*On Contemporary Bibliography* Donald Clifford Gallup, 1970      *On Contemporary Bibliography* Donald Gallup, 1974

*Language, Sexuality, and Ideology in Ezra Pound's Cantos* Jean-Michel Rabaté, Jean-Michel Rabaté, 1986-01-01 Ezra Pound's *Cantos* remains among the most influential and difficult of twentieth century poetic writings. But now for the first time Rabaté's powerful and original study presents a theory of reading adequate to the challenge of Pound's writing. Using elements from Lacanian psychoanalysis and Heidegger's powerful meditation of poetry and language, this book constructs a theory of reading which both gives full force to the strategies of writing deployed in the *Cantos* and to the historical and political situations to which those strategies are a response. This study provides a fresh reading of the familiar Pound canon: Homer, Dante, Ovid, but also of the less well-known Ruskin, Browning, Frobenius. Pound's practice of quotation is understood in the context of a new poetic discourse characterized by parapraxis, ellipsis, condensation, and autonomous voices which refer the division of the speaking subject back to an omniform intellect capable of taking on any new personality at will. Crucial to an understanding of Pound's situation is the relationship between Chinese and Greek culture, an analysis of which allows Rabaté to elaborate the tragic dimension in Pound's life and works. This book also parallels and contrasts Pound with his major contemporaries such as Eliot and Joyce, and with his immediate heirs like William Carlos Williams, H. D., Zukofsky, and Olson.

**ABHB Annual Bibliography of the History of the Printed Book and Libraries** Hendrik D.L. Vervliet, 2013-11-11. The history of printing books and libraries is confined only to a limited extent within the boundaries of individual countries. There are indeed few historical developments which have played a more universal role in reaction against all kinds of particularism than type design, printing, book production, publishing, illustration, binding, librarianship, journal-ism, and related subjects. Their history should be assessed and studied primarily in an international, not in a local context. The bibliographical resources, however, which the historian of these subjects has at his disposal, correspond hardly at all to the essentially international character of the object of his studies. Since the appearance of the retrospective bibliography of BIG-MORE and WYMAN covering the subject comprehensively up to 1880, the only current bibliography has been the *Internationale Bibliographie des Buchs und Bibliothekswesens*. Covering a representative part of newly published literature, it appeared from 1928 but did not survive the Second World War. More recently, several useful but limited bibliographies have appeared.

Let the Wind Speak Carol Shloss, 2023-02-21. Carol Loeb Shloss creates a compelling portrait of a complex relationship of a daughter and her literary giant father, Ezra Pound, and Mary de Rachewiltz, Pound's

child by his long time mistress the violinist Olga Rudge Brought into the world in secret and hidden in the Italian Alps at birth Mary was raised by German peasant farmers had Italian identity papers a German speaking upbringing Austrian loyalties common to the area and perforce a fascist education For years de Rachewiltz had no idea that Pound and Rudge the benefactors who would sporadically appear were her father and mother Gradually the truth of her parentage was revealed and with it the knowledge that Dorothy Shakespear and not Olga was Pound s actual wife Dorothy in turn kept her own secrets while Pound signed the birth certificate of her son Omar and claimed legal paternity he was not the boy s biological father Two lies established at the birth of these children created a dynamic antagonism that lasted for generations Pound maneuvered through it until he was arrested for treason after World War II and shipped back from Italy to the United States where he was institutionalized rather than imprisoned As an adult de Rachewiltz took on the task of claiming a contested heritage and securing her father s literary legacy in the face of a legal system that failed to recognize her legitimacy Born on different continents separated by nationality related by natural birth and torn apart by conflict between Italy and America Mary and Ezra Pound found a way to live out their deep and abiding love for one another Let the Wind Speak is both a history of modern writers who were forced to negotiate allegiances to one another and to their adopted countries in a time of mortal conflict and the story of Mary de Rachewiltz s navigation through issues of personal identity amid the shifting politics of western nations in peace and war It is a masterful biography that asks us to consider cultures of secrecy frayed allegiances and the boundaries that define nations families and politics
