Pilgrimage Into God Sicco Claus, 2023-04
 Pilgrimage into God: A Study of John Main's Meditation-Oriented Spirituality is a comprehensive investigation of the heritage of the Benedictine monk John Main (1926-1982). This founder of a worldwide movement for Christian meditation understands meditation as an intentional transcending of all mental processes. Contrary to popular opinion, which associates meditation uniquely with Eastern traditions, Main considers meditative practice to be essential and central to Christian faith. This study not only explores Main's views on practice but also looks into his theology, his understanding of spiritual growth, and the ideal contexts for achieving such growth. It does this by critically situating Main's spiritual teaching within the Christian tradition and exploring its relation to Charles Taylor's interpretation of the modern spiritual condition. This study also aims at exploring how Main's heritage may contribute to illuminating Christian spiritual life today.

Leadership Wholeness, Volume 1 Thomas Thakadipuram, 2023-01-01
 This book investigates the lived experience of CEOs in their quest for wholeness and presents a model of spiritual intelligence for contemporary leadership. The experience of ethical and spiritual crisis in the post-modern society, especially in organizational leadership, calls for deeper quest and spiritual intelligence. Four essential themes emerged from the analysis of the in-depth interviews with top leaders of different organizations across the globe: 1. Sensing Crisis, 2. Embracing Crisis, 3. Awakening Hidden Wholeness, 4. and Serving Greater Good. From the analysis of the themes, a model of spiritual intelligence and leadership wholeness is constructed. This Spiritual Intelligence Model portrays the intra-dynamics of leaders' ongoing quest for wholeness, penetrating through their existential learning, spiritual, and moral dimensions of being, and the five ethical dimensions of wholeness permeating through the personal, organizational, social, global, and environmental spheres of life. This book gives a fresh perspective on spiritual intelligence and leadership practice today.

Contemplating God: Changing the World Mario L. Aguilar, 2009-01-01
 Mario Aguilar skillfully, elegantly, and clearly presents the life and thought of some of the major spiritual forces of our time as a starting point for his own compelling reflections on the relationship between contemplation and politics. We need more books like this one. Professor Ivan Petrella, University of Miami, Contemplation and political action defined the lives and work of six of the most inspiring Christian leaders of the twentieth century: Thomas Merton, Ernesto Cardenal, Daniel Berrigan, Sheila Cassidy, Desmond Tutu, and Mother Teresa. Each one embraced a silent, purposeful life of prayer, contemplation, and conversation with God, which the author contends was the very foundation for their public activism. Aguilar profiles these outstanding religious figures, illustrating how their contemplation of God gave them courage and understanding, not just to grow in personal holiness but to become

one with God through responding to the needs of others It was their spiritual life that gave them the energy commitment and strength to help feed the hungry clothe the naked and liberate the oppressed even in the darkest most difficult times Yet as Aguilar shows it is not just a chosen few who are called to combine prayer with political action through the regular contemplation of God all Christians can be empowered to work toward social transformation and a just world *Poetry of Contemplation* Arthur L. Clements, 1990-06-01 This is the first systematic and thorough study of mysticism or contemplation in these three seventeenth century poets and in three modern writers It not only clarifies the very confused issue of mysticism in seventeenth century poetry but also connects seventeenth century poets with modern literature and science through the contemplative tradition from the Bible and Plato and Church fathers and important mystics of the Middle Ages through Renaissance and modern contemplatives The transformative and redemptive power of contemplative poetry or holy writing regardless of genre or discipline is prominent throughout the book and the relevance indeed the vital necessity of such poetry and of the living contemplative tradition to our apocalyptic modern world is discussed in the last chapter In this chapter attention is given to modern science especially to the new physics and to philosophical and mystical writings of eminent scientists Baxter's Practical Works, Volume 1 , 2007-12 The editor's preface 1707 p xiii stated that the works of Richard Baxter are perhaps the best body of practical divinity that is extant in our own or any other tongue Richard Baxter lived from 1615 1691 The DIRECTORY was completed in 1665 Its scope was intended to cover all of practical theology a summa of casuistry Timothy Keller calls it the greatest manual on Biblical counseling ever produced Reformed Ethics, Volume 1 : Volume 1 (Reformed Ethics) Herman Bavinck, 2019-06-18 Herman Bavinck's four volume Reformed Dogmatics is one of the most important theological works of the twentieth century Leading Bavinck expert John Bolt edited that work which has received wide acclaim Now Bolt brings forth a recently discovered manuscript from Bavinck in print for the first time which serves as a companion to Reformed Dogmatics Reformed Ethics mines the moral teachings of the early church and medieval and Puritan spirituality while addressing a variety of topics offering readers Bavinck's mature reflections on ethical issues This book is the first of three planned volumes **Wilderness Mysticism: A Contemplative Christian Tradition** Stephen K. Hatch, 2018-07-03 As the percentage of unaffiliated seekers or Spiritual But Not Religious people or Nones increases in America and in the world at large a sizable number are drawn toward a spirituality of Nature And while many of these seekers emphasize simply the physical challenge and ignore the theological or philosophical aspect of their relationship to Nature Wilderness Mysticism seeks to offer a spiritual theological interpretation for those who want it In the process it employs insights and meditation practices gleaned from an ancient tradition that of Christian Mysticism and updated in a modern context Publisher Guide for Confessors Alphonsus Liguori, 2017-09-22 This rich classic passed out of common usage years ago but here we find it restored for the first time to the benefit of the English reader St Alphonsus transformed the landscape of the experience of this Reconciliation and our confessional experience would be unthinkable

without his saintly intellectual and pastoral prowess While the cultural and historical context is amazingly fascinating it necessitates peeling back those layers to see the glimmering treasure within For that reason this edition provides an introductory essay that steps lightly to take note of these difference for a fruitful reception of the saint s genius May all readers benefit for the greater glory of God

Poetry and Revelation Kevin Hart, 2017-04-20 Religious poetry has often been regarded as minor poetry and dismissed in large part because poetry is taken to require direct experience whereas religious poetry is taken to be based on faith that is on second or third hand experience The best methods of thinking about experience are given to us by phenomenology Poetry and Revelation is the first study of religious poetry through a phenomenological lens one that works with the distinction between manifestation in which everything is made manifest and revelation in which the mystery is re veiled as well as revealed Providing a phenomenological investigation of a wide range of religious poems some medieval some modern some written in English others written in European languages some from America some from Britain and some from Australia Kevin Hart provides a unique new way of thinking about religious poetry and the nature of revelation itself
