Primary School Leadership in Context Geoff Southworth, 2004 In this important new book Geoff Southworth a leading researcher in headship specifically addresses how school size impacts on the role of the headteacher

School Turnaround in Secondary Schools Coby V. Meyers, Marlene J. Darwin, 2019-12-01 In the continuing quest to turnaround the lowest performing schools rapid and sustainable reform or school turnaround seems most elusive for secondary schools Secondary schools are rife with challenges due to their wide ranging mission and organizational complexity With the continued emphasis on college and career readiness and the vast learning possibilities enhanced by technology our third book in this series Contemporary Perspectives on School Turnaround and Reform focuses on rapid school turnaround and reform in secondary schools In this edited volume researchers and scholars consider the doubly perplexing challenge of school turnaround or the rapid improvement of the lowest performing secondary schools Although there is some evidence that school turnaround policy can impact student achievement scores research across international contexts seldom identifies schools that substantially changed student learning trajectories and sustained them Separately many societies have found improving secondary schools a relatively intractable problem for multiple reasons

including school size and complexity the micropolitics of teaching and leading within them and cumulative widening student achievement gaps In combination there are almost no examples of low performing secondary schools turning around The chapters in this book begin to offer some hope about how policymakers practitioners and researchers might begin to reconceptualize how they engage in and undertake the work of rapidly improving low performing secondary schools The authors provide theoretical and conceptual advancements offer lessons learned from both successful and unsuccessful initiatives and address practical issues with potentially accessible ways forward Leading and Managing Continuing Professional Development Peter Earley, Sara Bubb, 2004-03-22 This book gives an up to date picture of a rapidly changing field enhances understanding of continuing professional development and its potential to bring about change and development to improve the quality of teaching and learning in schools **Leading & Managing Continuing Professional Development** Sara Bubb, Peter Earley, 2007-09-25 Praise for the first edition Peter Earley and Sara Bubb bring together in a very accessible way theoretical and practical aspects of CPD and suggest how leadership and management can be applied in this vital area of staff development This book will help co ordinators and school leaders to develop their most important resource the people who work with the children Richard Stainton Education Journal The most obvious target user for the book is the not rare person suddenly hoist with the staff development responsibility petard but thoughtfully used most staffrooms will include several people who could benefit from thinking about its contents and putting some of the ideas into practice British Journal Educational Technology This book is a welcome and practical guide to the wealth of publications on Continuing Professional Development M akes an excellent contribution to the current and widening debate on the nature of Continuing Professional Development For School Leadership Teams it is an essential resource and reference for the managing of professional development and learning It also serves as an excellent practical guide and CPD coordinators reading this book will find themselves questioning and as a result developing their own practice The book is written in accessible language using believable case studies to illustrate the wealth of research that has been carried out The deeply embedded notion among some teachers that professional development consists of the one day course is challenged and the reader is left in no doubt as to the range of opportunities that exist and need for them to be harnessed in order to ensure school improvement The book is will surely act as a catalyst for the review and development of CPD in schools Stephen Merrill Edge Hill College of Higher Education British Journal In Service Education A practical guide to all aspects of professional development which ought to be in the possession of every professional development coordinator in every primary and secondary school in the land and their colleagues in leadership teams Tim Brighouse TES Friday Magazine This new edition of a best selling book provides an up to date overview of Continuing Professional Development CPD combined with a guide to best practice Changes include expanded sections on the professional development of support staff and the wider school workforce particularly important in the light of workforce remodelling and the evaluation of CPD more on

making sure that professional development has an impact and provides good value for money the common core of skills and knowledge for the children s workforce the new standards for qualified teacher status induction threshold excellent teachers and advanced skills teachers as well as those for higher level teaching assistants Drawing on the latest research the contents include a clear explanation of CPD and latest developments practical tips on how to lead and manage CPD for a range of staff in schools identifying training needs designing and implementing programmes and evaluating their impact detailed guidance on CPD for staff at different stages of their careers Written in a clear readable style it covers the latest standards and offers examples of current good practice It is an essential professional reference for all those responsible for leading and managing professional learning in schools headteachers deputies CPD and staff development coordinators and Local Authorities LAs It will also prove invaluable to training providers and universities

