Miller, 1987-09 **Gunshy** Louise Titchener, 2004 It's 1882 and Oliver Redcastle an ex Pinkerton detective and a former Union Army sharpshooter has inherited a house in Baltimore and a new daughter Oliver dreams of putting his violent past behind him When John D Rockefeller forces him to investigate a railway explosion Oliver finds himself plunged into mayhem once again The plot thickens when a Civil War encampment in the city digs up old betrayals triggers death and breeds a fresh murder plot that Oliver must foil to prevent his future from becoming as bloody as his past **Dead Indian Wars** Clark Casey, 2018-05-29 THERE'S A NEW SHERIFF IN TOWN AND HE'S ARMED TO THE FANGS After fending off an attack by the werewolf pack the saloon is in shambles and half of the dead outlaws have been sent to Hell Nigel the lone vampire takes up the job of sheriff in order to protect the only living boy in Damnation A second vampire with whom Nigel has some history and still bears a grudge comes to town To make matters worse an army of angry Indian warriors arrive and they're not too keen on sharing their spirit world with the soldiers who killed them A sudden scarcity of food and booze spurs the election of a hawkish mayor who controls the vampires with an unlikely source of warm blood Buddy and some ragtag gunslingers are left to defend their territory against an entire nation of dead Indians led by an invincible brave A cast of delightfully distinctive authentically funny outlaws butting heads in a lazy afterlife saloon somewhere between heaven and hell define the setting of Casey's weird western debut Publishers Weekly on Dawn in Damnation Bitingly Funny Vampires.com on Dawn in Damnation **Field and Stream**, 1927

**Gun/Shy** Jim Daniels, 2021-08-31 Poems that seek stability in family and community while coping with a country full of conflict and change The poems in Gun Shy deal with the emotional weight of making do Tinged with both the regrets and wisdom of aging Jim Daniels's poems measure the wages of love in a changing world with its vanishing currency He explores the effects of family work putting children to bed leading parents to their final resting places and what is lost and gained in those exertions Childhood and adolescence are examined through both looking back on his own childhood and on that of his children While his personal death count rises Daniels reflects on his own mortality He finds solace in small miracles his mother stretching the budget to feed five children with hamburger surprise and potato skins his children collecting stones and crabapples as if they were gold coins Daniels as he always has carries the anchor of Detroit with him the weight both a comfort and a burden He explores race white privilege and factory work Eight Mile Road a fraught border pulses with division and the echoes of music singing through Detroit's soiled but solid heart resonate in these poems His first long poem in many years Gun Shy centers the book Through the personas of several characters Daniels dives into America's gun culture and the violent gulf between the fearful and the feared Throughout he seeks connection in likely and unlikely places a river rising after spring rain and searchlights crossing the night sky Comets and cloudy skies Cement ponds and the Garden of Eden Adolescence and death Wounds physical and psychic Disguises and more disguises These are the myths we memorize

to help us sleep at night those that keep us awake and trembling Daniels s accessible language subtlety and deftness make this collection one that belongs on every poetry reader s shelf      Field & Stream ,1989-01 FIELD STREAM America s largest outdoor sports magazine celebrates the outdoor experience with great stories compelling photography and sound advice while honoring the traditions hunters and fishermen have passed down for generations      *Prime-Time Authorship* Douglas Heil,2002-03-01 Designed to inspire the fledgling scriptwriter this book combines analytical essays on the work of three successful television writers with interviews and complete scripts printed in correct professional format The writers Marion Hargrove Maverick The Waltons Joseph Dougherty thirtysomething and Michael Kozoll Hill Street Blues are used as examples of professionals who developed a personal voice and a distinctive style while serving as staff writers for existing prime time television programs Douglas Heil theorizes that students of television scriptwriting need to engage in close study of exemplary and the three full scripts he offers a re useful models of humane and entertaining drama The book is of value not only to aspiring scriptwriters but also to those readers with a general interest in media history      **Reminiscences of Conrad S. Babcock** Robert H. Ferrell,2012-07-22 The son of an army officer Conrad S Babcock graduated from West Point in 1898 just in time for the opening of the Spanish American War Because of his father s position he managed to secure a place in the force that Major General Wesley Merritt led to Manila to secure the city The Philippine Insurrection as Americans described it began shortly after he arrived What Babcock observed in subsequent months and years and details in his memoir was the remarkable transition the U S Army was undergoing From after the Civil War until just before the Spanish War the army amounted to 28 000 men It increased to 125 000 tiny compared with those of the great European nations of France and Germany but the great change in the army came after its arrival in France in the summer of 1918 when the German army compelled the U S to change its nineteenth century tactics Babcock s original manuscript has been shortened by Robert H Ferrell into eight chapters which illustrate the tremendous shift in warfare in the years surrounding the turn of the century The first part of the book describes small actions against Filipinos and such assignments as taking a cavalry troop into the fire destroyed city of San Francisco in 1906 or duty in the vicinity of Yuma in Arizona when border troubles were heating up with brigands and regular troops The remaining chapters beginning in 1918 set out the battles of Soissons July 18 22 and Saint Mihiel September 12 16 and especially the immense battle of the Meuse Argonne September 26 November 11 the largest 1 2 million troops involved and deadliest 26 000 men killed battle in all of American history By the end of his career Babcock was an adroit battle commander and an astute observer of military operations Unlike most other officers around him he showed an ability and willingness to adapt infantry tactics in the face of recently developed technology and weaponry such as the machine gun When he retired in 1937 and began to write his memoirs another world war had begun giving additional context to his observations about the army and combat over the preceding forty years Until now Babcock s account has only been available in the archives of the Hoover Institution but with the help of Ferrell s crisp

Ching which in itself is very preoccupied with time and its impact on the course of human affairs In Time Crimes these very old ideas are presented in a new context The I Ching provides a system of knowledge to help one analyze and understand the pattern of events and changes in life Through the 64 hexagrams the authors constructed a method to aid in unlocking the secrets of the future and determining the surest way to live in harmony with prevailing circumstances The I Ching emphasizes the cyclical nature of events and the principle of synchronicity whereby coincidence becomes more than mere random accident Moon the central character in Time Crimes is an expert in using the I Ching as a source of guidance and wisdom as he grapples with life s challenges and choices It is he says like a stern but compassionate grandfather who dispenses good advice common sense and caution while suggesting ways to deal with problems that emphasize personal integrity and negate confrontation For lovers of self knowledge of wisdom wrote C G Jung the godfather of contemporary humanistic psychology the I Ching seems to be the right book One of my favourite of the many comments in the I Ching about time comes from the first hexagram The Creative When properly understood it says time is no longer a hindrance but the means of making actual what is potential This is a wonderful idea as it presents time as an ally in the pursuit of enlightenment rather than an obstacle Ellery Littleton Victoria B C Autumn 2004
