The Qur'an in Christian-Muslim Dialogue Corrie Block, 2013-10-08 Offering an analysis of Christian Muslim dialogue across four centuries this book highlights those voices of ecumenical tone which have more often used the Qur an for drawing the two faiths together rather than pushing them apart and amplifies the voice of the Qur an itself Finding that there is tremendous ecumenical ground

between Christianity and Islam in the voices of their own scholars this book ranges from a period of declining ecumenism during the first three centuries of Islam to a period of resurging ecumenism during the most recent century until now Among the ecumenical voices in the Christian Muslim dialogue this book points out that the Qur'an itself is possibly the strongest of those voices These findings are cause for and evidence of hope for the Christian Muslim relationship that although agreement may never be reached dialogue has led at times to very real mutual understanding and appreciation of the religious other Providing a tool for those pursuing understanding and mutual appreciation between the Islamic and Christian faiths this book will be of interest to scholars and students of Islam the Qur'an and the history of Christian Muslim relations

On Dialogue Dmitrii Vladimirovich Nikulin, 2006-01-01 Drawing from the works of Plato and more contemporary philosophers such as Bakhtin Buber Taylor and Gadamer *On Dialogue* explores the necessity of dialogue to being Author Dmitri Nikulin argues that dialogue is not just a form of communication but it is the very *conditio humana* Nikulin provides a systematic account of dialogue and its role in philosophy literature and oral discourse *Dialogues on Various Subjects* William Gilpin, 1807 **Jesus the Kalimatullah** Binod Peter Senapati, 2009 **The Church, The Far Right, and The Claim to Christianity** Helen Paynter, 2024-08-30 In recent years far right organisations have invaded mosques across the UK with army issued Bibles declaring their actions a Christian crusade Others have paraded large crosses through Muslim majority areas and invaded migrant hotels harassing residents in their so called crusade Far right appeals to clean up society and restore Christian Britain can be quite attractive to some Christians However what they may fail to appreciate is that this rhetoric may be cynically employed by those whose allegiance and values are quite contrary to Christian ones Despite all this the response from official church sources in the UK has been notably subdued and resources to help churches address hate crimes or racial tensions are scarce This book aims to fill that void Bringing together insights from theologians church practitioners and leading experts this volume examines the church's response to the rise of far right thinking in UK society and explores how it can respond more effectively With a foreword by David Gushee this book offers critical and constructive perspectives for the church to confront these challenges *Women and Interreligious Dialogue* Catherine Cornille, Jillian Maxey, 2013-09-26 Though women have been objects more often than subjects of interreligious dialogue they have nevertheless contributed in significant ways to the dialogue just as the dialogue has also contributed to their own self understanding This volume the fifth in the *Interreligious Dialogue Series* brings together historical critical and constructive approaches to the role of women in the dialogue between religions These approaches deal with concrete examples of women's involvement in dialogue critical reflections on the representation of women in dialogue and the important question of what women might bring to the dialogue Together they open up new avenues for reflection on the nature and purpose of interreligious dialogue *Interreligious Dialogue Models* Alwani Ghazali, Muhammad Kamal, 2023-12-15 How did the Prophet Muhammad pbuh converse and engage with other religious believers Did he start off with prejudice and mistrust Or

was he convivial and open minded This book analyses six models of the dealings in the lifetime of the Prophet Muhammad pbuh specifically but not restricted to the siblings of Abrahamic religious believers The six models of dialogue analysed in the book are dialogue with Ashamah Najashi of Abyssinia delegation of Najran Christians different Jews of Yathrib and emperors of Byzantine and Sassanid The analysis applies Ibn Khaldun s d 1406 historical approach which the author termed as Khaldunian Hermeneutics due to the similarity between his ideas to that of Johann Gustav Droysen d 1884 a German philosopher in historical hermeneutics As such the analysis goes beyond the dialogue content taking into consideration the immediate and larger contextual settings and changes of the contexts due to the passage of time It critically considers the suitability of each model due to the difference in times and contexts The book serves as a reference for Muslim dialogue advocates and practitioners to provide substantial evidence of the dialogue application by the role model of Muslims the Prophet Muhammad pbuh whom they hold very dear to their hearts *Learning Through Dialogue* Kenneth Paul

Kramer,2013-04-08 Educational practice today often fails to make the crucial distinction between learning as an accumulation of information and learning as a dialogical interaction that elicits one s personal response to the material *Learning Through Dialogue* offers an alternative approach to teaching and learning which utilizes Martin Buber s dialogical principles turning toward addressing affirmatively listening attentively and responding responsibly The book first presents Buber s educational theory and method and second presents specific examples of how Buber s dialogical philosophy can be applied in the classroom Rather than imposing one s own views this approach enables teachers and students to develop course content in uniquely appropriate ways If you are a teacher a student an educator at any level or anyone interested in furthering his or her ability to engage more meaningfully with the educational process this book will challenge you with fresh perspectives

International Handbook of Inter-religious Education Kath Engebretson, Marian de Souza, Gloria Durka, Liam Gearon, 2010-08-17 This Handbook is based on the conviction of its editors and contributing authors that understanding and acceptance of as well as collaboration between religions has essential educational value The development of this Handbook rests on the further assumption that interreligious education has an important role in elucidating the global demand for human rights justice and peace Interreligious education reveals that the creeds and holy books of the world's religions teach about spiritual systems that reject violence and the individualistic pursuit of economic and political gain and call their followers to compassion for every human being It also seeks to lead students to an awareness that the followers of religions across the world need to be and to grow in dialogical relationships of respect and understanding An essential aim of interreligious education is the promotion of understanding and engagement between people of different religions and therefore it has great

potential to contribute to the common good of the global community Interreligious education has grown from the interfaith movement whose beginning is usually identified with the World Parliament of Religions held in Chicago in 1893 This was the first time in history that leaders of the eastern and western religions had come together for dialogue and to consider working together for global unity
