On Our Selection The Screenplay:

Dad & Dave on Our Selection George Whaley, 1995-01 Screenplay adaptation of the Rudd Bert Bailey Edmund Duggan stage melodrama On Our Selection The original play first produced in 1912 was the source of Ken G Hall's 1932 film The 1995 film version On Our Selection by George Whaley aimed to make a 1990s version of the classic Dad and Dave stories maintaining the Steele Rudd style spirit and objectives This book includes a preface by the writer director information about the Dad and Dave legend details of the cast and crew of the recent film the film script and the words to the songs by Peter Best **The Book of the Film and the Film of the Book** Wayne Levy, 1995 **Screenwriters** José Guilherme Correa, 2016-07-13 Screen writing is a unique literary form Screenplays are like musical scores in that they are intended to be interpreted on the basis of other artists performances rather than serving as finished products for the enjoyment of their readers They are written using technical jargon and tight spare prose to describe set directions Unlike a novella a script focuses on describing the literal visual aspects of the story rather than on its characters internal thoughts In screen writing the aim is to evoke those thoughts and emotions through subtext action and symbolism Prominent Hollywood script doctors include Steve Zaillian William Goldman Robert Towne Mort Nathan Quentin Tarantino etc while many up and coming screenwriters work as ghost writers This book is a modest catalogue of some of the most prominent screenwriters listed from A to Z The good are sometimes bad and they can be even Ugly Many comments herein included were googled in deference to the multiplicity of information available today yet they reflect exactly or almost what I thought An amazing thing today is how anonymous commentators on the Internet rival and even surpass the poor quality of professional media and specialised literature It all comes down to watching the truth 24 times per second to quote Jean Luc Godard's phrase Not to mention that such truth may include sex scenes violence pedophilia etc We know that a literary masterpiece like Henry James Portrait of a Lady became a film of very poor quality as scripted by Laura Jones We know conversely that a mediocre writer like Mickey Spillane inspired at least one film as remarkable as Kiss Me Deadly thanks to A I Bezzerides script As a former screenwriter Mr Correa must avow that he found the job most gratifying Writing that looks effortless is often hellish to write and revise It was something he did have to slog through but it proved particularly pleasing Editing discussing finishing your work is particularly gratifying Identifying your flaws and working to mitigate them is also gratifying It is a general perception that creative careers are more interesting and fun than others But the privilege of earning money through imagination and creativity is effectively hard won Please comment at will Please disagree at will Be facetious in your remarks but please be neither vicious nor mean spirited **Our Selection On: Writings on Cinemas' Histories** Jeff Doyle, William Van der Heide, Susan Cowan, 1998 Prewriting Your Screenplay Michael Tabb, 2018-07-16 Prewriting Your Screenplay cements all the bricks of a story's foundations together and forms a single organic story growing technique starting with a blank slate It shows writers how to design each element so that they perfectly interlock together like pieces of a puzzle creating a stronger

story foundation that does not leave gaps and holes for readers to find This construction process is performed one piece at a time one character at a time building and incorporating each element into the whole The book provides a clear cut set of lessons that teaches how to construct that story base around concepts as individual as the writer s personal opinions helping to foster an individual writer s voice It also features end of chapter exercises that offer step by step guidance in applying each lesson providing screenwriters with a concrete approach to building a strong foundation for a screenplay This is the quintessential book for all writers taking their first steps towards developing a screenplay from nothing getting them over that first monumental hump resulting in a well formulated story concept that is cohesive and professional *Writing for the Green Light* Scott Kirkpatrick,2015-03-02 Tailor your screenplay to sell Find out what Hollywood script readers producers and studio executives want in a screenplay and why from someone who s been there Discover what it takes to begin a lasting career as a screenwriter Peppered with interviews from established professionals *Writing for the Green Light How to Make Your Script the One Hollywood Notices* gives you a sharp competitive edge by showcasing dozens of everyday events that go on at the studios but are rarely if ever discussed in most screenwriting books With his behind the scenes perspective Scott Kirkpatrick shows you why the system works the way it does and how you can use its unwritten rules to your advantage He answers such questions as Who actually reads your script How do you pique the interest of studios and decision makers What do agents producers and production companies need in a script How much is a script worth What are the best genres for new writers and why What are real steps you can take to break in to television writing How do you best present or pitch a project without looking desperate How do you negotiate a contract without an agent How do you exude confidence and seal your first deal These and other insights are sure to give you and your screenplay a leg up for success in this competitive landscape
