Spanish American Women's Use of the Word Stacey Schlau, 2022-10-18 Women's participation both formal and informal in the creation of what we now call Spanish America is reflected in its literary legacy. Stacey Schlau examines what women from a wide spectrum of classes and races have to say about the societies in which they lived and their place in them. Schlau has written the first book to study a historical selection of Spanish American women's writings with an emphasis on social and political themes. Through their words she offers an alternative vision of the development of narrative genres: critical, fictional and testimonial from colonial times to the present. The authors considered here represent the chronological yet nonlinear development of women's narrative. They include Teresa Romero Zapata, accused before the Inquisition of being a false visionary; Inés Suárez, nun and writer of spiritual autobiography; Gertrudis Gómez de Avellaneda, author of an indigenist historical romance; Magda Portal, whose biography of Flora Tristán furthered her own political agenda; Dora Alonso, who wrote revolutionary children's books; Domitila Barrios de Chungara, political leader and organizer; Elvira Orphé, whose novel unpacks the psychology of the torturer; and several others who address social and political struggles that continue to the present day. Although the writers treated here may seem to have little in common, all sought to maneuver through institutions and systems and insert themselves into public life by using the written word, often through the appropriation and modification of mainstream genres. In examining how these authors stretched the boundaries of genre to create a multiplicity of hybrid forms, Schlau reveals points of convergence in the narrative tradition of challenging established political and social

structures Outlining the shape of this literary tradition she introduces us to a host of neglected voices as well as examining better known ones who demonstrate that for women simply writing can be a political act El relato breve en las letras hispánicas actuales, 2021-10-11 En este número se reúnen nueve artículos en los que se abordan sobre aspectos del relato breve cuento y microrrelato en la literatura española e hispanoamericana del último cuarto del siglo XX Encabezando el volumen tres colaboraciones agrupadas juntas sea por ser de orientación esencialmente teórica e histórica sea por presentar una visión de conjunto de un género en un país Los seis artículos que siguen son comentarios a obras particulares Los nueve trabajos son representativos al constituir un conjunto caracterizado por la variedad de enfoques y métodos de aproximación a obras de doce destacados escritores e escritoras actuales sin contar a los que se citan de manera lateral de España a Argentina Perú México y Venezuela

The Gothic Fiction of Adelaida García Morales Abigail Lee Six, 2006 By highlighting features common to the Gothic classics and the works of Adelaida García Morales this monograph aims to put the Gothic on the map in Hispanic Studies The Gothic as a literary mode extending well beyond its first proponents in eighteenth century England is well established in English studies but has been strangely underused by Hispanists Now Abigail Lee Six uses it as the paradigm through which to analyse the novels of Adelaida García Morales while not suggesting that every novel by this author is a classic Gothic text she reveals certain constants in the work that can be related to the Gothic even in novels which one might not classify as such Each of the novels studied is paired with an English language Gothic text such as Dracula Frankenstein and Dr Jekyll and Mr Hyde and then read in the light of it The

focus of each chapter ranges from psychological aspects such as fear of decay or otherness or the pressures linked to managing secrets to more concrete elements such as mountains and frightening buildings and to keyfigures such as vampires ghosts or monsters This approach sheds new light on how García Morales achieves probably the most distinguishing feature of her novels their harrowing atmosphere ABIGAIL LEE SIX is Professor of Hispanic Studies at Royal Holloway University of London
