Olive Branch An Evangelical Anglican Doctrine Of The Church:

The Olive Branch Timothy Bradshaw,1992 **A Church for the Twenty-first Century** Robert Hannaford,1998

Anglicanism and the Christian Church Paul Avis,2002-10-01 This is a work of considerable strategic importance for the ecumenical movement and for the Anglican Communion It describes and interprets Anglican understanding of the Christian Church from the Reformation to the present day This book presents the development of Anglican identity and ecclesiology in its historical context focusing particularly on Anglican engagement with the Roman Catholic and Protestant traditions The book also provides substantial accounts of the major Anglican theologians from Richard Hooker to modern writers In this new and expanded edition Paul Avis includes discussions of the influence of evangelical theology and reflects on the integrity of Anglicanism for the future **The Church in Anglican Theology** Kenneth A. Locke,2016-09-17 This book is the first systematic attempt to describe a coherent and comprehensive Anglican understanding of Church Rather than focusing on one school of thought Dr Locke unites under one ecclesiological umbrella the seemingly disparate views that have shaped Anglican reflections on Church He does so by exploring three central historical developments 1 the influence of Protestantism 2 the Anglican defence of episcopacy and 3 the development of the Anglican practice of authority Dr Locke demonstrates how the interaction of these three historical influences laid the foundations of an Anglican understanding of Church that continues to guide and shape Anglican identity He shows how this understanding of Church has shaped recent Anglican ecumenical dialogues with Reformed Lutheran Orthodox and Roman Catholic Churches Drawing on the principle that dialogue with those who are different can lead to greater self understanding and self realization Dr Locke demonstrates that Anglican self identity rests on firmer ecclesiological foundations than is sometimes supposed **The Oxford**

Handbook of Ecclesiology Paul Avis,2018-06-28 The Oxford Handbook of Ecclesiology is a unique scholarly resource for the study of the Christian Church as we find it in the Bible in history and today As the scholarly study of how we understand the Christian Church s identity and mission ecclesiology is at the centre of today s theological research reflection and debate Ecclesiology is the theological driver of the ecumenical movement The main focus of the intense ecumenical engagement and dialogue of the past half century has been ecclesiological and this is the area where the most intractable differences remain to be tackled Ecclesiology investigates the Church s manifold self understanding in relation to a number of areas the origins structures authority doctrine ministry sacraments unity diversity and mission of the Church including its relation to the state and to society and culture The sources of ecclesiological reflection are the Bible interpreted in the light of scholarly research Church history and the wealth of the Christian theological tradition together with the information and insights that emerge from other relevant academic disciplines This Handbook considers the biblical resources historical development and contemporary initiatives in ecclesiology It offers an invaluable and comprehensive guide to understanding the Church

Priesthood in a New Millennium R. David Cox,2004 This important book examines priestly identity as it has evolved

