Semitic Influence in Hellenic Mythology Robert Brown, 2006-04-11 The leaders in England of two schools of mythology based mainly in the one case on Aryan linguistics and in the other on anthropology have recently published their revised and probably final conclusions The time therefore seems oportune for a statement of the principles of a third School which for present purposes I may style the Aryo Semitic Its members whilst paying every respect to the system of Aryan philology and fully recognizing the vast results that have sprung from the scientific application of Aryan linguistics are nevertheless of opinion that the Aryanists have been unable to explain Hellenic mythology and Hellenic archaic history as a whole because they have almost wholly ignored or denied the existence of that great mass of Semitic influence which the Aryo Semitic School hold is to be found throughout the length and breadth of Hellas This latter School moreover is in entire sympathy with the researches of anthropology in general and of folklore in particular The Mythology of All Races: Greek and Roman, by W.
