**Andrew Bennett, Nicholas Royle**

## On Referring In Literature:

**On Referring in Literature** Anna Whiteside, Michael Issacharoff, 1987 What is the relationship between the real world and fictional constructs How is referential illusion created The purpose of this volume is to show the close links between reference and interpretation It examines types of literary reference showing what it is and how it works [An Introduction to Literature, Criticism and Theory](#) Andrew Bennett, Nicholas Royle, 2016-03-02 Lively original and highly readable An Introduction to Literature Criticism and Theory is the essential guide to literary studies Starting at The Beginning and concluding with The End chapters range from the familiar such as Character Narrative and The Author to the more unusual such as Secrets Pleasure and Ghosts Now in its fifth edition Bennett and Royle's classic textbook successfully illuminates complex ideas by engaging directly with literary works so that a reading of Jane Eyre opens up ways of thinking about racial difference for example while Chaucer Raymond Chandler and Monty Python are all invoked in a discussion of literature and laughter The fifth edition has been revised throughout and includes four new chapters Feelings Wounds Body and Love to incorporate exciting recent developments in literary studies In addition to further reading sections at the end of each chapter the book contains a comprehensive bibliography and a glossary of key literary terms A breath of fresh air in a field that can often seem dry and dauntingly theoretical this book will open the reader's eyes to the exhilarating possibilities of reading and studying literature **Powerless Fictions?** Ricardo Miguel-Alfonso, 2023-04-12 Postmodern Studies deals with any aspect of postmodernism or of postmodernity and the postmodern in relation to literature **The Publishers' Circular and General Record of British Literature**, 1861 *Reference Guide to Russian Literature* Neil Cornwell, Nicole Christian, 1998 First Published in 1998 Routledge is an imprint of Taylor Francis an informa company *Reference Catalogue of Current Literature*, 1924 **Guide to the Study and Use of Reference Books** Alice Bertha Kroeger, 1904

**Encyclopedia of Contemporary Literary Theory** Irene Rima Makaryk, 1993-01-01 The last half of the twentieth century has seen the emergence of literary theory as a new discipline As with any body of scholarship various schools of thought exist and sometimes conflict within it I R Makaryk has compiled a welcome guide to the field Accessible and jargon free the Encyclopedia of Contemporary Literary Theory provides lucid concise explanations of myriad approaches to literature that have arisen over the past forty years Some 170 scholars from around the world have contributed their expertise to this volume Their work is organized into three parts In Part I forty evaluative essays examine the historical and cultural context out of which new schools of and approaches to literature arose The essays also discuss the uses and limitations of the various schools and the key issues they address Part II focuses on individual theorists It provides a more detailed picture of the network of scholars not always easily pigeonholed into the categories of Part I This second section analyses the individual achievements as well as the influence of specific scholars and places them in a larger critical context Part III deals with the vocabulary of literary theory It identifies significant complex terms places them in context and explains

their origins and use Accessibility is a key feature of the work By avoiding jargon providing mini bibliographies and cross referencing throughout Makaryk has provided an indispensable tool for literary theorists and historians and for all scholars and students of contemporary criticism and culture

The Value of Literature Rafe McGregor, 2016-08-22 In *The Value of Literature* Rafe McGregor employs a unique approach the combination of philosophical work on value theory and critical work on the relationship between form and content to present a new argument for and defence of literary humanism He argues that literature has value for art for culture and for humanity in short that it matters Unlike most contemporary defenders of literary value the author's strategy does not involve arguing that literature is good as a means to one of the various ends that matter to human beings It is not that literature necessarily makes us cleverer more sensitive more virtuous more creative or just generally better people Nor is it true that there is a necessary relation between literature and edification clarification cultural critique catharsis or therapy Rather than offer an argument that forges a tenuous link between literature and truth or literature and virtue or literature and the sacred this book analyses the non derivative sui generis value characteristic of literature and demonstrates why that matters as an end in itself
