On Exodus A Liberation Perspective:

On Exodus Jorge V. Pixley, 1987 **On Exodus** George V. Pixley, 1987 **Troubling (Public) Theologies** Jione Havea, 2023-02-06 Theologies no matter their designations are public measures they disclose as well as gauge the publics near and far on which they stand sit lie or fall Because publics shift and mingle theologies require reimagining relocating and embracing fresh insights and energies The insights and energies embraced in this work are in three clusters spaces bodies and technologies The spotlighted spaces are in Africa Asia Black America the Caribbean and Pasifika beyond the eyes of mainline theologies the privileged bodies have survived with scars from empire and missionary positionings and the welcomed technologies include Dalit indigenous art poetry cyborg and the novel This collection is troubling in several ways first reimagining and relocating are troubling acts upon their subject matter here public theologies On that note what theology is not public Second this work takes theologies in general and not just the theologies that carry the public designation to be public theologies Third this work takes theologies in general to be inherently troubling In other words theologies that are not troubling are not public enough Moses in America Melanie Jane Wright, 2003 This book explores the retelling of the life of Moses in three 20th century American narratives Moses in Red by Lincoln Steffens Moses Man of the Mountain by Zora Neale Hurston and Cecil B DeMille s film The Ten Commandments Wright s analysis reveals that the figure of Moses has strong currency in American culture at many levels **Voices From the Margin** Sugirtharajah, R.S., 2016-12-15 No Other Gods Robert Karl Gnuse, 1997-05-01 This is the first full scale assessment of the theological social and ideational implications of our new understandings of ancient Israel s social and religious development Scholars now stress the gradual emergence of Israel out of the culture of ancient Palestine and the surrounding ancient Near East rather than contrast Israel with the ancient world Our new paradigms stress the ongoing and unfinished nature of the monotheistic revolution which is indeed still in process today Gnuse takes a further bold step in setting the emergence of monotheism in a wider intellectual context he argues brilliantly that the interpretation of Israel s development as both an evolutionary and revolutionary process corresponds to categories of contemporary evolutionary thought in the biological and palaeontological sciences Punctuated Equilibrium **Historical Dictionary of the Baptists** William H. Brackney, 2021-02-15 Baptists are a major group of Christians with a worldwide presence Originating in the English Puritan Separatist tradition of the 17th century Baptists proliferated in North America and through missionary work from England Europe and North America they have established churches associations unions missions and alliances in virtually every country They are among the most highly motivated evangelists of the Christian gospel employing at present in excess of 7 000 domestic and overseas missionaries Important characteristics of the Baptists across their history are the authority of the Scriptures individual accountability before God the priority of religious experience religious liberty separation of church and state congregational independence and a concern for the social implications of the gospel Baptists recognize a twofold

ministry deacons and pastors or a threefold order deacons elders pastors Historical Dictionary of the Baptists Third Edition expands upon the second edition with an updated chronology an introductory essay a bibliography and hundreds of cross referenced dictionary entries on important events doctrines and the church founders leaders and other prominent figures who have made notable contributions

Raising Up a Faithful Exegete K. L. Noll, Brooks Schramm, 2010-06-30 Twenty three colleagues friends and former students of Richard Nelson honor him by contributing essays to this volume Nelson is the former Kraft Professor of Biblical Studies at Lutheran Theological Seminary in Gettysburg PA and current W J A Power Professor of Biblical Hebrew and Old Testament Interpretation as well as Associate Dean for Academic Affairs at Perkins School of Theology Southern Methodist University Dallas He is the author of numerous books commentaries and articles Raising Up a Faithful Exegete centers around topics of particular interest to Prof Nelson especially Deuteronomy the Former Prophets priestly orders social interactions and theology In fact this book could be seen as a one volume summation of current thinking on Deuteronomy the Former Prophets Deuteronomism and Biblical Theology disguised as a Festschrift For eleven years I had the distinct pleasure and honor of having Richard Nelson as a senior faculty colleague He has served as a fine model of what it means to be a dynamic and innovative teacher an insightful mentor a world class scholar a supportive friend a dedicated leader in the church and a person who takes sheer delight in all facets of his calling Richard P Carlson Lutheran Theological Seminary Gettysburg PA Rich Nelson is a truly rare breed of man He is not only a passionate and respected scholar thoroughly trained and representative of historical critical approaches to the Hebrew Bible But he is also open and interested in the whole spectrum of different ways in which the Bible is read and understood both in the church and the academy He is a remarkable role model Roy L Heller Perkins School of Theology Southern Methodist University Dallas Rich Nelson was one of the best graduate students I ever taught In a seemingly effortless manner he did basic significant research that provided the grounds for a major but to that point generally undeveloped reading of the Deuteronomistic History Out of that early study and his later scholarly work he has rightly become one of our leading interpreters of Deuteronomy and the history that evolved out of its circle Patrick D Miller Jr Princeton Theological Seminary

