On Communism In Defense Of The New Cours:

On Communism, in Defense of the New Course Imre Nagy, 1957 **Imre nagy on communism** ,1957 Imre Nagy on Communism in Defense of the New Course Frederick A. Präger, 1957 **On Communism** Imre Nagy, 1974

Bukharin and the Bolshevik Revolution Stephen F. Cohen, 1980 This classic biography carefully traces Bukharin's rise to and fall from power focusing particularly on the development of his theories and programmatic ideas during the critical period between Lenin's death in 1924 and the ascendancy of Stalin in 1929 Air University Periodical Index ,1958

Imre Nagy, Martyr of the Nation Karl P. Benziger, 2008-01-01 Imre Nagy is a compelling figure both in life and in death—one whose actions stimulated consequences in Hungary that continue into the present Providing a summary review of Hungarian Cold War history Benziger examines the ways in which the memory of the martyred prime minister and the story of the 1956 Revolution influenced political socialization in Hungary The book begins with Nagy's 1989 funeral and the role memorialization played in the politics of transition continuing with a review of the important personages and events that informed Nagy's life and afterlife and it concludes in the tumultuous politics following the establishment of the Republic in 1989 Readers interested in Central and Eastern Europe will find this book useful as it expands the literature on history and memory and transition politics in the region **Air University Library Index to Military Periodicals** ,1958 *A Lesson for Our Times* C. Philip Skardon, 2010-03-19 Even though it has faded in the minds of most the Cold War was the dominant happening in the second half of the 20th Century The underlying cause was the Soviet Union's expansionism which was driven by imperialist ambition overlaid with ideology Combating this radical and highly threatening form of political and territorial aggrandizement made extraordinary demands on the Western nations and especially the United States because of its strength and democratic tradition These forces vied in the Hungary Suez Crisis of 1956 as not before or after when 200 000 Soviet troops intervened in Hungary to put down the revolution and the attendant Uprising and acting contrary to Western interests Britain and France invaded the Canal Zone and the Israelis the Sinai raising the crisis to a point of extreme danger as the East West confrontation nearly burst its bounds Had the allies not been halted in Egypt by the Eisenhower Administration's use of the UN Charter and UN mechanisms for maintaining peace and the Russians not deterred from invading Western Europe by threat of U S nuclear retaliation it seemed possible that the world would experience a general war with nuclear weapons as a major component *A Lesson for Our Times* focuses on this possibility While it is about the steps taken by the United States to prevent the worst from occurring immediately it is also about what was done to prevent a similar crisis from occurring in the future To say that these actions were unique and effective is true but not enough They were also unprecedented in the history of the nation and surely the world as well as proof that the peace keeping system devised after World War II would function as intended if undergirded and augmented by U S prestige and wherewithal Here then was Hungary Suez in its totality More should be known about the crisis for these reasons alone This book seeks to meet

that need while filling a large gap in the understanding of the Cold War It also recalls a time when Americas conduct as the worlds primary superpower was as clear and visionary as it was purposeful and constructive in a word when American diplomacy was at its zenith **Hungary and the superpowers** Janos Radvanyi,1972 Vanguard of the Revolution A. James McAdams,2019-11-19 The first comprehensive political history of the communist party Vanguard of the Revolution is a sweeping history of one of the most significant political institutions of the modern world The communist party was a revolutionary idea long before its supporters came to power A James McAdams argues that the rise and fall of communism can be understood only by taking into account the origins and evolution of this compelling idea He shows how the leaders of parties in countries as diverse as the Soviet Union China Germany Yugoslavia Cuba and North Korea adapted the original ideas of revolutionaries like Karl Marx and Vladimir Lenin to profoundly different social and cultural settings Vanguard of the Revolution is essential reading for anyone seeking to understand world communism and the captivating idea that gave it life

The Conduct of Soviet Foreign Policy Erik Peter Hoffmann,Frederic J. Flernon, Articles by Brzezinski Pipes Schulman Gati and two new chapters written by Hoffmann and Laird bring new information to this edition on geo politics SALT China and the scientific technological revolution s effects in the Soviet Union The last three sections of the book include updated selections such as a Retrospect and Prospect on the use abuse of Soviet power Socialism Goes Global James Mark,Paul Betts,2022 The first work to provide a broad history of the relationship between Eastern Europe and the decolonising world ranging from the nineteenth to the late twentieth century At its core is the post 1945 period when socialism s importance as a globalising force accelerated and drew together what contemporaries called the Second and Third Worlds **Soviet Foreign Policy after Stalin** David J. Dallin,2022-12-28 Soviet Foreign Policy After Stalin first published in 1962 reviews the constants and variables in the Soviet international course after Stalin It examines the legacy of Stalin s policy of Soviet imperialism and how much his foreign policy was followed by his successors It looks at the period of transition the uprisings in Europe the new Soviet course toward the uncommitted nations Sino Soviet relations the ascent of Khrushchev and the stiffening of the Soviet view toward the West *Central Europe Since 1945* Paul G. Lewis,2014-01-14 Central Europe here Poland the German Democratic Republic Czechoslovakia and Hungary is at the centre of international attention since the Soviet collapse An understanding of its postwar history is critical to an appreciation of the challenges facing its present rulers This is an engrossing account of the installation development operation and eventual downfall of its very different communist regimes and the transition to the freedoms and uncertainties of the post Soviet world The book covers political economic social and cultural change emphasising the crucial relationships with the USSR throughout **Background Notes, Hungary** ,1983 **Blue-Collar Workers in Eastern Europe** Jan F Triska,Charles Gati,2025-03-03 First published in 1981 Blue Collar Workers in Eastern Europe deals with the attitudes and political disposition of the East European working class In particular it provides the first analysis of the growing assertiveness of the industrial proletariat from which

East European governments claim to derive their legitimacy and on whose behalf they profess to rule These governments are increasingly hesitant in the use of force yet they lack the economic means of meeting their workers demands The chapters that make up the book fall into three main categories About one third are issue oriented and analytical dealing with the role economic condition attitudes social and demographic characteristics and political involvement of the workers These are followed by case studies of workers in several countries Finally two chapters explore the policy implications of the workers new found assertiveness and assess the international policy options and dilemmas of both the Soviet Union and the West This book covers all the major issues which brought about the widely publicised workers rebellion in Poland in the summer of 1980 and includes an assessment of that crisis and its sequels It will attract a wide readership among students of the history and politics of Eastern Europe especially those interested in labour unions socialist management and comparative communism *Peace Studies* Matthew Evangelista, 2005 The academic field of Peace Studies emerged during the Cold War to address the nature and sources of interstate and internal conflict and methods to prevent it and deal with its consequences

History of the Hungarian Nation Domokos G. Kosáry, Steven Béla Várdy, Danubian Research Center, 1969 East Central Europe Wojciech Roszkowski, 2015-01-01 What is East Central Europe Can it be defined with any precision The question of definition is a difficult one as is usually the case concerning borderlands whose historical developments show little continuity and an uncertain identity born of the conflict between aspirations and reality It is in East Central Europe that no peace settlement is ever final no frontiers are secure and each generation must begin its work anew Is there any chance that this definition will become out of date
