**Music Video and Transcultural Imaginaries** Kathrin Dreckmann, Christofer Jost, Bastian Schramm, 2025 From their inception music videos have served as an important instrument for depicting collective emotional states cultural affiliations and processes of social change At the beginning of the 21st century the utilization of the music video genre changed with more and more artists using it to address social and political grievances as well as questions of identity Both the decline of music television as a gatekeeper limiting access and participation as well as the rise of social media have contributed significantly to the growth of the critical and subversive but also utopian potential of music videos As a result music videos today offer counter proposals to heteronormativity ableism patriarchalism racism and other forms of oppression that not only reach a wider audience but also reflect a broader diversity of lifestyles interests and motivations than was possible during the MTV era This volume explores transcultural imaginaries in music videos from a variety of angles providing a broad overview of approaches to negotiating the cultural in the music video genre both past and present      **David Bowie** Nick Smart, 2024-11-21 Was Bowie an aloof and unavailable artist or a Starman who descended to bring good news to the masses a chameleon David Bowie *The Collector* teases out the elements which Bowie used to build his success his profound sense of

artifice his ability to tap into the zeitgeist of his times and his gift for gathering ideas and influences from a variety of sources and rearranging them to produce not only new perspectives but also brand new ideas Revealed by the testimony of his closest friends and partners we see Bowie with humour grace and humility a highly focused Bowie borrowing and combining ideas from multiple sources and creating new visions Praise for this book A gripping read and a must for Bowie fans Packed with intricate well researched and little known detail on the multi dimensional swirl around Bowie s creative genius Victoria Broackes co curator of David Bowie is V A There are scores of books about the legend that is David Bowie which investigates his life body and soul but this dives deep into the DNA of a polymath a performer a poet and a prophet whose story captivated generations and will continue to enchant for those yet to come Robin Morgan Media Director      **Blackstar Theory** Leah Kardos,2021-12-16 Blackstar Theory takes a close look at David Bowie s ambitious last works his surprise comeback project The Next Day 2013 the off Broadway musical Lazarus 2015 and the album that preceded the artist s death in 2016 by two days Blackstar The book explores the swirl of themes that orbit and entangle these projects from a starting point in musical analysis and features new interviews with key collaborators from the period producer Tony Visconti graphic designer Jonathan Barnbrook musical director Henry Hey saxophonist Donny McCaslin and assistant sound engineer Erin Tonkon These works tackle the biggest of ideas identity creativity chaos transience and immortality They enact a process of individuation for the Bowie meta persona and invite us to consider what happens when a star dies In our universe dying stars do not disappear they transform into new stellar objects remnants and gravitational forces The radical potential of the Blackstar is demonstrated in the rock star supernova that creates a singularity resulting in cultural iconicity It is how a man approaching his own death can create art that illuminates the immortal potential of all matter in the known universe

**David Bowie All the Songs** Benoît Clerc,2022-04-05 Album by album and track by track this first of its kind catalog of David Bowie s entire 50 year and 27 album career tells the story of one of rock s all time greatest artists A lovingly thorough dissection of every album and every track ever released by David Bowie over the span of his nearly 50 year career David Bowie All the Songs follows the musician from his self titled debut album released in 1967 all the way through Blackstar his final album Delving deep into Bowie s past and featuring new commentary and archival interviews with a wide range of models actors musicians producers and recording executives who all worked with and knew the so called Thin White Duke David Bowie All the Songs charts the musician s course from a young upstart in 1960s London to a musical behemoth who collaborated with everyone from Queen Latifah and Bing Crosby to Mick Jagger and Arcade Fire This one of a kind book draws upon years of research in order to recount how each song was written composed and recorded down to the instruments used and the people who played them Featuring hundreds of vivid photographs that celebrate one of music s most visually arresting performers David Bowie All the Songs is a must have book for any true fan of classic rock      **The Minds Behind PlayStation 2 Games** Patrick Hickey, Jr.,2023-02-09 Featuring interviews with the creators of 37 popular

video games including SOCOM Shadow of the Colossus Tekken Tag Tournament and Sly Cooper this book gives a behind the scenes look at the creation of some of the most influential and iconic and sometimes forgotten games of the original PlayStation 2 era Recounting endless hours of painstaking development the challenges of working with mega publishers and the uncertainties of public reception the interviewees reveal the creative processes that produced some of gaming's classic titles

