

A silhouette of a person stands on the left side of the frame, looking towards a large, bright, glowing orb (the sun or moon) that dominates the right side of the image. The scene is set against a dark, hazy background with some low-lying vegetation visible at the bottom. The overall mood is contemplative and philosophical.

Sense Of Destiny:

Sense of Destiny Patricia Wilson, 1995 *The Metaphysics of Religion* Michael S. Jones, 2006 Lucian Blaga was an early twentieth century European philosopher whose work was suppressed at the height of his career by the creation of the Romanian Socialist Republic Blaga's philosophical writings are rich and creative spanning metaphysics epistemology philosophy of science philosophical anthropology aesthetics philosophy of culture philosophy of history and philosophy of religion Mircea Eliade wrote that Blaga was the most gifted and critical original thinker in the history of Romanian philosophy Because of historical circumstances Blaga's philosophy has not become known outside of his own country although within Romania it continues to be read and discussed Were it to become known outside of Romania Blaga's philosophy could provide interesting contributions to contemporary philosophical discussions The thesis of this book is that Blaga's philosophy can make valuable contributions to contemporary Anglo American philosophy In order to support this thesis Blaga's philosophical system is explained in detail so that the reader may see how it can be applied to a variety of philosophical issues philosophy of religion in order to demonstrate that it can contribute to contemporary Anglo American discussions Michael S Jones is Assistant Professor of Philosophy at Liberty University *A Month of Wonders* Robert W. Bailor, 2006-10-09 ABOUT THE BOOK No one is born with a human operators manual attached We are challenged to come upon guidelines for successful living while already living It would be very helpful to know what to consider and to consider this well before we stumble badly A good philosophic self help book would be much appreciated A Month of Wonders is just such a book Its purpose is to bring readers to special moments of discovery and delight With the format of a personal journal A Month of Wonders offers thirty thought provoking yet accessible reflections just enough to consider for a month It focuses on Wonder Philosophy Conceit Self Transcendence Birth Destiny Death Afterlife Being Human 2 Incarnation The Natural World 2 Love Friendship 2 Sex Forgiveness Evil Adversity Suffering Grace The Sacred Faith God Happiness Hope Joy and Truth 2 Each section begins with an easily remembered proverb expressing the overall point of the reflection Each reflection concludes with a sense that the reflection really ends with the readers further consideration The overall theme is this Happiness requires proper focus of my life not proper focus on my life A Month of Wonders is meant as a companion to those who seek insights about the meaning of life for themselves The hope is that the process will be wonder full The Work is The Worker Zacharias Tane Fomum, 1901 The raising and training of competent ministers of the gospel were one of the three burdens that the author Professor Z T Fomum carried permanently in his heart alongside those of prayer and soul winning As disciples of the Lord Jesus Christ we are called to face the challenge of the unfinished task of the evangelization of all nations More than two centuries after the ascension of Jesus there are still many people groups that are yet to be reached with the gospel of salvation And as members of the body of Christ we the people of Christian Missionary Fellowship International CMFI are called to bring one billion people from 250 nations to know Jesus Christ as Lord and Savior who are

discipled to obey Him in all things by the year 2065 A D Professor Fomum was concerned not only by the challenge of an unfinished task but also by the eternal loss of many souls for whom Christ died To this end competent ministers of the New Covenant are in short supply That is the essence of The Work is The Worker a desperate attempt to produce the kind of workers who will do the work to the satisfaction of God s heart This second volume comprises teachings delivered at various sessions of the CMFI Missionary Academy The School of Knowing and Serving God SKSG between 1999 and 2009

Knowing God And Walking With Him Zacharias Tanee Fomum,2017-02-22 The central thesis of this book is that the most urgent thing in our generation is the emergence in the Church of men and women who know God and serve Him from this knowledge The author Z T Fomum boldly argues that anything a man can do for God is of no consequence if it is not done as an overflow of his knowledge of God An initial encounter is important but beyond that it takes spiritual knowledge a high frequency intensity and a long duration of encounters between a man and his God This book is a pertinent plea that no one should serve God without knowing Him It s highly recommended

Sense and Finitude Alejandro A. Vallega,2009-03-18 Sense and Finitude interrogates one of continental philosophy s central insights the temporality or finitude of philosophical thought Juxtaposing the views of such philosophers as Plato Heidegger Walter Benjamin Gadamer and Derrida on art poetry and non Western cultures with the insights of those very artists poets and cultures interpreted by them Alejandro A Vallega elucidates a certain sensibility fundamental to philosophical thought once it has come face to face with its concrete finitude in the sense that philosophical ideas are always exposed to interpretation transformation and loss By addressing philosophy s exposure to experience beyond its own delimitations Vallega shows how such investigations can enrich the philosophical enterprise

The Literary Sense Edith Nesbit,1903 *One Man's Quest: Making Sense of Life* Brian Bridges,2010-09-06 A sincere and thorough exploration by the author to make sense of a world full of overwhelming amounts of information and conflicting belief systems Who is telling the truth Which religion is the right one What does the Bible tell us Who are we By peering into the author s world view we develop our own sense of ourselves we appreciate life more and we make peace with many important areas of internal conflict

