Langdon Gilkey

On Niebuhr A Theological Study

Patrick Deneen

On Niebuhr A Theological Study:

On Niebuhr Langdon Gilkey, 2002-12-15 Reinhold Niebuhr was one of the last great public intellectuals of American life. Langdon Gilkey's fine new book on his theology can help counter the neglect into which his thought has fallen. Roger S. Gottlieb Tikkun This insightful engaging book offers a detailed and not uncritical examination of Reinhold Niebuhr whose theology and ideas loom so large in the intellectual history of twentieth century America. **Love and Justice** Reinhold Niebuhr, 1992-01-01 Niebuhr is renowned for his unflinching honesty concerning issues of social ethics specifically love and justice. His influence is great both inside and outside the Christian church. Now 64 of Niebuhr's important pieces about the problems of humanity and society are compiled in this single volume. **To See the Kingdom** James W. Fowler, 2001-03-02

Reinhold Niebuhr George Reginald Neal, 1984. The Theological Vision of Reinhold Niebuhr's "The Irony of American History" Scott R. Erwin, 2013-06-13 Reinhold Niebuhr remains at the center of a national conversation about America's role in the world and commentators with divergent political and religious positions draw upon his 1951 work *The Irony of American History* in support of their views. In this study Scott R. Erwin argues that an appreciation of Niebuhr's theological vision is necessary for understanding the full measure of *Irony*. An appreciation of Niebuhr's theology is important because the majority of individuals reading *Irony* today fail to acknowledge the central role that his Christian beliefs played in its formulation. Niebuhr described his theological vision as being in the battle and above it and in more extensive terms explained it to be a combination of moral resoluteness about the immediate issues with a religious awareness of another dimension of meaning and judgment. It was this perspective that led Niebuhr in *Irony* to assert that America must both take morally hazardous action in combating the aggression of the Soviet Union and engage in critical self evaluation to prevent the country from assuming the most odious traits of its Cold War foe. Niebuhr developed this theological vision over the course of the 1930s and 1940s through engagement with Christian doctrine as most readily seen in his academic works such as *The Nature and Destiny of Man* and engagement with current history as seen in his many journalistic writings during this period. By focusing primarily on Niebuhr's writings between 1931 and 1951 Erwin traces the development of his Christian interpretation of human nature and history establishes how it informed his theological vision and reveals how that theological vision underlay his writings on current affairs. Such excavation is necessary given the fact that Niebuhr became less explicit about the theological nature of his later writings. Indeed rather than clearly advance his theological vision in *Irony* Niebuhr chose to communicate it implicitly through the historical figure of Abraham Lincoln. In multiple writings over the course of his career Niebuhr referred to the sixteenth president as both America's greatest statesman and theologian and ultimately portrayed him as the personification of his own religious beliefs. Erwin demonstrates that the study of both Niebuhr's theological vision and his application of this vision throughout his life is instructive as the contemporary generation engages with global problems. *Reinhold Niebuhr in the 1960s* Ronald H. Stone, 2019-04-01 *The Civil Rights Movement* The Cuban

Missile Crisis The assassination of a president and a senator both from the same family Praise turns into protest hope into disenchantment as democracy's new day goes up in flames The 1960's was an era born in hope and ends in deep conflict During this era Reinhold Niebuhr once dubbed America's theologian retires from Union Seminary in New York Though little has been published about him in this decade much of Niebuhr's life and work are as much shaped and transformed by this era as his work shapes and transforms the discourse in theology ethics and the politics of the age Ronald H Stone a former student turned colleague of Niebuhr brilliantly introduces readers to the Niebuhr of the 1960's In his analysis of Niebuhr he shows a theologian whose work sometimes turns less theological and becomes more secular in his writing with a view toward speaking to a less religious more secular world around him Stone's delightful book introduces readers to never before seen letters between the author and Reinhold and Ursula Niebuhr Stone points the way for theologians ethicists politicians and those otherwise seeking justice and peace into the conflicted world today **Moral Man and Immoral Society** Reinhold

Niebuhr, 2010-08-01 This volume deals with the varied forms of shame reflected in biblical theological psychological and anthropological sources Although traditional theology and church practice concentrate on providing forgiveness for shameful behavior recent scholarship has discovered the crucial relevance of social shame evoked by mental status adversity slavery abuse illness grief and defeat Anthropologists sociologists and psychologists have discovered that unresolved social shame is related to racial and social prejudice to bullying crime genocide narcissism post traumatic stress and other forms of toxic behavior Eleven leaders in this research participated in a conference on The Shame Factor sponsored by St Mark's United Methodist Church in Lincoln NE in October 2010 Their essays explore the impact and the transformation of shame in a variety of arenas comprising in this volume a unique and innovative resource for contemporary religion therapy ethics and social analysis **The Responsible God** Donald Edward Fadner, 1975 The Responsible Self was H Richard Niebuhr's most important work in Christian ethics and it remains a landmark contribution to the field Here Niebuhr probes the fundamental character of the moral life He finds the key in the concept of responsibility which implies not only the freedom and flexibility of responsiveness to others but also a guiding ideal of unlimited concern that goes beyond vague norms and narrow codes

