rapidly declining segment of the population and fails to reach the growing ranks of the never churchd Stuart Murray has provided a much needed contribution to the study and practice of church planting by addressing the basic questions Why plant Churches Where When What Who and What Next In addressing each of these fundamental questions he both surveys a wide terrain and digs deeply drawing from his long experience with a wide variety of traditions He also writes as a practitioner and not just a theoretician This is not a step by step how to book that you can read and set aside but a reference book that church planters will want to turn to on a regular basis Eddie Gibbs professor of Church Growth at Fuller Theological Seminary and co author of Emerging Churches Creating Christian Community in Postmodern Cultures Murray provides the scaffolding church leaders need to extend an effective and incarnational witness to the reign of God This book is a must read for all students and practitioners of church planting Missional leaders who long to see the church become a nesting place for all will find good guidance for aligning the work of the church with the inbreaking of God s kingdom David Boshart lead pastor at West Union Mennonite Church and mission strategist [Click here to read a press release about the book](#) [Click here to read an interview with author Stuart Murray](#) [Click here to read the foreword by Rev Anne Wilkinson Hayes North West Metro Baptist Union of Victoria Australia](#) Free downloadable study guide available here *Breaking the Mold* William C.
