On Right Livelihood:

On Right Livelihood Jiddu Krishnamurti, 2023-04-25 On Right Livelihood explores ways for us to be engaged in but not engulfed by our work In a world frantic to produce possess and consume few of us have time to wonder if our work damages the environment if we are making the most of our talents or simply making a living if we truly savor our leisure time Krishnamurti presents sage and eloquent teachings on these issues of vital concern to us all Krishnamurti has said Is it not necessary for each to know for oneself what is the right means of livelihood If we are avaricious envious seeking power then our means of livelihood will correspond to our inward demands and so produce a world of competition ruthlessness oppression ultimately ending in war

**Teaching Right Livelihood. Eine Handreichung für Lehrkräfte und
Lehrerbildner. Mit englischsprachigen Unterrichtsmaterialien** Ellen Christoforatu, 2012

**Two Gurus One
Message** Savinder Kaur Gill, Sonam Wangmo, 2019-01-01 Buddhism and Sikhism founded by the Lord Buddha and Guru Nanak respectively are both religions of India with a two thousand year gap between the two faiths Tarungpa Tulku in his 1966 article Guru Nanak in Tibet A Buddhist view point wrote that Tibetan Buddhists have a special connection with Sikhism due to the belief that Guru Nanak was a manifestation of Guru Padmasambhava It is with this curiosity that the idea for this book was conceived leading to the discovery of an astonishing number of similarities between the two spiritual traditions This comparative study the first major attempt of its kind scoured the entire Sikh Scripture Shri Guru Granth Sahib and found numerous parallels with the Buddhist Canon especially Pali ranging from the life stories of the founding fathers of the two faiths their social agenda and core tenets to articles of faith including religious symbolism It is hoped that this research can in some way help to blur the divisions between religious labels and bring out pure spirituality devoid of fixation on religious externalities which leads to much dissent especially in this degenerate era While acknowledging the rich diversity and uniqueness of each spiritual tradition this book eventually comes to the conclusion that spirituality transcends religious labels We have come to appreciate that although the externalities of religion may differ vastly spiritual insights remain universal

Zen and Psychotherapy Christopher J. Mruk, PhD, Joan Hartzell, RN, MA, 2006-04-28 The authors one a clinical educator and social scientist the other a nurse psychotherapist and practicing Buddhist present a fascinating dialog on the science and the art sides of the art science debate Practical suggestions are included for achieving a balance between these two poles of the helping and healing process

Militant Buddhism Peter Lehr, 2018-12-30 Against the backdrop of the ongoing Rohingya crisis this book takes a close and detailed look at the rise of militant Buddhism in Sri Lanka Burma and Thailand and especially at the issues of why and how around it We are well aware of Christian fundamentalism militant Judaism and Islamist Salafism Jihadism Extremist and violent Buddhism however features only rarely in book length studies on religion and political violence Somehow the very idea of Buddhist monks as the archetypical world renouncers exhorting frenzied mobs to commit acts of violence against perceived enemies of the religion seems to be outright ludicrous Recent

events in Myanmar Burma but also in Thailand and Sri Lanka however indicate that a militant strand of Theravada Buddhism is on the rise How can this rise be explained and what role do monks play in that regard These are the two broad questions that this book explores **Resilience and Transformation for Global Restructuring** Manju Singh,Nupur

Tandon,2023-11-25 The themes covered in Resilience and Transformation for Global Restructuring will include Technology Creativity and Innovation Post COVID 19 opportunities and challenges Development for a Sustainable World Cross Cultural Dimensions of well being Gender Inequality and Intersectionality This Edited Collection draws from selected papers from the 2022 International Conference on Resilience and Transformation for Global Restructuring which addresses many of the challenges in a post pandemic world **Work with Passion** Nancy Anderson,2012-08-22 In this twentieth anniversary

edition of her perennial bestseller Nancy Anderson shows readers how following their passion to find their special niche is the most effective and rewarding approach to business and career success Work with Passion follows the step by step program Anderson implements in her career counseling practice carefully guiding readers through each stage The program follows the ten Passion Secrets of successful people and topics include clarifying goals trusting instincts doing research and meeting others who are passionate about their work I have found that we love to hear success stories Anderson writes and each chapter tells those powerful stories of people who have overcome adversity and realized their dreams Work with Passion has a wealth of inspirational guidance from the broadest kinds of visionary encouragement to very practical tips on networking developing a resume and writing a query letter that gets results This comprehensive course in career counseling is for everyone who would rather brag about their career than complain about their job *Education in a Globalized World*

Ellen Christoforatu,2016-01-05 How is it possible to sustainably implement the ideas of the Right Livelihood Award also known as the Alternative Nobel Prize in educational and teaching methods of learning as part of future oriented teacher training This book addresses this issue in the form of a combination of articles from both an academic and school related point of view Education researchers subject educationalists expert scientists and teacher trainers present exemplary formats with which prospective teachers can be qualified for the wide ranging requirements imposed on them as part of globalization and internationalization In the formats the contents of Right Livelihood especially questions concerning ecology social justice and peace are addressed in a manner that is age appropriate and related to experience Moreover they are dealt with in an interdisciplinary context The objective is to jointly incorporate the subject of Global Learning as Part of Education for Sustainable Development in the teacher education course and to realize it directly at the chalk face **Buddhism After**

Patriarchy Rita M. Gross,1992-11-17 This book surveys both the part women have played in Buddhism historically and what Buddhism might become in its post patriarchal future The author completes the Buddhist historical record by discussing women usually absent from histories of Buddhism and she provides the first feminist analysis of the major concepts found in Buddhist religion Gross demonstrates that the core teachings of Buddhism promote gender equity rather than male

dominance despite the often sexist practices found in Buddhist institutions throughout history **VIMALAKIRTI NIRDESA SUTRA - The Teachings of Vimalakirti** Jung-Ho Yoon, 2024-04-04 The Teaching of Vimalakirti presents in 14 fairly short chapters the core teachings of Mahayana Buddhism 1 Considered the jewel of Mahayana Sutras the teaching is addressed to very advanced arhats and bodhisattvas by Vimalakirti Undefined Reputation a supposedly ill advanced lay bodhisattva Especially influential in East Asian Buddhism the teaching clarifies the meaning of nonduality and stresses the importance of the Bodhisattva ideal of saving all beings as well as many other important themes in Mahayana Buddhism 2 The teaching does this in an insightful and spiritually imaginative if complex manner that includes humor satire extravagant drama magic poetry and lavish description as well as straightforward doctrinal discussion The style of presentation makes The Teaching of Vimalakirti one of the most fascinating inspiring and readable if bizarre Mahayana Sutras in fact a Sutra that is so extraordinary that readers are urged to relax their logical discursive habitual way of thinking in order to fully absorb the teaching Most importantly the Sutra stresses the nondual teaching that all dichotomies like nirvana and samsara sickness and health sacred and secular and men and women are ultimately empty and thus make no sense 3 When this teaching is fully realized one understands completely as Dogen and Susuki Roshi continually point out that everything is already whole so just try your best and show up