Reinhold Niebuhr Robin W. Lovin, 2007-09-01 Abingdon Pillars of Theology is a series for the college and seminary classroom designed to help students grasp the basic and necessary facts influence and significance of major theologians Written by major scholars these books will outline the context methodology organizing principles primary contributions and major writings of people who have shaped theology as we know it today Reinhold Niebuhr understood the tensions and complexities of the Christian Life His approach became to theology became known as Christian realism Through his life and work we can see the importance of paying attention to what is really happening and the witness we can make when we look at events with a wisdom shaped by a biblical understanding of history and human nature An excerpt from the Circuit Rider review In the face of recession and a troubled economy global warming and environmental peril war and the AIDS pandemic

contemporary Christians would be well served to ponder again the work and witness of Reinhold Niebuhr His work urges Christians and the church to define and claim our voice in the public arena Faithful and prophetic witness rooted and grounded in true Christian hope are needed now more than ever We are grateful to Prof Lovin for this important contribution to the life of thoughtful faith and faithful living [Click here to read the entire review](#)

Doing Theological Research Robert W. Pazmino,2009-09-01 This concise introductory work explores the essentials of doing theological research and writing It is a handy companion to assist persons as they begin and pursue theological education It provides an overview of expectations that both various professors have shared and students have reported over many years as basic wisdom to foster quality theological work It is a time tested resource to guide those called to seminary study *Ford's The Modern Theologians* Rachel Muers,Ashley Cocksworth,2024-03-18 Captures the multiple voices of Christian theology in a diverse and interconnected world through in depth studies of representative figures and overviews of key movements Providing an unparalleled overview of the subject The Modern Theologians provides an indispensable guide to the diverse approaches and perspectives within Christian theology from the early twentieth century to the present Each chapter is written by a leading scholar and explores the development and trajectory of modern theology while presenting critical accounts of a broad range of relevant topics and representative thinkers The fourth edition of The Modern Theologians is fully updated to provide readers with a clear picture of the broad spectrum and core concerns of modern Christian theology worldwide It offers new perspectives on key twentieth century figures and movements from different geographical and ecclesial contexts There are expanded sections on theological dialogue with non Christian traditions and on Christian theology s engagement with the arts and sciences A new section explores theological responses to urgent global challenges such as nationalism racism and the environmental crisis Providing the next generation of theologians with the tools needed to take theological conversations forward The Modern Theologians Explores Christian theology s engagement with multiple ways of knowing across diverse approaches and traditions Combines introductions to key modern theologians and coverage of the major movements within contemporary theology Identifies common dynamics found across theologies to enable cross contextual comparisons Positions individual theologians in geographical regions trans local movements and ecclesial contexts Features new and revised chapters written by experts in particular movements topics and individuals Providing in depth critical evaluation and extensive references to further readings and research Ford s The Modern Theologians An Introduction to Christian Theology since 1918 Fourth Edition remains an ideal textbook for undergraduate and graduate courses in Theology and Religious Studies such as Introduction to Christian Theology Systematic Theology Modern Theology and Modern Theologians It is also an invaluable resource for researchers those involved in various forms of Christian ministry teachers of religious studies and general readers engaged in independent study

Essays in Public Theology Dirkie Smit,2007-04-01 What is the role of the church in society What role did the church play in South Africa during apartheid in the struggle against apartheid and

during the period of transformation The essays collected and published in this volume deal with questions such as these They are all occasional pieces They were written over two decades and reflect the times in which they originated always intended for specific audiences always addressing issues of the particular moment The Oxford Handbook of Theological Ethics Gilbert Meilaender, William Werpehowski, 2007-08-09 Annotation What are the practical and theoretical issues that concern and shape theological ethics This handbook offers a guide to the discipline Written by an international group of 30 scholars the book is aimed at all students and academics who want to explore more fully essential topics in Christian ethics

