dramatically affecting everything from politics to social activism education and censorship      **The Report: Senegal 2008**

House,2001 Some vols include supplemental journals of such proceedings of the sessions as during the time they were depending were ordered to be kept secret and respecting which the injunction of secrecy was afterwards taken off by the order of the House      My Apingi Kingdom: with Life in the Great Sahara, and Sketches of the Chase of the Ostrich, Hyena, &c Paul Belloni Du Chaillu,1871      The Gambia and Its People Godfrey Mwakikagile,2010 The author looks at The Gambia and its people and how this African country has been able to achieve cultural integration on a national level He also provides a comprehensive picture of the country s nation identity which is a fusion of the multiple identities of the various ethno cultural groups which collectively constitute the Gambian nation The work is a study of ethnic cultures and identities in the Gambian context whose relevance is continental in scope Ethnicity is the primary identity in most African countries It transcends national identity Understanding its role in the lives of most Africans also helps us to understand African countries with all their complexities which collectively define the continent In spite of its ethnic and cultural diversity The Gambia is one of the most united countries in Africa It s also one of the most peaceful enjoying harmonious relations among its various ethnic groups unlike many African countries where instability and civil strife caused by ethnic rivalries fuelled by unscrupulous politicians is the defining feature of national life The ability of the various ethnic groups in The Gambia to interact harmoniously has led to cultural integration on a scale unheard of in most African countries While it s true that different tribal cultures do exist in The Gambia it s equally true that there also exists a national culture which unites the country s various ethnic groups into a cohesive whole transcending ethno regional loyalties As an ethnically diverse nation The Gambia is a microcosm of Africa a continent whose countries are characterised by ethnic and cultural diversity where rivalries along tribal and regional lines are the norm rather than the exception But The Gambia also is a good example of what many African countries have yet to be united with a solid national identity that has not been fractured or fragmented by ethnic conflicts Cultural integration on a national scale remains an elusive goal in most African countries But if there are a few countries on the continent which have achieved cultural integration The Gambia is one them It has in fact even achieved cultural fusion in some respects as we learn from this work which focuses on Africa s smallest country and its people The work is intended to be a general introduction and may help members of the general public learn some basic facts about The Gambia which because of its strategic location and other attributes has earned distinction as a gateway to West Africa People going to The Gambia may find this work to be useful Students in various academic fields may also benefit from the interdisciplinary approach taken by the author in his study of this African country It s comprehensive enough as an introductory work on the people of The Gambia and their ethnic identities and cultures      **Reports of the Lords of the Committee of Council appointed for the consideration of all matters relating to Trade and Foreign Plantations; submitting ... the evidence and**

In *Shifting Perceptions of Migration in Senegalese Literature Film and Social Media* Mahriana Rofheart proposes a revised understanding of Senegalese migration narratives by asserting the importance of both local and global connections in recent novels hip hop songs and documentary videos Much previous research on migration narratives in French from Africa has suggested that contemporary authors often do not consider their countries of origin upon departure and instead focus on life abroad or favor a global perspective Rofheart instead demonstrates that today's Senegalese novelists and hip hop artists whether living in France or Senegal express connections to communities both in Senegal and abroad to cope with the traumatic experience of emigration and return Ultimately Rofheart asserts that Senegalese national identity remains significant to the way these authors and artists respond to migration In her examination of novels in French hip hop songs in French and Wolof and online documentaries as well as the social and economic currents that influence the texts production and circulation Rofheart engages with scholarship on transnationalism postcolonialism popular culture and new media studies The study's initial chapters address well known works from the mid twentieth century including Cheikh Hamidou Kane's *Ambiguous Adventure* as well as the films of Ousmane Sembène and Djibril Diop Mambéty This book then demonstrates how novelists such as Aminata Sow Fall and Fatou Diome as well as hip hop artists including Simon and Awadi break with previous tragic depictions of migration in novels and films to present successful responses to the contemporary context of frequent emigration from Senegal
