Sense Of Wonder On Reading And Writings For Children:

A Sense of Wonder Katherine Paterson, 1995 Anyone familiar with children's literature knows the gifted pen of award winning Katherine Paterson. Sales of her books are in the millions and the list of coveted awards they have garnered including two Newbery Medals, two National Book Awards and the Regina Medal is remarkable. *A Sense of Wonder* is a collection of more than three dozen critical essays on reading and writing for children that were originally published as two books *Gates of Excellence* and *The Spying Heart*. Combined for the first time in one volume with a new introduction, these writings come from speeches Katherine Paterson has given all over the world, from her book reviews and from articles she has authored on her craft. Her trademark wit, imagination and perception are in full evidence; she reveals why she remembers being kissed by Miss Maude Henderson, the last person ever kissed by General Robert E. Lee, relates the heartbreaking source of her novel *Bridge to Terabithia* and describes her dismay at failing as a foster parent to two Cambodian boys. Most of all, this extraordinary writer shares her ideas about writing for children, tells of her passion for reading and allows us to witness her talent. Teachers, writers, students, parents, librarians, anyone who reads Katherine Paterson's essays will come away with an expanded vision and a sense of her deep respect for words, ideas, literature and people. **BOOK JACKET Title Summary** field provided by Blackwell North America Inc. All Rights Reserved. *Books in the Life of a Child* Maurice Saxby, 1997-10-15

Books in the Life of a Child explores the value of books and reading in the stimulation of children's imagination and their fundamental importance in the development of language and true literacy. It examines not only the vast range of children's books available but also how to introduce young people to the joys of reading in the home, the school and in the community. The book has been written as a resource for all adults, especially teachers, student teachers, librarians and parents and those who care about the value of literature for children. It is a comprehensive and critical guide with chapters on the history of children's literature and an analysis of its many forms and genres from poetry, fairytale, myth, legend and fantasy through realistic and historical fiction to humour, pulp fiction and information books. **The Everything Guide to Writing**

Children's Books Luke Wallin, Eva Sage Gordon, 2011-01-18 Rev. ed. of *The everything guide to writing children's books* Lesley Bolton c2002. **Enchanted Hunters: The Power of Stories in Childhood** Maria Tatar, 2009-04-20 Highly illuminating for parents, vital for students and book lovers alike. *Enchanted Hunters* transforms our understanding of why children should read. Ever wondered why little children love listening to stories, why older ones get lost in certain books? In this enthralling work, Maria Tatar challenges many of our assumptions about childhood reading. Much as our culture pays lip service to the importance of literature, we rarely examine the creative and cognitive benefits of reading from infancy through adolescence. By exploring how beauty and horror operated in C. S. Lewis's *Chronicles of Narnia*, Philip Pullman's *His Dark Materials*, J. K. Rowling's *Harry Potter* novels and many other narratives, Tatar provides a delightful work for parents, teachers and general readers, not just examining how and what children read but also showing through vivid examples how literature

transports and transforms children with its intoxicating captivating and occasionally terrifying energy In the tradition of Bruno Bettelheim's landmark *The Uses of Enchantment* Tatar's book is not only a compelling journey into the world of childhood but a trip back for adult readers as well [The Oxford Handbook of Children's Literature](#) Julia Mickenberg, Lynne Vallone, 2012-11-29 Remarkably well researched the essays consider a wide range of texts from the U S Britain and Canada and take a variety of theoretical approaches including formalism and Marxism and those related to psychology postcolonialism reception feminism queer studies and performance studies This collection pushes boundaries of genre notions of childhood Choice Back cover of book [The Voice of Nature in Ted Hughes's Writing for Children](#) Lorraine Kerslake, 2018-06-12 Despite the fame Ted Hughes's poetry has achieved there has been surprisingly little critical writing on his children's literature This book identifies the importance of Hughes's children's writing from an ecocritical perspective and argues that the healing function that Hughes ascribes to nature in his children's literature is closely linked to the development of his own sense of environmental responsibility This book will be the first sustained examination of Hughes's greening in relation to his writing for children providing a detailed reading of Hughes's children's literature through his poetry prose and drama as well as his critical essays and letters In addition it also explores how Hughes's children's writing is a window to the poet's own emotional struggles as well as his environmental consciousness and concern to reconnect a society that has become alienated from nature This book will be of great interest to not only those studying Ted Hughes but also students and scholars of environment and literature ecocriticism children's literature and twentieth century literature

The Mystery of the Child Martin E. Marty, 2007-04-23 Much of today's writing on children treats the child of any age as a problem or a set of problems to be solved effectively reducing the child to a complex of biological and chemical factors explainable in scientific terms or regarding children as objects of adult control In contrast Martin Marty here presents the child as a mystery who invokes wonder and elicits creative responses that affect the care provided him or her Drawing on literature as new as contemporary poetry and as old as the Bible The Mystery of the Child encourages the thoughtful enjoyment of children instead of the imposition of adult will and control Indeed Marty treats the impulse to control as a problem and highlights qualities associated with children responsiveness receptivity openness to wonder that can become sources of renewal for adults The Mystery of the Child represents a new tack for Martin Marty universally respected as a historian theologian and interpreter of religion and culture but displays the same incisive erudite quality marking the fifty plus books and thousands of articles that he has previously written Marty's broad thoughtful perspective will inspire readers to think afresh about what it means to be a child and to be a caregiver This book is sure to claim a wide readership parents grandparents schoolteachers theologians historians engaging anyone wanting to explore more fully the profound realm of the child

Secularism and the Pursuit of Transcendence, Volume II Stanley E. Porter, Wendy J. Porter, 2025-02-19 We live in a secular age or so we have been told Nevertheless the Christian church strongly believes that

we still experience and in fact are surrounded by acts of transcendence encounters with God that often defy imagination and explanation And yet we do try to explain such phenomena whether theologically experientially biblically historically philosophically literarily or even or especially artistically These two volumes are more than just papers from a major conference on secularism and the pursuit of transcendence held at McMaster Divinity College in Hamilton Ontario They contain genuine attempts by people deeply engaged with their secular surroundings to explain what we mean by transcendence Transcendence has been a longstanding topic among the best thinkers of this and previous ages and the same is true for these volumes which include contributions by Charles Taylor Robert Wuthnow Merold Westphal and Christina Gschwandtner but also by a wide range of others who address the question from divergent vantage points The responses vary as much as the orientations of those involved in the pursuit of defining not only what it means to live in our secular age but to be involved in the pursuit of transcendence or even to perceive the Transcendent s pursuit of us *Everything I Need to Know I Learned from a Children's Book* Anita Silvey,2009-10-13 What children s book changed the way you see the world Anita Silvey asked this question to more than one hundred of our most respected and admired leaders in society and she learned about the books that shaped financiers actors singers athletes activists artists comic book creators novelists illustrators teachers The lessons they recall are inspiring instructive and illuminating And the books they remember resonate as influential reading choices for families EVERYTHING I NEED TO KNOW I LEARNED FROM A CHILDREN S BOOK with its full color excerpts of beloved children s books is a treasury and a guide a collection of fascinating essays and THE gift book of the year for families *Reading and Learning to Read* Jo Anne L.