within Anglicanism over the last 15 years including the ways in which the once nearly synonymous terms English and Anglican diverged over the years In the process the author delineates an intellectual and social history of modern Anglicanism **The Routledge Companion to the Christian Church** Gerard Mannion, Lewis S. Mudge, 2007-12-12 Written by an international team of distinguished scholars this comprehensive book introduces students to the fundamental historical systematic moral and ecclesiological aspects of the study of the church as well as serving as a resource for scholars engaging in ecclesiological debates on a wide variety of issues **The Kenotic Trajectory of the Church in Donald MacKinnon's Theology** Timothy G. Connor, 2011-09-29 The book explores those aspects of Donald MacKinnon's theological writings which challenge the claim of the liberal Catholic tradition in the Church of England to have forged an ecclesiological consensus namely that the Church is the extension of the incarnation MacKinnon destabilized this claim by exposing the wide gulf between theory and practice in that church especially in his own Anglo Catholic tradition within it For him the collapse of Christendom is the occasion for a dialectical reconstruction of the relation of the Church to Jesus Christ and to the world on the basis of the gospel His basic claim is that authentic ecclesial existence must correspond with what was revealed and effected by Jesus along his way from Galilee to Jerusalem to Galilee Reflection on the Church thus takes the form of a lived response shaped by a Christocentric grammar of faith the submission of the church to Jesus contemporaneous interrogation a sustained attentiveness to him and the willing embrace of his hour New Perspectives for Evangelical Theology Tom Greggs, 2009-12-04 In this exciting edited collection Tom Greggs challenges us to think afresh about evangelical theology where it is today and where it is headed Bringing together an outstanding group of young theologians to engage critically and constructively with traditional evangelical theology the book seeks to open up the field and encourage good practice in its study New Perspectives in Evangelical Theology addresses some of the major themes within evangelical theology including election the Holy Spirit eschatology and sanctification It examines the Bible and the Church and has chapters on worship and the sacraments The final section investigates the interaction of evangelicalism and society considering politics sex and the body and other faiths such as Judaism and Islam Framed by a foreword from David F Ford and a postscript from Richard B Hays the book is an invaluable collection of new thinking The Future of Anglicanism Robert Hannaford, 1996 Evangelical Theology Michael F. Bird, 2013-10-29 Evangelical Theology is a systematic theology written from the perspective of a biblical scholar Michael F Bird contends that the center unity and boundary of the evangelical faith is the evangel gospel as opposed to things like justification by faith or inerrancy The evangel is the unifying thread in evangelical theology and the theological hermeneutic through which the various loci of theology need to be understood Using the gospel as a theological leitmotif an approach to Christian doctrine that begins with the gospel and sees each loci through the lens of the gospel this text presents an authentically evangelical theology as opposed to an ordinary systematic theology written by an evangelical theologian According to the author theology is the drama of gospelizing performing and living out the gospel

in the theatre of Christian life The text features tables sidebars and questions for discussion The end of every part includes a What to Take Home section that gives students a run down on what they need to know And since reading theology can often be dry and cerebral the author applies his unique sense of humor in occasional Comic Belief sections so that students may enjoy their learning experience through some theological humor added for good measure Like a Mighty Army David W Taylor,2015-02-26 In 1937 prior to the 1948 inauguration of the World Council of Churches Karl Barth challenged the churches to engage in real strict sober genuine theology in order that the unity of the church might be visibly realized At that time The Salvation Army didn't aspire to become formally known as a church even though it was a founding member of the WCC Today it is globally known as a social welfare organization concerned especially to serve the needs of those who find themselves at the margins of society Less well known is that seventy years after Barth's challenge it has made its peace with the view that it is a church denomination Accepting Barth's challenge to the churches and in dialogue with his own ecumenical ecclesiology the concept of the church as an Army is interrogated in service to The Salvation Army's developing understanding of its identity and to the visible unity of God's church **The Politics of the Crucified** John C.

Peet,2021-07-30 Jesus died not peacefully in bed but on the cross the instrument of execution used by the Romans to keep potential disturbers of the established political order in their place Until the pioneering work of Jürgen Moltmann the cross has been the elephant in the room in Christian political theology This book explores the difference Jesus's crucifixion makes or should make to Christian political theology by examining the crucifixion in the theologies of the Mennonite John Howard Yoder and the liberation theologians Leonardo Boff and Jon Sobrino In the light of the cross and of the kenotic God revealed by the cross questions of political power are explored and a kenotic political ethic outlined In conclusion suggestions are made as to how the contemporary church can live out a cruciform or cross shaped political spirituality and ecclesiology

Liquid Church Peter Ward,2013-03-08 A visionary book for the emergent church The church must be like water flexible fluid changeable This book is a vision for how the church can embrace the liquid nature of culture rather than just scrambling to keep afloat while sailing over it Ward urges us to move away from the traditional notion of church as a gathering of people meeting in one place at one time to the dynamic notion of the emergent church as a series of relationships and communications In the Liquid Church membership is determined by participation and involvement Liquid Church is continually on the move flowing in response to the Spirit and the gospel of Jesus the imagination and creativity of its leaders and the choices and experiences of its worshippers In this provocative insightful and challenging book Pete Ward presents his vision of a Liquid Church that addresses the needs of the isolated consumer Christian by providing connection and community located in common cause and similar desire for God **The Message of the Church** Don

