On Growing Older:

On Growing Older Eugene C. Bianchi, 2011-08-17 How can you as a unique individual grow older in creative life enhancing ways In *On Growing Older* Eugene Bianchi provides a psycho spiritual guidebook toward wisdom for every man and woman who wishes to age with purpose and grace In twenty four reflections he explores such crucial issues encountered by every individual in the aging process as transforming work remembering ourselves developing respect opening to creativity living truthfully making friends enemies letting go peacemaking elders reclaiming nature dealing with loneliness suffering loving hoping forgiving cultivating joy and being religious Each chapter concludes with practical techniques imagery and suggestions to help the reader meditate on and personalize the themes discussed Artist Lee Lawson s illustrations set a contemplative tone and focus throughout this wise and helpful book **Let Us Share** Lou Dunn Diekemper, 2007 From the vantage point of seventy eight years Lou Dunn Diekemper explores the challenges and rewards of growing older by analyzing changing customs her own shifts in attitude and possibilities the future holds Growing Older Without Growing Old Peter Abbey, 2006-02 This book is about how to grow older without growing old If you are fortunate and do not die early by accident or disease you will become elderly in this century a period which will produce more older people and centenarians than any other time in history To get older is one task to make old age valuable is another This book assumes you have had or will want to have a long life and more importantly you have the desire to find significance and value in being older This book is meant to help you but it may not It depends of course on you That is why the book is also called *The Art of Ageing* This book offers you various proposals for ageing well written by contemporary international authors who also suggest a variety of views about how to age artfully An old age in need of self improvement is unenviable *On Old Age* Cicero Good old man Give me your hand and let me your fortunes understand As You Like It William Shakespeare Andorra ranks first among nations in life expectancy 83 years versus 77 1 in the USA and 37 2 in Zambia Geography About com Centenarians are a diverse group according to The New England Centenarian Study Some are teetotalers Others manage to reach extreme old age despite heavy drinking and smoking deadly behaviors for most people One feature common to most centenarians is that stress does not bother them CNN com Profits from the sale of this book will go to international charities that assist the elderly **On Growing Older** President's Council on Aging (Estados Unidos), 1964 Life Gets Better Wendy Lustbader, 2011-08-18 The acclaimed author of *What s Worth Knowing* reveals the truth about aging Old age often offers a richer better and more self assured life than youth From our earliest lives we are told that our youth will be the best time of our lives that the energy and vitality of youth are the most important qualities a person can possess and that everything that comes after will be a sad decline But in reality says Wendy Lustbader youth is not the golden era it is often made out to be For many it is a time riddled with anxiety angst confusion and the torture of uncertainty Conversely the media often feeds us a vision of growing older as a journey of defeat and diminishment They are dead wrong As Lustbader counters

Life gets better as we get older on all levels except the physical Life Gets Better is not a precious or whimsical tome on the quirky wisdom of the elderly Lustbader who has worked for several decades as a social worker specializing in aging issues conducted firsthand research with aging and elderly people in all walks of life and she found that they overwhelmingly spoke of the mental and emotional richness they have drawn from aging Lustbader discovered that rather than experiencing a decline from youth aging people were happier more courageous and more interested in being true to their inner selves than were young people Life Gets Better examines through first person stories as well as Lustbader's own observations how a lifetime of lessons learned can yield one of the most personally and emotionally fruitful periods of anyone's life As an eighty six year old who contributed her story to the book noted For me being old is the reward for outlasting all the big and little problems that happen to all of us along life's pathway The collected stories in Life Gets Better provide a hopeful corrective to the fear of aging aggressively instilled in us by the media Don't dread the future The best years of our lives just may be ahead