Reinhold Niebuhr; His Religious, Social, and Political Thought Charles W. Kegley, 2009-12-01 This collection of essays by world scholars of different faiths and fields of study eloquently documents the importance and continuing influence of Niebuhr's extensive body of work Following an intellectual autobiography by Niebuhr are twenty essays forming a candid and vigorous discussion spanning the range of Niebuhr's thought Since Niebuhr first came to the world's attention as a critic of social conditions the book begins with an examination of his social thought especially as a Christian ethicist proceeding from this to the political sphere Further essays offer critical exposition criticism and questions on such topics as Niebuhr's philosophy of history his role in American political thought and life his theology and the historical roots of his thought For this new edition there are updated essays by John Bennett Arthur Schlesinger Jr and Kenneth Thompson plus new interpretations by Ronald Stone and Richard Fox Other contributors include Paul Tillich Emil Brunner and Abraham I Heschel A bibliography of Niebuhr's work has been brought up to date by D B Robertson **Reinhold Niebuhr and the Issues of Our Time** Richard Harries, 1986 **Religion and the Realist Tradition** Jodok Troy, 2013-09-11 This volume picks up a rather uninvested field of international relations theory the influence of religion on Realism as well as the power of Realism to address religious issues in world politics Although classical scholars of Realism rarely mention religion explicitly in their well known work this volume suggests that Realism offers serious ground for taking religion and faith into account as well as evaluating the impact of religion on its theoretical framework how religion and religious worldviews influence and affect the theoretical framework of Realism and how Realism approach religious issues in international relations as a relatively new field of international studies Although international relations scholars now widely deal with issues of religion large portions of the theoretical underpinning are missing In addressing this lack the volume illustrates the possibility of reform and change in Realism Furthermore the chapters reach out to normative statements The contributors offer a theoretical view on religion in international relations in the context of Realism but always connect this with actual real world related political problems The volume takes into account not only classical thinkers and approaches of Realism but also present day authors dealing with ethical and normative questions of international relations in the aftermath of 9 11 Offering a fresh perspective on the influence of religion on international relations theory this work will be of great interest to scholars of religion and international relations international relations theory and political philosophy **Democratic Faith** Patrick

Deneen,2009-01-10 The American political reformer Herbert Croly wrote For better or worse democracy cannot be disentangled from an aspiration toward human perfectibility Democratic Faith is at once a trenchant analysis and a powerful critique of this underlying assumption that informs democratic theory Patrick Deneen argues that among democracy s most ardent supporters there is an oft expressed belief in the need to transform human beings in order to reconcile the sometimes disappointing reality of human self interest with the democratic ideal of selfless commitment This transformative impulse is frequently couched in religious language such as the need for political redemption This is all the more striking given the frequent accompanying condemnation of traditional religious belief that informs the democratic faith At the same time because so often this democratic ideal fails to materialize democratic faith is often subject to a particularly intense form of disappointment A mutually reinforcing cycle of faith and disillusionment is frequently exhibited by those who profess a democratic faith in effect imperiling democratic commitments due to the cynicism of its most fervent erstwhile supporters Deneen argues that democracy is ill served by such faith Instead he proposes a form of democratic realism that recognizes democracy not as a regime with aspirations to perfection but that justifies democracy as the regime most appropriate for imperfect humans If democratic faith aspires to transformation democratic realism insists on the central importance of humility hope and charity

Making the Best of It John G. Stackhouse,2011-10 What should be the Christian s attitude toward society When so much of our contemporary culture is at odds with Christian beliefs and mores it may seem that serious Christians now have only two choices transform society completely according to Christian values or retreat into the cloister of sectarian fellowship In Making the Best of It John Stackhouse offers a more balanced and fruitful alternative to these extremes He argues that rather than trying to root up the weeds in the cultural field or trying to shun them Christians should practice persistence in gardening God s world and building toward the New Jerusalem History of the Theological Method of Reinhold Niebuhr James Vincent Leatt,1973*

The Oxford Dictionary of the Christian Church Andrew Louth,2022-02-17 Uniquely authoritative and wide ranging in its scope The Oxford Dictionary of the Christian Church is the indispensable reference work on all aspects of the Christian Church It contains over 6 500 cross referenced A Z entries and offers unrivalled coverage of all aspects of this vast and often complex subject from theology churches and denominations patristic scholarship and the bible to the church calendar and its organization popes archbishops other church leaders saints and mystics In this new edition great efforts have been made to increase and strengthen coverage of non Anglican denominations for example non Western European Christianity as well as broadening the focus on Christianity and the history of churches in areas beyond Western Europe In particular there have been extensive additions with regards to the Christian Church in Asia Africa Latin America North America and Australasia Significant updates have also been included on topics such as liturgy Canon Law recent international developments non Anglican missionary activity and the increasingly important area of moral and pastoral theology among many others Since its first appearance in 1957 the ODCC has

established itself as an essential resource for ordinands clergy and members of religious orders and an invaluable tool for academics teachers and students of church history and theology as well as for the general reader