The Oxford Handbook of the Reception History of the Bible Michael Lieb, Emma Mason, Jonathan Roberts, 2013-01-10 In recent decades reception history has become an increasingly important and controversial topic of discussion in biblical studies Rather than attempting to recover the original meaning of biblical texts reception history focuses on exploring the history of interpretation In doing so it locates the dominant historical critical scholarly paradigm within the history of interpretation rather than over and above it At the same time the breadth of material and hermeneutical issues that reception history engages with questions any narrow understanding of the history of the Bible and its effects on faith communities The challenge that reception history faces is to explore tradition without either reducing its meaning to what faith communities think is important or merely offering anthologies of interesting historical interpretations This major new handbook addresses these matters by presenting

reception history as an enterprise not a method that questions and understands tradition afresh The Oxford Handbook of the Reception History of the Bible consciously allows for the interplay of the traditional and the new through a two part structure Part I comprises a set of essays surveying the outline form and content of twelve key biblical books that have been influential in the history of interpretation Part II offers a series of in depth case studies of the interpretation of particular key biblical passages or books with due regard for the specificity of their social cultural or aesthetic context These case studies span two millennia of interpretation by readers with widely differing perspectives Some are at the level of a group response from Gnostic readings of Genesis to Post Holocaust Jewish interpretations of Job others examine individual approaches to texts such as Augustine and Pelagius on Romans or Gandhi on the Sermon on the Mount Several chapters examine historical moments such as the 1860 debate over Genesis and evolution while others look to wider themes such as non violence or millenarianism Further chapters study in detail the works of popular figures who have used the Bible to provide inspiration for their creativity from Dante and Handel to Bob Dylan and Dan Brown

Hebrews between Cultures Meir Sternberg, 1999-04-22 The Poetics of Biblical Narrative Sternberg s last book established a new level of sophistication for biblical analysis In *Hebrews between Cultures* he shifts his focus from individual identity to the group in this case the Hebrews Sternberg s analysis of the development in the Bible of the Hebrew identity and alternate identities is brilliant challenging intellectually rigorous and unusual and almost always unexpected and dramatic

Was Achilles a Jew? Larry S. Milner, 2008-01-14 Significant interest has always existed about the origin of Classic Greek culture but despite the long standing attention scholars continue to disagree on where this amazing civilization got its start The Mycenaeans were the earliest Greek speaking people on the mainland but the country entered a Dark Age following the end of the Trojan War and in the Archaic Age which followed the fundamentals of Greek political and literary thought suddenly emerged without a clear source of derivation Historians have sometimes given credit to the Egyptians Phoenicians or other Eastern civilizations for this evolution but no serious consideration has been given to the ancient Hebrews despite the fact that the Exodus from Egypt took place during the Late Bronze Age when Mycenae was at its peak of influence in the Mediterranean Basin In *Was Achilles a Jew* Hebraic Origins to Greek Civilization Dr Larry Milner argues that a group of Hebrews devoted to the traditions of the patriarchs left the Exodus following the parricidal reprisals instituted by Moses during the modification of Judaism into a monotheistic faith and migrated to Mycenae where they became immersed into Mycenaean culture taking part in the Trojan War His analysis provides the most persuasive argument to date about where the Eastern influence in Greece was generated

Scripture in the Church James Chukwuma Okoye, 2011 Who should read the Bible What is the biblical word How is Scripture to be interpreted How is it to be prayed and lived How does Scripture call forth the Church s entire life and mission In October 2008 the Synod on the Word of God in the Life and Mission of the Church took place in Rome During the synod the bishops addressed these questions on the significance of the Word in the life and mission of the church Beginning

