On Poltergeists:

Poltergeists Hal Marcovitz, 2009-08 Doors fly open by themselves dishes fall from shelves stones fall from the sky these are obvious signs that a poltergeist may be near For centuries these mischievous and often malevolent spirits have terrorized people who often find no protection from their evil This book provides a history of poltergeist hauntings highlights some well known cases and examines what may truly be behind this dark and eerie paranormal phenomenon The Poltergeist Roll, William G., 2004-03 One bit a woman leaving puncture wounds all over her body Another attacked the contents of a warehouse full of glasses and mugs Yet another lifted furniture into the air then sent objects flying in another house These are some of the strange and sometimes terrifying cases collected by poltergeist investigator William Roll A parapsychologist Roll studies these noisy ghosts to understand what they are and why they do what they do **The Secret History of Poltergeists and Haunted Houses** Claude Lecouteux, 2012-04-26 What poltergeist accounts through the ages reveal about our own worldviews Provides a wide array of case studies from ancient Greece and Rome to medieval Europe to the modern world Explores the relationship between poltergeists and troubled adolescence Looks beneath the Christian adulteration of pagan practices to reveal the hidden ancestral beliefs tied to poltergeists and haunted houses Stories of poltergeists and their mischievous and sometimes violent actions knocking stone or chair throwing moving objects with invisible hands and slamming or opening doors are a constant through the ages What changes is how we interpret this activity For our pagan ancestors this phenomenon was caused by helper spirits whose manifestations revealed their unhappiness with a household The medieval Christian church demonized these once helpful spirits and held exorcisms to expel them from the houses they haunted which proved effective less than half the time The Age of Enlightenment cast these incidents as clever hoaxes and many still believe this today But poltergeist manifestations continue to appear and often defy attempts to debunk them as pranks What then is behind this phenomenon Exploring accounts of poltergeists from ancient Greece and Rome medieval Europe and the modern world Claude Lecouteux finds that while our interpretations of poltergeists may change the manifestations always follow a similar course and evolution He shows how modern scientific studies of poltergeist manifestations have found a strong tie between these visitations and the presence of a troubled adolescent in the house Looking beneath the Christian adulteration of pagan practices to reveal the hidden ancestral beliefs tied to poltergeists and haunted houses the author shows how these unhappy spirits serve as confirmation of the supernatural beings that share the earth with us and of our relationship with the natural and unseen world a relationship we must take care to keep in balance