Carson,2013-04-23 The Bible begins and ends with God dwelling with his people from Adam and Eve in the garden of Eden to the great multitude in the New Jerusalem in the book of Revelation At each step God gathered his people together to speak to

them hear from them and change them to be more like him God assembling his people whom he loves is what the Bible calls church The church should aspire to be a group of vibrant loving risk everything people who are passionately committed to living out the values of God s Word and looking forward to the new creation Churches and their pastors and leaders need to hear what the Bible says about who they are and what they are to do Chris Green takes the message of the church to mean first that the church has a message which is that God has saved his people through Christ second that the church is the created and saved result of that message and third that the church is a message which is that he has saved broken people like us and by belonging to his people we are trying to respond to him in the ways he requires His stimulating and insightful exposition begins with a survey of the church from eternity to Eden to exodus to exile to eternity and then focuses on various dimensions of the church s life and ministry including its worship unity maturity servants gifts holiness boundaries and future

The European Baptist Federation Keith G. Jones,2009-11-01 A criticism often leveled at Baptists is that they have no theology of ecclesial reality beyond the local In this book Keith Jones describes the history and current reality of the European Baptist Federation EBF which brings together over fifty national Baptist groups in Europe and the Middle East and seeks to demonstrate that there is an ecclesial reality within the organization expressed in its communal life mission activity working on theological education in relationship to other Christian world communions and in its decision making processes The role of the pivotal figure of the General Secretary of the EBF is examined with particular reference to two significant figures The relationship of European Baptists during the cold war era is explored as is the relationship to two key mission agencies from the USA who have done much work in Europe This represents ground breaking work in terms of an examination of how Baptists in Europe work together trans nationally

Don't Fire Your Church Members Jonathan Leeman,2016-01-15 Church membership is not just a status it s an office Leaders shouldn t fire members from the responsibilities given to them by Jesus they should train them When members are trained the church grows in holiness and love discipleship and mission Complacency and nominalism are diminished Jesus gives every church member an office in the church s government to assume final responsibility for guarding the what and the who of the gospel in the church and its ministry Similarly Jesus gives leaders to the church for equipping the members to do this church building and mission accomplishing work In our day the tasks of reinvigorating congregational authority and elder authority must work together The vision of congregationalism pictured in this book offers an integrated view of the Christian life Congregationalism is biblical but biblical congregationalism just might look a little different than you expect It is nothing less than Jesus authorization for living out his kingdom rule among a people on mission

Leadership and Authority Titre Ande,2011-06-01 This book proposes that Christian theology in Africa can have a significant impact if a critical understanding of the socio political situation in contemporary Africa is taken seriously The Christian leadership in post colonial Africa has cloned its understanding and use of authority on the Bula Matari model which issued from the brutality of colonialism and political

absolutism in post colonial Africa This model has caused many problems in churches including dysfunction conflicts division and lack of prophetic ministry The book proposes that Life Community ecclesiology can liberate authority where leadership is a function not a status and apostolic succession belongs to all the people of God This is a superb book on leadership which has implications for all in church leadership beyond the Congo Ande analyzes how church leadership has often mimicked secular models in an unhelpful way He critiques the use of power and privilege and offers an alternative model of life community ecclesiology This is an informative instructive and compelling read Cathy Ross J V Taylor Fellow in Missiology Oxford University Manager Crowther Centre for Mission Education CMS Dr Ande s book is a very important addition to the history of Christianity in the eastern Congo Democratic Republic His careful study of the growth of the Anglican church in Boga and Aru clearly and vividly explores the different dynamics of church growth in these two areas He is sensitive to the differing ways in which Ugandan Anglicanism has provided models for the development of the church in Congo by a study both of the original evangelism from Buganda associated with Apolo Kivebulaya in Boga and the more recent impact of Revivalist Christianity mediated through the West Nile during times of political confusion in both countries The historical material is used with great insight to develop a constructive theology of power and authority in the church and to critique existing structures of clerical and episcopal power Kevin Ward Senior Lecturer Department of Theology and Religious Studies University of Leeds Rt Rev Dr Titre Ande Georges Congolese is currently the Anglican Bishop of the Diocese of Aru Democratic Republic of Congo He is a former principal of the Anglican Theological College ISThA at Bunia and still lectures at the college He has a PhD from the University of Birmingham