Managing Effective Relationships in Education Carol Cardno,2012-04-04 Combining a theoretical and a practical approach this book provides a guide to educational administration management and leadership across sectors The author focuses on two particular topics organizational learning and dilemma management More specifically the author looks at how to bring about productive relationships in order to solve complex problems showing how effectiveness is enhanced when complex problems are resolved collaboratively and trustingly This book will stimulate and support practicing and aspiring educational leaders at all levels and in all types of educational organizations

A Handbook for Deputy Heads in Schools Jim Donnelly,2014-06-11 Aims to provide deputy heads with a practical guide to their complex role in schools Drawing on his own experience and mindful of the increasing managerial demands of a more competitive education system the author offers advice on managing staff student care examinations and much more

Managing Schools Bryan T. Peck,1998 Twenty six case studies provide an overview of some of the problems and issues facing school directors in the European Union member countries and in associated countries The studies highlight school management present a comparative analysis of the main developments and provides a range of examples illustrating how school directors have interpreted introduced and developed the European Dimension in their schools Annotation copyrighted by Book News Inc Portland OR

Strategic Direction and Development of the School Professor Brent Davies,Linda Ellison,2005-08-10 The government is now training around 6000 deputy heads per year towards a new qualification the National Professional Qualification for Headship NPQH This book covers the one compulsory module for this qualification which is called Strategic Direction and Development of the School This book will be essential for all those embarking on the NPQH and those teaching or supervising it

Next Generation of Information Technology in Educational Management Don Passey,Andreas Breiter,Adrie Visscher,2013-05-13 This book constitutes the refereed post proceedings of the 10th IFIP WG 3.7 Conference on Information Technology in Educational Management ITEM 2012 held in Bremen Germany in August 2012 The 16 revised full papers presented were carefully reviewed and selected The papers offer an outstanding overview of the contemporary field of information technology in educational management They focus on four

key questions Why do we need new educational management information systems What issues face those developing new educational management information systems What new educational management information systems are being developed What educational management systems are already in place *The Insider's Guide for New Teachers* Sara Bubb,2003 Sara Bubb tackles all the need to know topics for trainee or newly qualified teachers from the perspective of someone actually involved in training The book answers questions posed by those already in the process of studying or teaching covering the spectrum of experience **The Skills of Primary School Management** Les Bell,Chris Rhodes,2002-01-04 This book is for all teachers who have curriculum and management responsibilities in primary schools or who aspire to those positions It provides an analysis of those responsibilities and of how they may best be exercised in the changing climate of primary education It takes account of the many radical policy changes that have influenced the management of primary schools since 1988 Above all it offers practical guidelines on which effective strategies for managing primary schools may be based while recognising that good management is not an end in itself *Critical Reading and Writing for Postgraduates* Mike Wallace,Alison Wray,Author,2021-03-03 Reading critically and writing using critical techniques are crucial skills you need to apply to your academic work If you need to engage with published or unpublished literature such as essays dissertations or theses research papers or oral presentations this proven guide helps you develop a reflective and advanced critical approach to your research and writing New to this edition Two new chapters on basic and advanced writing skills More advice on self bias and perception Updates and additional examples throughout Updated online resources providing additional support A Companion Website provides additional resources to help you apply the critical techniques you learn From templates and checklists access to SAGE journal articles and additional case studies these free resources will make sure you successfully master advanced critical skills **Law, Religious Freedoms and Education in Europe** Myriam Hunter-Henin,2016-04-22 This collection considers how contemporary cultural and religious diversity challenges and redefines national constitutional and legal frameworks and concepts within the context of education It offers a critical reflection on the extent and meanings given to religious freedom in education across Europe The contributions deal primarily with Western Europe although the book also includes a study of the US vibrant debates on Creationism This volume considers issues such as religious expression faith schooling and worship in schools in a multidisciplinary and comparative approach The book first examines key concepts before presenting national models of religion and education in Europe and analyzing case studies relating to religious symbols worn at school and to the teaching of religious education Legal questions are examined in a wider context in the light of the intentions of state policy and of current national and transnational debates Controversies on the legal implications of personal and national identities are for example analyzed From a comparative perspective the chapters examine the possible converging power of human rights and anti discrimination discourses and reveal the difficulties and risks involved in seeking to identify the best model for Europe This topical study of a highly sensitive area of education

presents a valuable insight for students researchers and academics with an interest in cultural and religious diversity human rights and education