Life Interpretation and the Sense of Illness within the Human Condition Anna-Teresa Tymieniecka,E. Agazzi,2012-12-06 In medicine the understanding and interpretation of the complex reality of illness currently refers either to an organismic approach that focuses on the physical or to a holistic approach that takes into account the patient s human sociocultural involvement Yet as the papers of this collection show the suffering human person refers ultimately to his her existential sphere Hence praxis is supplemented by still other perspectives for valuation and interpretation ethical spiritual and religious Can medicine ignore these considerations or push them to the side as being subjective and arbitrary Phenomenology philosophy of life recognizes all of the above approaches to be essential facets of the Human Condition Tymieniecka This approach holds that all the facets of the Human Condition have equal objectivity and legitimacy It completes the accepted medical outlook and points the way toward a new medical humanism

Present-day American Literature ,1928 **The Church of To-morrow** William James Dawson,1892

The Religious Sense Luigi Giussani,John E. Zucchi,1997-10-24 The Religious Sense the fruit of many years of dialogue with students is an exploration of the search for meaning in life Luigi Giussani shows that the nature of reason expresses itself in the ultimate need for truth goodness and beauty These needs constitute the fabric of the religious sense which is evident in every human being everywhere and in all times So strong is this sense that it leads one to desire that the answer to life s mystery might reveal itself in some way

Time's Visible Surface Mike Gubser,2006 Expands our understanding of Alois Riegl beyond his role as an art historian to a pivotal figure in cultural theory at large while placing his

interest in history and time within the intellectual world of fin de siècle Vienna Alois Riegl's art history has influenced thinkers as diverse as Erwin Panofsky Georg Lukacs Walter Benjamin Paul Feyerabend Gilles Deleuze and Félix Guattari One of the founders of the modern discipline of art history Riegl is best known for his theories of representation Yet his inquiries into the role of temporality in artistic production including his argument that art conveys a culture's consciousness of time show him to be a more wide ranging and influential commentator on historiographical issues than has been previously acknowledged In *Time's Visible Surface* Michael Gubser presents Riegl's work as a sustained examination of the categories of temporality and history in art Supported by a rich exploration of Riegl's writings Gubser argues that Riegl viewed artworks as registering historical time visibly in artistic forms Gubser's discussion of Riegl's academic milieu also challenges the widespread belief that Austrian modernism adopted a self consciously ahistorical worldview By analyzing the works of Riegl's professors and colleagues at the University of Vienna Gubser shows that Riegl's interest in temporality from his early articles on calendar art through later volumes on the Roman art industry and Dutch portraiture fit into a broad discourse on time history and empiricism that engaged Viennese thinkers such as the philosopher Franz Brentano the historian Theodor von Sickel and the art historian Franz Wickhoff By expanding our understanding of Riegl and his intellectual context *Time's Visible Surface* demonstrates that Riegl is a pivotal figure in cultural theory and that fin de siècle Vienna holds continued relevance for today's cultural and philosophical debates

God Makes Sense Gordon Wong, 2008 [Awakening our Faith in the Future](#) Peter T. Dunlap, 2015-12-22 What transformation would happen if we could combine the best of liberal politics with psychology *Awakening our Faith in the Future* investigates the avenues for creating a new branch of psychology a transformative political psychology In the past political psychology has focused directly on analysis and knowledge acquisition rather than on interventions that transform self and culture A transformative political psychology combines the best of traditional social science with the transformative intent of clinical psychology in order to create a new political culture Peter T Dunlap suggests that while liberals focus intently outside of themselves on changing the world those with psychological interests focus much more internally on changing themselves In this book he argues that by combining political liberalism and psychology and encouraging psychologists to develop cultural learning practices based on ideas of self knowledge there is opportunity to transform our political culture Divided into five parts this book explores stories of political destiny questions of development opportunities for political development a speculative theory of cultural evolution practices of a political psychologist This scholarly text uses personal experiences and the stories of progressive political leaders as pathways for addressing political problems making it ideal reading for professionals and students in the fields of both politics and psychology as well as for activists interested in the future of liberalism

Reconstructionist ,1944 *What Can Be Found in LOST?* John Ankerberg,Dillon Burroughs,2007-12-01 What can Christians learn from one of the most popular TV series of all time In its first season LOST averaged 15.5 million viewers per episode The show features a cast that struggles with the eternal issues of identity conflict relationships and spirituality Though the show does not have a Christian foundation or theme there is much believers can learn about social and cultural attitudes and perspectives through its episodes such as the selfish bent of human nature the darkness of evil the hunger people have for acceptance and success the realization of our need for God the hope for a positive future Many of the problems and difficulties of everyday life are captured succinctly in LOST making it a useful point of reference for understanding how different people view issues of a spiritual nature Ankerberg and Burroughs offer practical suggestions for Christians who desire to talk effectively to others about the various themes in the show

[The Mass Psychology of Ethnonationalism](#) Dusan Kecmanovic,2013-11-11 Throughout the nineteenth and twentieth centuries ethnonationalism has left its indelible mark on Europe and every other continent The latest events in the Balkans in central and eastern Europe and in the former Soviet Union unequivocally testify to the power and influence of ethnonationalism at the end of the second millennium What forces make people so committed to their ethnonational groups that they are ready to ignore all other concerns first and foremost the rights and interests of people of other ethnicities What is the social psychological and anthropological underpinning of ethnonationalism And finally why and how do people adhere to nationalist attitudes and beliefs These questions are virtually impossible to avoid for anyone who has directly felt the impact of ethnonationalism but they also present themselves to anyone who has indirectly experienced the prejudices unleashed by ethnonationalist forces This book attempts to answer all these questions by focusing on national feeling and the social psychological and anthropological foundations that underly the sense of belonging that is essential to nationalism No matter how qualitatively different nationalist attitudes and beliefs are from national sentiment the latter has to be considered in any study of nationalism
