The World's Most Powerful Leadership Principle James C. Hunter, 2004-06-29 Author and consultant James Hunter believes that in the midst of numerous national corporate scandals leaders must take a fresh look at leadership through the lens of some very ancient principles Leadership that is authentic and effective is servant leadership following the principles revealed in the life and ministry of Jesus Christ Recently it struck me that if love changes people which I know it does it would seem to follow that God is the source of change and growth because He is love Put another way when people begin loving others through their efforts and behavior God has the opportunity to work in the lives of both the giver and the receiver In his new book *The World's Most Powerful Leadership Principle* Hunter demonstrates that leadership and character development are one But the work and even the pain of changing one's self breaking old worn out habits is not easy Hunter provides an uncomplicated straightforward three step change process he has seen successfully employed by literally thousands of leaders to effect change in their lives and organizations and fulfill beneficial goals This groundbreaking book will open the eyes of frustrated disheartened leaders at every level and foster change for good at the personal organizational and societal level