with a helpful explanation of the synod process James Chukwuma Okoye CSSp follows the synod in historical progression highlighting important topics and issues along the way and concluding with an exposition of the post synodal apostolic exhortation *Verbum Domini* which Benedict XVI signed on September 30 2010 Okoye emphasizes that the Synod on the Word of God was not just about Scripture s function in the pastoral life of the church but it was also about tradition and God s continuing self disclosure in history and in the religions and cultures of humankind *Portraits of a Mature God* Mark McEntire,2013-04-01 What difference would it make for Old Testament theology if we turned our attention from the more dramatic forceful mighty acts of God to the more subdued but more realistic themes of later writings in the Hebrew Bible The result Mark McEntire argues would be a more mature theology that would enable us to respond more realistically and creatively to the unprecedented challenges of the present age *The Bible: A Very Short Introduction* John Riches,2000-02-24 It is sometimes said that the Bible is one of the most unread books in the world yet has been a major force in the development of Western culture and continues to exert an enormous influence over many people s lives This Very Short Introduction looks at the importance accorded to the Bible by different communities and cultures and attempts to explain why it has generated such a rich variety of uses and interpretations It explores how the Bible was written the development of the canon the role of Biblical criticism the appropriation of the Bible in high and popular culture and its use for political ends ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable *Giving the Church* Michael Moynagh,2024-05-30 The nucleus of the church s vocation is to join the Spirit in giving communion in Christ to others in the form of new Christian communities for the benefit of the world But can the church be a welcome gift In *Giving the Church* leading ecclesiologist Michael Moynagh draws together recent thinking from the worlds of ecclesiology and missiology with significant sociological work on the idea of gift to provide a much needed theological rationale for some of the key missiological and ecclesiological movements in today s church Part 1 reworks some of the big themes in ecclesiology from this giving perspective the nature of the church the four marks the visible hidden church and inclusion exclusion Part 2 meanwhile draws on the extensive literature on gifts to offer an ethical framework for giving the church to others and uses this framework to provide fresh readings of liberationist herald and eucharistic models of the church It concludes by arguing that giving the church away can be a route to making the church a more attractive gift

The Incomparable God Brent A. Strawn,2023-05-30 My Lord There is no one like you among the gods Attempting to describe the nature of God often prompts the exclamation of the psalmist that God is unlike anyone or anything else And yet the claim is not simply the overflow of an adoring heart God s incomparability is a truth lodged deep within Christian Scripture In *The Incomparable God* Old Testament scholar Brent Strawn offers thoughtful insight into this theological

mystery This volume collects eighteen of Strawn's most provocative essays on the nature of God several of which are published for the first time here Strawn covers the following topics the complex portrayal of God in Genesis God's mercy in Exodus poetic description of God in the Psalms the Trinity in both testaments pedagogy of the Old Testament integration of faith and scholarship Encompassing close readings of Scripture biblical theological argument and considerations of praxis The Incomparable God is essential reading for Old Testament scholars and students **The Oxford History of Protestant Dissenting Traditions, Volume V** Mark P. Hutchinson, Mark Hutchinson, 2018 Volume V extends the study of the Oxford History of Dissenting Protestant Traditions series into the twentieth century following the spatial cultural and intellectual changes in dissenting identity and practice as these once European traditions globalized and settled down in other places

A Theological Introduction to the Old Testament Prof. Walter Brueggemann, Prof. Bruce C. Birch, Prof. Terence E. Fretheim, David L. Petersen, 2011-12-01 This book has become a standard text in seminary and university classrooms The purpose of this second edition is to help readers come to a critically informed understanding of the Old Testament as the church's scripture This book introduces the Old Testament both as a witness of ancient Israel and as a witness to the church and synagogue through the generations of those who have passed these texts on as scripture The authors of this volume share a commitment to the interpretation of the Old Testament as a central resource for the life of the church today At the same time they introduce the Old Testament witness in a manner that honors the importance of biblical scholarship in helping students engage the variety of theological voices within the Old Testament This second edition gives special attention to deepening and broadening theological interpretations by including for example issues related to gender race and class It also includes more detailed maps and charts for student use Engaging the Doctrine of Israel Matthew Levering, 2021-09-16 This book is the dogmatic sequel to Levering's Engaging the Doctrine of Marriage in which he argued that God's purpose in creating the cosmos is the eschatological marriage of God and his people God sets this marriage into motion through his covenantal election of a particular people the people of Israel Central to this people's relationship with the Creator God are their Scriptures exodus Torah Temple land and Davidic kingship As a Christian Israelology this book devotes a chapter to each of these topics investigating their theological significance both in light of ongoing Judaism and in light of Christian Scripture Old and New Testaments and Christian theology The book makes a significant contribution to charting a path forward for Jewish Christian dialogue from the perspective of post Vatican II Catholicism **God and Earthly Power** J. G. McConville, 2008-09-30 Compares perspectives from critical methodologies in Old Testament study with perspectives from the history of interpretation of key Old Testament political texts

Immerse yourself in heartwarming tales of love and emotion with Crafted by is touching creation, Tender Moments: **On Exodus A Liberation Perspective** .
