He describes the methods he uses in his art and his observations and encounters with the species that make up the complex communities of the Sound's rivers, tidal flats, islands, and beaches: the flight of a young peregrine, an otter playfully herding a small red rockfish, the grasp of a curious octopus. Tony Angell is an illustrator, sculptor, and author of *RAVENS, CROWS, MAGPIES, AND JAYS* and *OWLS*. He served for thirty years as Washington State Director of Environmental Education.      **Catalog of the Annual Exhibition** American Watercolor Society, 1918

*Gauguin* Gloria Lynn Groom, 2017-01-01 An unprecedented exploration of Gauguin's works in various media from works on paper to clay and furniture. Paul Gauguin 1848-1903 was a creative force above and beyond his legendary work as a painter. Surveying the full scope of his career spanning experiments in different media and formats: clay works on paper, wood, and paint, as well as furniture and decorative friezes, this volume delves into his enduring interest in craft and applied arts, reflecting on their significance to his creative process. Gauguin, Artist as Alchemist, draws on extensive new research into the artist's working methods, presenting him as a consummate craftsman, one whose transmutations of the ordinary yielded new and remarkable forms. Beautifully designed and illustrated, this book includes essays by an international team of scholars who offer a rich analysis of Gauguin's oeuvre beyond painting. By embracing other art forms which offered fewer dominant models to guide his work, Gauguin freed himself from the burden of artistic precedent. In turn, these groundbreaking creative forays, especially in ceramics, gave new direction to his paintings. The authors' insightful emphasis on craftsmanship deepens our understanding of Gauguin's considerable achievements as a painter, draftsman, sculptor, ceramist, and printmaker within the history of modern art.      *Secrets of the Lost Summer* Carla Neggers, 2015-12-14 Join New York Times bestselling author Carla Neggers with the first book in her fan favorite Swift River Valley series. A wave of hope carries Olivia Frost back to her small New England hometown nestled in the beautiful Swift River Valley. She's transforming a historic home into an idyllic getaway, picturesque and perfect if only the absentee owner will fix up the eyesore next door. Dylan McCaffrey's ramshackle house is an inheritance he never counted on. It also holds the key to a generation's old lost treasure he can't resist any more than he can resist his new neighbor. Against this breathtaking landscape, Dylan and Olivia pursue long-buried secrets and discover a mystery wrapped in a love story, past and present.      *Annual Exhibition-- Oil Painting, Sculpture, Graphic Arts, Watercolor*, 1962      *American Watercolor in the Age of Homer and Sargent* Kathleen A.
