**Building Your Life on the principles of God: The Solid foundation** Anthony Bright Atwam, 2014 Lord please continue to have mercy on humanity You have made provisions for everything we need in this world and the world to come Yet many people although desire good life are suffering some are confused others are desperate families are broken down our nation is struggling to cope many people are lost in spiritual matters and sin In this book the author s main argument is that God in his unfailing love for humanity has already provided what people are frantically seeking in life What people need to do is to turn to the Holy Scriptures for guidance This book can be of such help You see when life is calm our foundations don t seem to matter But when crisis come our foundations are tested In this book the author also argues that it is a waste of time and effort for people to build their lives on a faulty foundation Jesus describes God s principles as a solid foundation for people to build their lives on We are strangers in this world therefore we need someone who knows the journey of life to guide us God is the creator of this world and He alone knows the in and out of this world His principles provide guidance for a perfect life The attempts by some groups of people to suppress the knowledge of God in the society have not been very helpful in many ways although they could not succeed For example these people could not provide the society with any viable alternative guiding principles on how people should live their lives This has led many people to turn to wrong sources for guidance sometimes with very little success or no success at all leading to a life of despair hopelessness and failure Because of this suppression of God s word there seems to be famine in our society famine of truth famine of the word of God There is also darkness in our society many people are confused and some do not know what to do with their lives But the word of God is light its gives understanding it gives hope it provides guidance on spiritual matters the salvation of the human soul and solutions to all our problems Sometimes life is easier and beautiful if you know what to do in any situation you find yourself Many people desire a good family life peace joy hope self discipline strength encouragement a connection with a higher being that transcends human existence and meaning to life in their spiritual quest As you read this book know that I am praying for you for all these blessings in Jesus name amen Anthony Bright Atwam According to scripture the church is the salt and the light of this world But the church seems to have locked the resources God has given her to be given to the world in the room and has put the keys in her pocket while the world is suffering One of the things the church needs to do is to start to unpack and release the resources God has given her to meet the needs of postmodern spiritual quest Anthony Bright Atwam

particular This insight enables him to decode our current scripts of image As we live in an increasingly visual culture we are constantly confronted with images that seem to exist without a deeper identity or reality but did this referential character really get lost over time Smalbrugge first explores the roots of the modern image by analysing imagery what it represents and its moral state within the framework of Platonic philosophy He then moves to the Augustinian heritage in particular the Soliloquies the Confessions and the Trinity where he finds valuable insights into images and memory He explores within the trinitarian framework the crossroads of a theology of grace and a theology based on Neoplatonic views Smalbrugge ultimately answers two questions what happened to the referential character of the image and can it be recovered

Ethics and the Good Life Brad Art,1993 This work offers an introduction to ethical theory by discussing morality in terms of living the best life With humour and a jargon free style the author examines the methods and central moral questions of philosophy Readers become involved in genuine philosophical arguments through a dialogue format that includes a series of conversations with resurrected philosophers In these conversations readers critically evaluate moral theories as the philosophers articulate their positions

Rousseau, Nature, and the Problem of the Good Life Laurence D. Cooper,2021-12 The rise of modern science created a crisis for Western moral and political philosophy which had theretofore relied either on Christian theology or Aristotelian natural teleology as guarantors of an objective standard for the good life This book examines Rousseau's effort to show how and why despite this challenge from science which he himself intensified by equating our subhuman origins with our natural state nature can remain a standard for human behavior While recognizing an original goodness in human being in the state of nature Rousseau knew this to be too low a standard and promoted the idea of the natural man living in the state of society notably in Emile Laurence Cooper shows how for Rousseau conscience understood as the love of order functions as the agent whereby simple savage sentiment is sublimated into a more refined civilized naturalness to which all people can aspire
