Serious Pursuit:

Police Pursuit Driving Geoffrey P. Alpert, Cynthia Lum, 2014-04-12 Police pursuits often receiving a lot of media attention have become a topic of concern and priority for both law enforcement and the communities they serve. They often come with high risks for the well being of community members and for both the police officers involved in the chase as well as for the fleeing suspects. In this brief we summarize what is known about police pursuits from both legal decisions and criminological research. We then discuss the impact of this research on police pursuit policy, court decisions and media reports. We offer suggestions about the need for more development and use of research and the challenges for research to be integrated into police policies, training, supervision and accountability systems. Serious Comedy Patrick Downey, 2001-01-01 Patrick Downey finds comedy at the heart of the Western philosophical and theological tradition. In Serious Comedy Downey tracks tragedy and comedy from the beginning of Western thought to the twentieth century, beginning with an in depth examination of Aristotle and three Platonic dialogues: the Republic, the Phaedrus and the Symposium. In the book's second section Downey argues that the Bible is at heart a comedic narrative and analyzes the philosophical and theological implications of this comedy. In the third section Downey traces comedy and tragedy in classic and modern philosophers such as Machiavelli, Dante, Hegel, Nietzsche and Kierkegaard. Readers with an interest in classical philosophy and theology, political philosophy and narrative theory will be particularly interested in this insightful and thoughtful perspective on the Western tradition. The Committed Reader Robert A. Stebbins, 2013 Committed utilitarian reading is either dominantly practical or more or less equally practical and fulfilling. Pleasurable reading is conceptualized as an important kind of casual leisure experienced primarily as relaxation, active entertainment and sexual stimulation, racy pornographic stories. Such reading can also be a launching pad for day dreams or lively conversation. Self fulfilling reading is explored in a disquisition on the liberal arts hobbies. This is no place for speed reading but instead is where we care to pause often to appreciate the artistry of the writing, creativity of the plot, profundity of the message, i.e. the information it contains and the like. And in fulfilling reading we sometimes want to analyze the material. This book explores three main motives for reading identified as utilitarian, pleasurable and fulfilling. Its principal object is to deepen our understanding of why some adults and eager late adolescent readers go in for committed reading or reading that as we strive to acquire literary knowledge and experience necessarily consumes considerable time and requires continuous concentration. The conceptual frameworks guiding this endeavor are library and information science and the serious leisure perspective. Through their lenses the author examines the reading of books, magazines, manuals, reports and other lengthy material as carried out in the three domains of life: work, leisure and non work obligation. In brief committed reading provides its enthusiasts with knowledge and experience which among other ways are sought, acquired, interpreted, organized and sometimes disseminated within the three domains. This book also examines committed reading in daily life, its ease, convenience, affordability and

enduring effects There follows a portrait of the various reading environments including music to read by reading at airports and on airplanes reading in one s study in a park on public transit in public libraries and elsewhere This is part of the reader s social world which is further comprised of book clubs bookstores Amazon com censorship author public readings and more

Laws Plato,2021-09-19 *Laws* Plato The *Laws* are discussed by three representatives of Athens Crete and Sparta The Athenian as might be expected is the protagonist or chief speaker while the second place is assigned to the Cretan who as one of the leaders of a new colony has a special interest in the conversation At least four fifths of the answers are put into his mouth The Spartan is every inch a soldier a man of few words himself better at deeds than words The Athenian talks to the two others although they are his equals in age in the style of a master discoursing to his scholars he frequently praises himself he entertains a very poor opinion of the understanding of his companions *The Dialogues of Plato* B.

Play Fighting Owen Aldis,2013-10-22 *Play Fighting* considers the possible benefits of play for humans and animals This book is divided into two main topics animal play and human play In these topics this text specifically discusses the definition evolution and function of play criteria of chasing and play fighting function of laughter in human play and spurious correlation between exploratory and playful species The surplus energy and catharsis theories of play vestibular stimulation acting as a reinforcer function of mother infant play and properties of play fear and serious fear stimuli are also elaborated This compilation likewise covers the puzzling blind spots of child psychology play and child rearing and play fear of monsters This publication is a good source for students and individuals interested in the survival value of play for animals and healthy development of children *Classical Studies* George Montague Sargeaunt,1929 **The Complete Works of Dio**

Chrysostom. Illustrated Dio Chrysostom,2021-10-04 Dio Chrysostom surname literally means golden mouthed was part of the Second Sophistic school of Greek philosophers which reached its peak in the early 2nd century He was considered one of the most eminent of the Greek rhetoricians and sophists by the ancients who wrote about him such as Philostratus Synesius

and Photius Eighty of his Discourses are extant as well as a few Letters and a funny mock essay In Praise of Hair as well as a few other fragments These orations appear to be written versions of his oral teaching and are like essays on political moral and philosophical subjects Discourses Encomium on hair Fragments **Between Work and Leisure** Robert A.

