White,2017-09-18 This book explores the steady decline in the status of the individual in recent years and addresses common misunderstandings about the concept of individuality Drawing from psychology neuroscience technology economics philosophy politics and law White explains how and why the individual has been devalued in the eyes of scholars government leaders and the public He notes that developments in science have led to doubts about our cognitive competence while assumptions made in the humanities have

led to questions about our moral competence In this book White goes on to argue that both of these views are mistaken and that they stem from overly simplistic ideas about how individuals make choices however imperfectly in their interests which are multifaceted and complex In response he proposes a new way to look at individuals that preserves their essential autonomy while emphasizing their responsibility to others inspired by the moral philosophy of Immanuel Kant and the legal and political philosophy reflected in the Bill of Rights to the U S Constitution This book explains how individuality combines both rights and responsibilities reconciles the popular yet false dichotomy between individual and society and provides the basis for a humane and respectful civil society and government This book is part of White s trilogy on the individual and society which includes *The Manipulation of Choice* and *The Illusion of Well Being*

**Comfort** Ilia Kavaja, 2016-03-30

Today more than ever before in human history, the dependency for comfort along with the indispensable necessity of moral, emotional, and spiritual encouragement is in conflict with the iniquitous disposition of this present-day society. The spirit of this world continues to resist and debilitate the divinely instilled organic appetite that is part of human original nature, personality, and character. Even though the surrounding world tries to convince us as if we are unlovable, worthless, and unforgivable, this volume will inspire our sensibleness so as to persist with the needed confidence for finding or seeing the respectable extent of our own worth on the supreme pedestal of God's given image and moral strength. We are exquisitely designed and divinely designated to remain everlastingly precious in love, goodness, and reassurance. Even though our own heart tends to discourage and condemn us, this comforting volume will empower our vision to discern the true meaning and purpose of human existence by authenticating the greatness of our value with eternity in view. The structure of human nature, character, and personality would not be reliable pertaining to fundamental moral strength, lasting comfort, and true happiness unless there exists a supreme purpose to appreciate the reason of holding on to such an objective. In actual fact, without this perpetual purpose along with love, faith, and hope that galvanize our mind, heart, and soul, there would not dwell the needed optimism for the author to initiate such painstaking descriptive work with the view to put in paper the proceeding five volumes of Authenticity, Comfort, Love, Perception, and Dedication.
