Omphale's Wheel Signed:

Memoirs of a Piano Kyra Petrovskaya Wayne, 2007-09-04 MEMOIRS OF A PIANO is a whimsical chronicle of the vicissitudes of fortune of a French piano during more than a century of historical upheavals. In its own voice Piano regales us with many stories thus joining some of its famous predecessors such as Voltaire's bed or Jonathan Swift's tub or even Gogol's nose and Kafka's cockroach who all talked. And what stories piano tells. It tells us how it had almost ended up on the barricades during the French Commune. It describes Franz Liszt who had used it at a concert. It meets young prodigy Claude Debussy and travels with him to Russia where it becomes a house piano of the wealthy patroness of Tchaikovsky. Fate interferes with piano's happy collaboration with Debussy sending the young man back to France to become eventually world famous composer and the founder of the Impressionism while piano becomes a witness to the mutiny on the battleship Potemkin on the Black Sea in 1905. Piano's adventures continue with the dramatic escape from the Red Revolution aboard the yacht Renaissance belonging to a Russian Count. Safe in Turkey the Count sells the yacht along with the piano to an eccentric American millionaire who renames the boat and sails her among the Greek Islands buying antiquities. The yacht and the piano barely survive vicious Atlantic storms on their way to New Orleans where the ruined piano is discarded and abandoned on the beach. It is rescued by a group of black musicians who repair it and move it to a club where it has to learn the new music Jazz. The saga of the French piano continues in America eventually leading to piano's vainglorious participation in the cruelest sport of the Great Depression Marathon Dancing. The piano survives it all. Finally when it ends up among the props at the MGM Movie Studio and is sold at the famous MGM auction in 1970 piano is an old and wise instrument which views its history with a touch of nostalgia. It still wants to serve Apollo the god of light and music but it has a secret desire to work with young musicians on the threshold of their fame as it did once with Debussy at the start of his life. And at last the great piano's desire is fulfilled. **The College of the City of New York ... Public Organ Recitals**, 1918

A New Dictionary of Music Arthur Jacobs, 2017-07-28 What is a fugue? What is the difference between a saxophone and a saxhorn? Who besides Puccini wrote an opera called La Bohème? In what year was the National Broadcasting Company Orchestra formed under Arturo Toscanini's direction? These and thousands of similar questions are answered in this comprehensive dictionary that remains unrivaled as a single volume summary. *A New Dictionary of Music* is a basic reference work for anyone interested in music whether performer or layman. It covers orchestral, solo, choral, and chamber music, opera, and in its musical aspects, the ballet. There are entries for composers with biographies and details of compositions, works well known by their titles such as operas and symphonic poems, orchestras, performers, and conductors of importance today, musical instruments including those of the dance and brass bands, and technical terms. English names and terms are used whenever possible but foreign terms in general use are cross-referenced. Particular importance has been attached to bringing the reader abreast of new musical developments. The composers and musical works chosen were those most likely to be

encountered Where an opera is given an entry a brief explanation of the title follows Similarly explication is provided for other works bearing literary or otherwise allusive titles Among performers and conductors only the following are included those who although dead continue to be prominent through recorded performances e g Gigli the highest ranking international artists of today plus a very few apparently on the verge of attaining that rank and a few who though not necessarily at the very head of their profession are closely associated with composers in bringing out new works or are conductors in charge of important orchestras The Independent Leonard Bacon, Joseph Parrish Thompson, Richard Salter Storrs, Joshua Leavitt, Henry Ward Beecher, Theodore Tilton, Henry Chandler Bowen, William Hayes Ward, Hamilton Holt, Fabian Franklin, Harold de Wolf Fuller, Christian Archibald Herter, 1906 **Programme** Boston Symphony Orchestra, 1894

