Kentucky music to national attention *Hidden in the Mix* Diane Pecknold, 2013-07-10 Country music's debt to African American music has long been recognized. Black musicians have helped to shape the styles of many of the most important performers in the country canon. The partnership between Lesley Riddle and A.P. Carter produced much of the Carter Family's repertoire; the street musician Tee Tot Payne taught a young Hank Williams Sr. the guitar playing of Arnold Schultz, influenced western Kentuckians including Bill Monroe and Ike Everly. Yet attention to how these and other African Americans enriched the music played by whites has obscured the achievements of black country music performers and the enjoyment of black listeners. The contributors to *Hidden in the Mix* examine how country music became white, how that fictive racialization has been maintained, and how African American artists and fans have used country music to elaborate their own identities. They investigate topics as diverse as the role of race in shaping old-time record catalogues, the transracial West of the hick hopper Cowboy Troy, and the place of U.S. country music in postcolonial debates about race and resistance. Revealing how music mediates both the ideology and the lived experience of race, *Hidden in the Mix* challenges the status of country music as the white man's blues. Contributors: Michael Awkward, Erika Brady, Barbara Ching, Adam Gussow, Patrick Huber, Charles Hughes, Jeffrey A. Keith, Kip Lornell, Diane Pecknold, David Sanjek, Tony Thomas, Jerry Wever **Traveling the High Way Home** John Wright, 1995 John Wright's collection of interviews and stories about Ralph Stanley puts readers around a campfire at a bluegrass festival while old timers weave yarns far into the night. Told by those who create, produce, stage, love, and virtually live for old-time mountain music, these tales come from the longtime coworkers, sidemen, promoters, friends, and others in the orbit of the music legend. The storytellers include a scholar who knew Stanley from the early days, the housewife who ran the Stanley Brothers Fan Club, and a souvenir seller for whom the discovery of Stanley's music was almost a religious experience. Wright also uses these invaluable oral histories as a foundation to describe and evaluate Stanley's long career with the Clinch Mountain Boys and the development of his music after the death of his brother Carter. An appendix covers Ralph's prolific recording activity through the mid 1990s, including a breathtaking forty-five albums comprising more than 550 songs and tunes **Unlikely Angel** Lydia R. Hamessley, 2020-10-12 Dolly Parton's success as a performer and pop culture phenomenon has overshadowed her achievements as a songwriter. But she sees herself as a songwriter first, and with good reason. Parton's compositions like "I Will Always Love You" and "Jolene" have become American standards with an impact far beyond country music. Lydia R. Hamessley's expert analysis and Parton's characteristically straightforward input inform this comprehensive look at the process, influences, and themes that have shaped the superstar's songwriting artistry. Hamessley reveals how Parton's loving, hard-scrabble childhood in the Smoky Mountains provided the musical language, rhythms, and memories of old-time music that resonate in so many of her songs. Hamessley further provides an understanding of how Parton combines her cultural and musical heritage with an artisan's sense of craft and design to compose eloquent, painfully honest, and gripping songs about women's lives, poverty, heartbreak, inspiration, and love. Filled with insights on hit