***The Dreamcast Encyclopedia*** Chris Scullion, 2023-11-30 The newest installment in Chris Scullion's video game encyclopedias The Dreamcast Encyclopedia is the fifth book in Scottish author and games journalist Chris Scullion's critically acclaimed series of video game encyclopedias The Sega Dreamcast is fondly remembered by players as a games console that was ahead of its time almost to a fault Its incredible graphics offered a level of detail that hadn't been seen on home systems to that point and its built-in modem brought online multiplayer to many console players for the first time ever Ultimately though the release of the PS2 and later the GameCube and Xbox led to struggling sales and Sega would eventually pull the plug on the Dreamcast just two years into its life bowing out of the console manufacturing business altogether On paper the Dreamcast was a commercial failure but those who owned one remember it so fondly that for many it remains one of the greatest games consoles of all time with a small but well-formed library of high quality games This book contains every one of those games including not only the entire western library of around 270 titles but also the 340 or so games that were exclusively released in Japan With over 600 games covered in total screenshots for every title and a light-hearted writing style designed for an entertaining read The Dreamcast Encyclopedia is the definitive guide to one of the most underrated gaming systems of all time

**Adventure Games** Aaron A. Reed, John Murray, Anastasia Salter, 2020-02-20 The genre of adventure games is frequently overlooked Lacking the constantly evolving graphics and graphic violence of their counterparts in first person and third person shooters or role playing games they are often marketed to and beloved by players outside of mainstream game communities While often forgotten by both the industry and academia adventure games have had and continue to have a surprisingly wide influence on contemporary games in categories including walking simulators hidden object games visual novels and bestselling titles from companies like Telltale and Campo Santo In this examination of heirs to the genre's legacy the authors examine the genre from multiple perspectives connecting technical analysis with critical commentary and social context This will be the first book to consider this important genre from a comprehensive and transdisciplinary perspective Drawing upon methods from platform studies software studies media studies and literary studies they reveal the genre's ludic and narrative origins and patterns where character and the player's embodiment of a character is essential to the experience of play and the choices within a game A deep structural analysis of adventure games also uncovers an unsteady balance between sometimes contradictory elements of story exploration and puzzles with different games and creators employing a multitude of different solutions to resolving this tension

David Bowie , **David Bowie: The Music and The Changes** David Buckley, 2015-05-11 David Bowie The Music and The

**The Words and Music of David Bowie** James E. Perone, 2007-06-30 All Music Guide's Stephen Thomas Erlewine has written Even when he was out of fashion in the 80s and 90s it was clear that Bowie was one of the most influential musicians in rock for better or worse In this comprehensive analysis of David Bowie's career author James Perone examines the many identities and styles Bowie has developed over the years and in so doing provides a stunning chronicle of creativity at work Born David Jones in a London suburb in 1947 David Bowie changed his name in the late 60s to avoid confusion with the singer David Jones of The Monkees This name change would turn out to be a highly prescient act for in incorporating an exceptionally wide variety of styles Bowie would become the most notorious chameleon of the rock era Due in large part to his early success in the glam rock subgenre and his claims of homosexuality dismissed by many writers as a ploy to generate public interest and record sales Bowie raised serious issues about sexual orientation in rock music regardless of whether or not his claimed homosexuality was genuine or part of his on stage character His regular use of theatrical personae also raises interesting issues concerning authenticity and the perception of authenticity in rock music Although Bowie has been primarily an album artist his recordings of Fame Golden Years Let's Dance China Girl Blue Jean and Dancing in the Streets all made it into the Billboard top 10 singles charts Of these all but one was written or co written by Bowie Even more notable are the songs he wrote and recorded that have made an impact far in excess of their chart standing These include Space Oddity Rebel Rebel Changes Modern Love and Young Americans From his early 1970s albums like Hunky Dory and The Rise Fall of Ziggy Stardust and the Spiders from Mars in both of which he assumed the character of the fictional androgynous Stardust to Diamond Dogs Heroes Tin Machine and Black Tie White Noise Bowie's albums generated both significant word of mouth interest and some of the most contentious critical reactions of any artist of the rock era This long overdue investigation lets Bowie's artistry speak for itself After a biographical introduction chronologically arranged chapters discuss the singer's fascinating and iconoclastic body of work A discography and annotated bibliography conclude the book

**The World of Games: Technologies for Experimenting, Thinking, Learning** Daria Bylieva, Alfred

Nordmann,2023-11-23 This book reflects the various dimensions of play It gathers together experience with role play tabletop and online games and develops and assesses tools It also reflects the human condition in this world of games as it becomes a digital world We are living in a World of Games where every game is a world through which we learn about the world A World of Games is fun and engaging but it also provides deceptive pleasures What may seem like fun is far from harmless And then there are the many ways of learning in the mode of play *Running and Clicking* Sabine

Schenk,2013-10-29 *Running and Clicking* examines how Future Narratives push against the confines of their medium Studying Future Narratives in movies interactive films and other electronic media that allow for nodes this volume demonstrates how the dividing line between film and game is progressively dissolved Focused on traditional mass media transitional media and new media it also touches on transmedial storytelling and virtual reality and offers a discussion of the political power of the imaginary and the twilight of Future Narratives in the post human hegemony of the simulated real