Stebbins,2015-06-01 Between Work and Leisure aims to debunk the prevailing myth that work and leisure are separate and mutually antagonistic spheres of life Stebbins shows that a close relationship between leisure and work is positive offering people the possibility of finding joy in work just as they do in leisure Occupational devotion as Stebbins defines it is a strong and positive attachment to a form of self enhancing work where the sense of achievement is high and the core activity or set of tasks is endowed with such intense appeal that the line between work and leisure is virtually erased This volume examines conditions that attract people to their work in this profound way and the many exceptional values and intrinsic rewards they realize there Stebbins frames occupational devotion in four broad social contexts history religion work and leisure and then considers the further subdivisions of gender social class and social character The heart of the book uses research findings on leisure to develop a powerful critique of those who describe deeply felt commitment to work as workaholic behavior He also examines what happens when money becomes a dominant factor in work and the social implications of the compatibility of work and serious leisure using exploratory research to identify their shared motivational factors *Sport and Tourism*

James Higham,Tom Hinch,2010-05-04 Sport and Tourism Globalization Mobility and Identity marks a new era in sport tourism texts Written by global experts whose previous collaborations have been integral to the development of the field the book applies key social science concepts and issues relevant to the academic study of sport and tourism This is a ground breaking text which Critically explores the wider manifestations of sport related tourism and mobility Addresses key themes such as globalization mobility and identity Explores the unique interrelationship that exists in a sport tourism context between activity people and place Includes case studies written by a range of leading scholars from around the world Set to be the an essential text for any student or academic in the field this book cements and advances previous studies by building upon existing literature while extending the field by exploring avenues of study that are yet to be comprehensively addressed The latest collaboration by internationally renowned authors applies new theoretical perspectives for the advancement of sport tourism **Epistemic Explanations** Ernest Sosa,2021-07-22 Epistemic Explanations develops an improved virtue

epistemology and uses it to explain several epistemic phenomena Part I lays out a telic virtue epistemology that accommodates varieties of knowledge and understanding particularly pertinent to the humanities Part II develops an epistemology of suspension of judgment by relating it to degrees of confidence and to inquiry Part III develops a substantially improved telic virtue epistemology by appeal to default assumptions important in domains of human performance generally and in our intellectual lives as a special case This reconfigures earlier virtue epistemology which now seems a first approximation This part also introduces a metaphysical hierarchy of epistemic categories and defends in particular a

category of secure knowledge *Boating* ,1983-01 **Leisure Lifestyles** Robert A. Stebbins,2021-06-03 Acknowledging that the challenge facing social science is how to inject some order into the common sense notion of leisure lifestyles this book written by a major player in the field of leisure considers how to turn the study of both serious and casual leisure into a useful concept for guiding research *Philosophy and Education* Mrinal Miri,2014-11-13 What if any are the core values and ideas of education Is moral education an independent variety of education or is it something that is intrinsic to most forms of education Analysing education through the critical lens of philosophy this volume explores the challenges that the education system faces in a country like India a country where any form of generalization becomes dubious owing to its inherently multicultural and multi linguistic character Philosophy and Education also critically examines the higher education system of the country and discusses issues ranging from the importance of humanities in university education to the accountability of institutions and the division of academic labour as an interdisciplinary effort The book looks at both the concept and the system of education and provides a much needed philosophical underpinning to our understanding of several core and topical concerns of teaching learning and research **Social Worlds and the Leisure Experience** Robert A. Stebbins,2018-10-30 Anselm Strauss observed 40 years ago that the idea of social world was suffering from weak conceptualization and application to those areas of social life where this formation figures prominently in everyday activities This book provides a coherent statement about what social worlds consist of what they do where they fit in social theory

The Routledge Handbook of Events Stephen J. Page,Joanne Connell,2014-10-14 The Routledge Handbook of Events explores and critically evaluates the debates and controversies associated with this rapidly expanding discipline It brings together leading specialists from range of disciplinary backgrounds and geographical regions to provide state of the art theoretical reflection and empirical research on the evolution of the subject It is the first major study to examine what events is as a discipline in the twenty first century its significance in contemporary society and growth as a mainstream subject area The book is divided in to five inter related sections Section one evaluates the evolution of events as a discipline and defines what events studies is Section two critically reviews the relationship between events and other disciplines such as tourism and sport Section three focuses on the management of events section four evaluates the impacts of events from varying political social and environmental perspectives and section five examines the future direction of growth in event related education and research It offers the reader a comprehensive synthesis of this field conveying the latest thinking and research The text will provide an invaluable resource for all those with an interest in Events Studies encouraging dialogue across disciplinary boundaries and areas of study *Imagining Persons* Robert J.
