## **On God And Man:**

On God, Space, and Time Akiva J. Vroman, An infinite quantity remains the same infinite quantity if a finite quantity however large is subtracted from it On God Space and Time devotes itself to this proof **The Oeconomy of the Covenants, Between God and Man** Herman Witsius, 1804 *On God and Man* John Calvin, 1965-06 **God Has Come, He Is King** The Church of Almighty God, Almighty God Christ of the last days has expressed a variety of truths uncovered every truth and mystery in the Bible and revealed to mankind the inside story of the three stages of God's work the mystery of God becoming flesh and God's work of judgment in the last days etc This testifies that Almighty God is the return of the Lord Jesus and that He is the appearance of God in the last days *In the Twilight with God* Benjamin W. Farley, 2014-11-19 Granted that God may exist how may God be defined in our time Addressing this issue Benjamin Farley explores a variety of belief systems Western and Eastern religious and skeptical Taking an approach that is both critical of religion as well as sympathetic Farley refuses to shy away from hard questions or to dismiss constructive answers that speak to the human condition He distinguishes human intellectual ascent towards God from humankind's innate and inner sense to know and relate to the living God demonstrating the efforts and rewards of both approaches in Christianity as well as in Hinduism Buddhism Taoism and Zen Alongside these more obviously religious approaches Farley reviews the methodologies and findings of today's greatest scientific minds including skeptics such as Hawking Dawkins and Wilson as well as their skeptical forerunners of the past He argues that belief in God can no more ignore the scientific truth about the universe than science can dismiss the spiritual yearnings and hunger of humanity for purpose meaning and its inescapable sense of the presence of God Israel Yearbook on Human Rights, Volume 26 (1996) Yoram Dinstein, Fania Domb, 2020-10-26 The Israel Yearbook on Human Rights an annual published under the auspices of the Faculty of Law of Tel Aviv University since 1971 is devoted to publishing studies by distinguished scholars in Israel and other countries on human rights in peace and war with particular emphasis on problems relevant to the State of Israel and the Jewish people The Yearbook also incorporates documentary materials relating to Israel and the Administered Areas which are not otherwise available in English including summaries of judicial decisions compilations of legislative enactments and military proclamations Volume 26 contains amongst others articles on The Essence of Democracy Democracy in International Relations The Threats to Democracy and Democracy in Israel and the Palestinian Authority **Talking Seriously About God** Asle Eikrem, Atle O. Søvik, 2016 Talk about God is often the source of controversy Theists and atheists are equally passionate when making their stand for or against belief in God In this book a wide range of philosophers of religion have come together to discuss how serious talk about God ought to be conducted for theists and atheists alike in what should be their common pursuit for truth The essays both address methodological questions and provide a range of concrete samples of serious God talk spanning from political religion and classical proofs of God's existence to the problem of evil Series Nordic Studies in Theology Nordische Studien zur Atheism

Crawford, 1997-10-06 Why is there a world Does it reflect the presence of God in any way Did the world spontaneously come into existence or is there a creator How will it end Does God Exist Do religions give a coherent view of His existence and nature Can we enter into relation with Him Robert Crawford tries to answer these and other questions by arguing that religion and science complement one another and while they use different sources and methods insights can be gleaned from both concerning our nature the world and God Major attention is given to Christianity because modern science arose in that context but the discussion includes the teachings of five other religions in the hope that we can also learn from them      God's ways or man's ways: which are to prevail in 'the house of God', 'the church of the living God'? God, 1862      God's Foreknowledge and Man's Free Will Richard Rice, 2004-01-27 This book is a thought provoking study of some issues concerning the historic Calvinist Arminian debate Does God know absolutely everything that s going to happen Can He foresee future moral choices and actions which have not yet been made If one s future responses and behavior are totally foreknowable is she truly free Dr Richard Rice explores these and other fascinating questions which have sometimes divided Christians The author gives new perspective on one of the most fundamental issues of the Christian faith the relationship of God to His creation and the reality and extent of human freedom Carefully scrutinizing the Scriptures on this subject the author challenges the reader to examine for himself this critical issue of theology With strong theological background and sound biblical scholarship Dr Rice presents his viewpoint in a convincing and readable style      The Oracle Encyclopaedia , 1895      **The Works of Aurelius Augustine: Writings in connection with the Manichaeian heresy, translated by Richard Stothert. 1872** Saint Augustine (of Hippo), 1872      *God, Man, and Mortality* Hasan Horkuc, 2015-04-07 *God Man Mortality* is a collection of essays written both by seasoned and by up and coming scholars working the field known as Nursi studies The aim of these essays is to hold a mirror up to Nursi s teachings on a number of issues just as Nursi held a mirror up to the teachings of the Qur an The scope is broad covering subjects such as Divine immanence and transcendence human spirituality and man s role as Divine vicegerent Divine determining and free will and human conscience as evidence of the existence of God The topics presented by the authors are unashamedly theocentric in nature discussions on politics and legal theory are conspicuous by their absence We benefit from the depth of awareness that the contributors clearly have of Nursi s teachings and his place in the Muslim academe as well as from their lucid expository styles and strong authorial voices      **Islam in Everyday Arabic Speech** Moshe Piamenta, 1979      **Expository readings on the Books of Kings** John Cumming, 1859      **Summa Theologica: Third Part of the Second Part** St. Thomas Aquinas, 2018-02-06 The fourth volume in this epic and classic undertaking by one of the most notable theologians of the

Roman Catholic Church This volume features theological considerations towards such topics as Virtues Fortitude and Temperance Graces and States of Life and other important topics that we often take for granted in our thinking in the church and in worship towards God These topics must be carefully considered if we are to ever have a deep understanding and love of the one true God and his son Jesus Christ     *Sermons and Discourses on Several Important Subjects in Divinity* Thomas Boston, 1764