Implementing Education Policies Scotland's Curriculum for Excellence Into the Future

OECD,2021-06-21 Students in Scotland United Kingdom engage in learning through Curriculum for Excellence CfE which aims to provide them with a holistic coherent and future oriented approach to learning between the ages of 3 and 18 CfE offers an inspiring and widely supported philosophy of education This report analyses the progress made with CfE since 2015 building upon several months of observations in Scotland the existing literature and experiences from other OECD countries

Cross-Curricular Teaching in the Primary School Trevor Kerry,2015-02-11 How can teaching across the curriculum improve children s learning How can you plan meaningful imaginative topic work Cross Curricular Teaching in the Primary School helps teachers plan a more imaginative integrated curriculum by presenting in accessible language a rationale and framework for teaching across the subjects This second edition has been fully updated in light of the new curriculum and shows how cross curricular work can contribute to deeper subject knowledge Illustrated throughout with examples of effective topic work in successful schools this book provides guidance on the underpinning theory and strategies to facilitate cross curricular work with young children With a new structure to emphasise the importance of careful planning and preparation issues covered include How children learn The theory and rationale behind the cross curricular approach Developing the curriculum and lesson planning Teaching and learning in an integrated way at KS1 and KS2 Cross curricular approaches for maths Whole school approaches and team teaching for cross curricular teaching The role of support staff in cross curricular teaching Improving children s thinking skills Supporting children with special needs Using new media and drama to facilitate cross curricular learning Assessing cross curricular learning *Cross Curricular Teaching in the Primary School* provides much needed support for busy student and practising teachers Packed with practical ideas it offers an accessible guide to all aspects of introducing an integrated curriculum

Managing Teams in Secondary Schools

Les Bell,2002-02-07 The Education Reform Act of 1988 had enormous implications for the management of secondary schools In particular the Act brought about changes for those responsible for departmental year or cross curricular teams *Managing Teams in Secondary Schools* gives practical guidance to teachers who carry out such responsibilities Based on the premise that all teachers in secondary schools have direct and developing part to play in the management of the school at some level the book examines the changes the Act entails and locates the work of team leaders and their colleagues within that framework it provides an accessible and detailed discussion boyh of the nature of teamwork underlying the role of planning and the need for effective communication and of the skills required of the succesful team leader Les Bell looks in particular at team building in the context of planning decision making and problem solving as part of the process of change management and at staff development and appraisal programmes The key focus is on the management of staff and relationships within staff and the relationships within staff groups Primarily directed at those in middle management

positions in secondary schools the book's emphasis on teamwork means that it will be of interest to anybody involved in secondary school teaching **Improving Schools Through Teacher Leadership** Harris, Alma, Muijs, Daniel, 2004-12-01 Focusing on the ways in which leadership can be fostered and enhanced this text argues that teacher leadership is an intrinsic and important part of school and classroom improvement as well as considering the roles responsibilities and influences of teachers who lead **Language for Learning in the Primary School** Sue Hayden, Emma Jordan, 2015-06-12 Language for Learning in the Primary School is the long awaited second edition of Language for Learning first published in 2004 and winner of the NASEN TES Book Award for Teaching and Learning in 2005 This handbook has become an indispensable resource packed full of practical suggestions on how to support 5 11 year old children with speech language and communication difficulties Colour coded throughout for easy referencing this unique book supports inclusive practice by helping teachers to Identify children with speech language and communication needs SLCN Understand speech language and communication skills Consider roles and responsibilities at primary school Plan a differentiated and adapted curriculum Consider the language demands across subjects Adopt a whole school approach Make use of a wide range of positive strategies Empower children to access the curriculum Language for Learning in the Primary School comes complete with a wealth of photocopiable resources giving teachers and teaching assistants the confidence to help children with SLCN more effectively in mainstream settings It will also be an extremely useful resource for speech and language therapists specialist teachers and educational psychologists
