Paul De Man Deconstruction And The Critique Of Aesthetic Ideology:

Paul de Man (Routledge Revivals) Christopher Norris, 2009-12-10 Paul de Man literary critic literary philosopher American deconstructionist changed the landscape of criticism through his rigorous theories and writings Upon its original publication in 1988 Christopher Norris book was the first full length introduction to de Man a reading that offers a much needed corrective to the pattern of extreme antithetical response which marked the initial reception to de Man s writings Norris addresses de Man s relationship to philosophical thinking in the post Kantian tradition his concern with aesthetic ideology as a potent force of mystification within and beyond that tradition and the vexed issue of de Man s politics Norris brings out the marked shift of allegiance in de Man s thinking from the thinly veiled conservative implications of the early essays to the engagement with Marx and Foucault on matters of language and politics in the late posthumous writing At each stage Norris raises these questions through a detailed close reading of individual texts which will be welcomed by those who lack any specialised knowledge of de Man s work *Paul De Man* Christopher Norris, 1988-05-01

Walter Benjamin and the Aesthetics of Power Lutz Peter Koepnick, 1999-01-01 Walter Benjamin and the Aesthetics of Power explores Walter Benjamin s seminal writings on the relationship between mass culture and fascism The book offers a nuanced reading of Benjamin s widely influential critique of aesthetic politics while it contributes to current debates about the cultural projects of Nazi Germany the changing role of popular culture in the twentieth century and the way in which Nazi aesthetics have persisted into the present Lutz Koepnick first explores the development of the aestheticization thesis in Benjamin s work from the early 1920s to his death in 1940 Pushing Benjamin s fragmentary remarks to a logical conclusion Koepnick sheds light on the ways in which the Nazis employed industrial mass culture to redress the political as a self referential space of authenticity and self assertion Koepnick then examines to what extent Benjamin s analysis of fascism holds up to recent historical analyses of the National Socialist period and whether Benjamin s aestheticization thesis can help conceptualize cultural politics today Although Koepnick insists on crucial differences between the stage managing of political action in modern and postmodern societies he argues throughout that it is in Benjamin s emphatic insistence on experience that we may find the relevance of his reflections today Walter Benjamin and the Aesthetics of Power is both an important contribution to Benjamin studies and a revealing addition to our understanding of the Third Reich and of contemporary culture s uneasy relationship to Nazi culture

The Poetics of Reading Eitel Friedrich Timm, Kenneth Mendoza, 1993 Situates the act of critical reading in the context of poetic aesthetics This volume situates the act of critical reading in the context of poetic aesthetics Running alongside recent post structuralist theories the textuality of such matters as literary discourse history media philosophy and religion has emerged as a focal point of debate in the humanities The essays here examine how questions of the canon genres and transformation of texts challenge the present epistemological situation taking an interdisciplinary approach to textual readings their methodology is drawn from a range of literary figures and critics

including Lessing Kafka Walter Benjamin and Derrida The study also addresses the controversial predicament of subjectivity as one of the key terms in current literary and historical scholarship

The Anatomy of Bloom Alistair Heys, 2014-07-31 Here at last is a comprehensive introduction to the career of America's leading intellectual The Anatomy of Bloom surveys Harold Bloom's life as a literary critic exploring all of his books in chronological order to reveal that his work and especially his classic *The Anxiety of Influence* is best understood as an expression of reprobate American Protestantism and yet haunted by a Jewish fascination with the Holocaust Heys traces Bloom's intellectual development from his formative years spent as a poor second generation immigrant in the Bronx to his later eminence as an international literary phenomenon He argues that as the quintessential living embodiment of the American dream Bloom's career path deconstructs the very foundations of American Protestantism

Wordsworth, Dialogics and the Practice of Criticism Don H. Bialostosky, 1992-02-28 Wordsworth's poetry has been a focus for many of the theoretical schools of criticism that comprise modern literary studies Don Bialostosky here proposes to adjudicate the diverse claims of these numerous schools and to trace their implications for teaching Bialostosky draws on the work of Bakhtin and his followers to create a dialogic critical synthesis of what Wordsworth's readers from Coleridge to de Man have made of his poetry He reveals Wordsworth's poetry as itself dialogically responding to its various contexts and opens up fruitful possibilities for criticism and teaching of Wordsworth This challenging book uses the case of Wordsworth studies to make a far reaching survey of modern literary theory and its implications for the practice of criticism and teaching today

Criticism and Literary Theory 1890 to the Present Chris Baldick, 2014-06-11 Presents a coherent and accessible historical account of the major phases of British and American Twentieth century criticism from decadent aestheticism to feminist deconstructionist and post colonial theories Special attention is given to new perspectives on Shakespearean criticism theories of the novel and models of the literary canon The book will help to define and account for the major developments in literary criticism during this century exploring the full diversity of critical work from major critics such as T S Eliot and F R Leavis to minor but fascinating figures and critical schools Unlike most guides to modern literary theory its focus is firmly on developments within the English speaking world

What's Wrong with Postmodernism? Christopher Norris, 1990 In *What's Wrong with Postmodernism* Norris critiques the postmodern pragmatist malaise of Baudrillard Fish Rorty and Lyotard In contrast he finds a continuing critical impulse an enlightened or emancipatory interest in thinkers like Derrida de Man Bhaskar and Habermas Offering a provocative reassessment of Derrida's influence on modern thinking Norris attempts to sever the tie between deconstruction and American literary critics who he argues favor endless playful polysemic interpretation at the expense of systematic argument As he explores leftist attempts to arrive at an accommodation with postmodernism Norris addresses the politics of deconstruction the issue of men in feminism Habermas quarrel with Derrida narrative theory as a hermeneutic paradigm musical aesthetics in relation to literary theory and various aspects of postmodern debate A chapter on Stanley Fish brings

several of these topics together and offers a generalized statement on the function of current criticism

