appropriate John Frederick Dorman editor of *The Virginia Genealogist* 1957 2006 and author of *Adventurers of Purse and Person* Decades of reviewing Civil War books have left me surprised and delighted when someone applies exhaustive diligence to a topic not readily accessible Dr Glenn surely meets that standard with the meticulous research that unveils the Washington family in gratifying detail many of them Confederates of interest and importance Robert K Krick author of *The Smoothbore Volley that Doomed the Confederacy* and *Stonewall Jackson at Cedar Mountain*

Murder in the Map Room Benny Tolson, The grand halls of Ashcombe Manor have seen their share of secrets but none so deadly as the one discovered in its fabled Map Room When historian Dr Leonard Briggs is found dead slumped across a centuries old chart with a dagger in his back the case seems as baffling as it is brutal Every guest at the manor had reason to want him silenced from rival academics to family members with too much to lose Detective Clara Hensley is called in to untangle the puzzle But the deeper she ventures into the manor s hidden passages and forgotten records the more she realises that the murder is only part of a larger game one that someone has been planning for a very long time As storm clouds gather outside and the suspects close ranks within Clara must solve the riddle etched in the maps before the killer strikes again Atmospheric clever and brimming with intrigue *Murder in the Map Room* is a mystery that proves the past is never really past and some secrets are worth killing for

Time and Trouble Gillian Roberts, 1999-06-15 Seasoned investigator Emma Howe has been in the business so long nothing can surprise her But her new assistant an overeducated single mother named Billie August nearly

manages to amaze her Billie is quick ambitious smart And a lot tougher than she appears That s a good thing because Emma has just taken a case that will rock both of their worlds Sophie Redmond has come to Emma in a desperate search for her teenage daughter whom she fears has joined a bizarre cult In an odd twist of fate Emma and Billie recognize wheelchair bound Mrs Redmond as an insurance scammer they ve been tailing for another client The woman s fake injuries are only one symptom of a family plunge into darkness a legacy one troubled girl wants desperately to escape *The Washington, D.C. of Fiction* James A. Kaser,2006-05-16 Dating back to the early nineteenth century up through America s bicentennial hundreds of novels can be found where the District of Columbia serves as the locale And after the era of Vietnam protests and Watergate everyone the Washington Post noted seemed to be writing a Washington novel While many of these are works of genre fiction in which Washington serves as a backdrop there have also been several insightful literary novels Copies of the post 1976 texts can be fairly easily located however books published before this era are not quite as accessible Furthermore no single source has ever offered a comprehensive listing of works of fiction set in the nation s capitol In *The Washington D C of Fiction* James A Kaser provides detailed synopses for nearly 400 works published between 1822 and 1976 and bibliographic information for hundreds more published in the thirty years since Because of the obscurity of so many authors of pre 1976 books this book also contains a biographical information section which follows the annotations Plot summaries names of major characters and lists of Washington D C settings are also provided Although this book was written to assist researchers in locating works of fiction for analysis the plot summaries have enough detail for the general reader who may never actually look at the novels themselves that he or she can develop an understanding of the way attitudes toward Washington and what the city has symbolized have changed over the years Similarly the biographical section aside from its main purpose in helping find useful information on obscure writers demonstrates the wide range of people who were motivated to write about the city journalists politicians society women and freelance writers
