How Kuff,2007-11-01 *Changing History* the original adult version develops in present day from a happenstance meeting of seven international travelers Caught in a sudden snowstorm in the mountains of Tibet they stumble upon a teahouse and seek shelter along with a journeying Buddhist monk and nun During the night the seven travelers tell tales of circumstances and events that drove them to question fundamental aspects of their lives In modern day Chaucerian style each compelling personal dilemma reveals drama and circumstances transcending race and culture A unique philosophy of human affairs

unfolds as the protagonists struggle with war religion politics economics and social cohesion They come to realize that their sagas of personal strife and conflict are interwoven in a web of relationships that span the globe and breach the metaphysical As they grapple to make sense of their changed perceptions of humanity an extraordinary event occurs that facilitates their departure with new purpose and direction