Modern Criticism and Theory Nigel Wood, David Lodge, 2014-06-11 This third edition of *Modern Criticism and Theory* represents a major expansion on its previous incarnations with some twenty five new pieces or essays included This expansion has two principal purposes Firstly in keeping with the collection's aim to reflect contemporary preoccupations the reader has expanded forward to include such newly emergent considerations as ecocriticism and post theory Secondly with the aim of presenting as broad an account of modern theory as possible the reader expands backwards to take in exemplary pieces by formative writers and thinkers of the late nineteenth and early twentieth centuries such as Marx Freud and Virginia Woolf This radical expansion of content is prefaced by a wide ranging introduction which provides a rationale for the collection and demonstrates how connections can be made between competing theories and critical schools The purpose of the collection remains that of introducing the reader to the guiding concepts of contemporary literary and cultural debate It does so by presenting substantial extracts from seminal thinkers and surrounding them with the contextual materials necessary to a full understanding Each selection has a headnote which gives biographical details of the author and provides suggestions for further reading and footnotes that help explain difficult references The collection is ordered both historically and thematically and readers are encouraged to draw for themselves connections between essays and theories *Modern Criticism and Theory* has long been regarded as a necessary collection Now revised for the twenty first century it goes further and provides students and the general reader with a wide ranging survey of the complex landscape of modern theory and a critical assessment of the way we think and live in the world today

The Language of Fiction in a World of Pain Barbara J. Eckstein, 1990-10 This book offers new and provocative readings of Milan Kundera's *Book of Laughter and Forgetting* J M Coetzee's *Waiting for the Barbarians* and *Life and Times of Michael K* selected short fiction of Nadine Gordimer and Grace Paley Ibuse Masuji's *Black Rain* John Hawkes's *Travesty* and others

Speaking With the Dead Jurgen Pieters, 2019-08-06 This book deals with the special power of literary texts to put us in contact with the past A large number of authors coming from different ages have described this power in terms of the conversation with the dead when we read these texts we somehow find ourselves conducting a special kind of dialogue with dead authors The book covers a number of texts and authors that make use of this metaphor Petrarch Machiavelli Sidney Flaubert Michelet Barthes In connecting these texts and authors in novel ways Jurgen Pieters tackles the all important question of why we remain fascinated with literature in general and with the specific texts that to us are still its backbone Situated in the aftermath of New Historicism the book challenges the idea that literary history as a reading practice stems from a desire to speak with the dead

Key Features Offers a broad survey a combination of classical literature Renaissance literature and modern theory and history Issues a plea for the importance of reading literary texts and the power of literature Discusses key figures from the Western canon Homer Virgil Dante Machiavelli in light of the idea that we can learn from the past by talking to the dead Combines theoretical discussions

of the relationship between literature and history with close reading of works by major literary authors and historians

who are interested in contemporary legal theory there has been a dialogue of the deaf which cannot continue Starting from the position that contemporary critiques of linguistic meaning and legal certainty are too important to be dismissed Desmond Manderson takes up the political and intellectual challenge they pose Can the rule of law be re configured in light of the critical turn of the past several years in legal theory rather than being steadfastly opposed to it Pursuing a reflection upon the relationship between law and the humanities the book stages an encounter between the influential theoretical work of Jacques Derrida and Mikhail Bakhtin and D H Lawrence s strange and misunderstood novel Kangaroo 1923 At a critical juncture in our intellectual history the modernist movement at the end of the first world war and struggling with the same problems we are puzzling over today Lawrence articulated complex ideas about the nature of justice and the nature of literature Using Lawrence to clarify Derrida s writings on law as well as using Derrida and Bakhtin to clarify Lawrence s experience of literature Manderson makes a robust case for law and literature With this framework in mind he outlines a post positivist conception of the rule of law in which justice is imperfectly possible rather than perfectly impossible Music and Transcendence Ferdia J. Stone-Davis, 2016-03-03 Music and Transcendence explores the ways in which music relates to transcendence by bringing together the disciplines of musicology philosophy and theology thereby uncovering congruencies between them that have often been obscured Music has the capacity to take one outside of oneself and place one in relation to that which is other This other can be conceived in an absolute sense insofar as music can be thought to place the self in relation to a divine other beyond the human frame of existence However the other can equally well be conceived in an immanent or secular sense as music is a human activity that relates to other cultural practices Music here places the self in relation to other people and to the world more generally shaping how the world is understood without any reference to a God or gods The book examines how music has not only played a significant role in many philosophical and theological accounts of the nature of existence and the self but also provides a valuable resource for the creation of meaning on a day to day basis

Human Rights in a Posthuman World Upendra Baxi, 2009-04-29 This major work a sequel to the acclaimed The Future of Human Rights brings together reflections on human rights theory in the contemporary human condition delineated by the discourses concerning development terror and the emergent posthuman While acknowledging the precarious place of human rights today the author points to the emancipatory potential of the posthuman contending that human rights norms and standards remain constitutive conditions of the emergence of the posthuman This thought provoking volume will interest scholars and students of human rights political philosophy development economics and international law as well as activists and policymakers in the fields of law and development