Stories of Symphonic Music Lawrence Gilman, 1907 Europe - What's in a Name Peter H. Gommers, 2001 Europe is a word that is almost daily on our lips But how far do we have to go back in order to find the origins of its name The first part of this beautifully illustrated book traces the geographical and mythological basis of Europe's name Who came up with the idea to distinguish the world in continents with proper names The search will bring the reader back to the early history of mankind How did the ancient Egyptians see the world and populations around them Where did the Hebrews get the idea to split the world in three And what was the world picture in ancient Greece laid down in geographic treatises and fragments Where did the name Europe originate from Could it be from a person either mortal or divine In ancient Greek literature the name Europa appears quite frequently for Greek goddesses and Greek women Strangely enough the best known Europa myth concerns a Phoenician princess loved by the Greek god Zeus Many mythographs doubt the Asian descent of the Phoenician Europa Is her real origin to be located on mainland Greece How can the contradicting Greek myths be interpreted and was the name universally accepted as the name for the continent In the second part of this book the author tells the amazing story of how the Arts have treated the Europa myths for almost three millennia He shows the extraordinary influence of the personification of the geographic continent Europe on literature music sculpture painting tapestry and other applied arts All this clearly demonstrates the vivid interest in Europe for the subject throughout the ages and illustrates according to Karel van Miert in his Foreword our common European culture *Herakles* Emma

Stafford, 2013-06-17 There is more material available on Herakles than any other Greek god or hero His story has many more episodes than those of other heroes concerning his life and death as well as his battles with myriad monsters and other opponents In literature he appears in our earliest Greek epic and lyric poetry is reinvented for the tragic and comic stage and later finds his way into such unlikely areas as philosophical writing and love poetry In art his exploits are amongst the earliest identifiable mythological scenes and his easily recognisable figure with lionskin and club was a familiar sight throughout antiquity in sculpture vase painting and other media He was held up as an ancestor and role model for both Greek and Roman rulers and widely worshipped as a god his unusual status as a hero god being reinforced by the story of his

apotheosis Often referred to by his Roman name Hercules he has continued to fascinate writers and artists right up to the present day In Herakles Emma Stafford has successfully tackled the Herculean task of surveying both the ancient sources and the extensive modern scholarship in order to present a hugely accessible account of this important mythical figure Covering both Greek and Roman material the book highlights areas of consensus and dissent indicating avenues for further study on both details and broader issues Easy to read Herakles is perfectly suited to students of classics and related disciplines and of interest to anyone looking for an insight into ancient Greece s most popular hero

The Standard Concert Guide George Putnam Upton,1908 Music Stories for Girls and Boys Donzella Cross Boyle,1926 **Books and Pamphlets, Including Serials and Contributions to Periodicals** Library of Congress. Copyright Office,1968 Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office,1968 **Catalogue of Title-entries of Books and Other Articles Entered in the Office of the Librarian of Congress, at Washington, Under the Copyright Law ...**

Wherein the Copyright Has Been Completed by the Deposit of Two Copies in the Office Library of Congress. Copyright Office,1907 *The Idea of Perfection* Paul Valéry,2020-04-14 A fresh look into the monumental work of Paul Valéry one of the major French literary figures of the twentieth century Heir to Mallarmé and the symbolists godfather to the modernists Paul Valéry was a poet with thousands of readers and few followers great resonance and little echo Along with Rilke and Eliot he stands as a bridge between the tradition of the nineteenth century and the novelty of the twentieth His reputation as a poet rests on three slim volumes published in a span of only ten years Yet these poems it turns out are inseparable from another much vaster intellectual and artistic enterprise the Notebooks Behind the published works behind the uneventful life of the almost forgotten and then exceedingly famous poet there hides another story a private life of the mind that has its record in 28 000 pages of notes revealed in their entirety only after his death Their existence had been hinted at evoked in rumors and literary asides but once made public it took years for their significance to be fully appreciated It turned out that the prose fragments published in Valéry s lifetime were not the after the fact musings of an accomplished poet nor his occasional sketchbook nor excerpts from his private journal They were a disfigured glimpse of a vast and fragmentary exercise of thought a restless intellectual quest as unguided and yet as persistent as rigorous and as uncontainable as the sea that is so often their subject *The Idea of Perfection* shows both sides of Valéry the craftsman of sublimely refined verse and the fervent investigator of the limits of human intellect and expression It intersperses his three essential poetic works *Album of Early Verse* *The Young Fate* and *Charms* with incisive selections from the Notebooks and finishes with the prose poem *The Angel* Masterfully translated by Nathaniel Rudavsky Brody with careful attention to form and a natural yet metrical contemporary poetic voice *The Idea of Perfection* breathes new life into poems that are among the most beautiful in the French language and the most influential of the twentieth century **The Bay State Monthly** ,1910
