Dress Culture in Late Victorian Women's Fiction Christine Bayles Kortsch, 2016-05-13 In her immensely readable and richly documented book Christine Bayles Kortsch asks us to shift our understanding of late Victorian literary culture by examining its inextricable relationship with the material culture of dress and sewing Even as the Education Acts of 1870 1880 and 1891 extended the privilege of print literacy to greater numbers of the populace stitching samplers continued to be a way of acculturating girls in both print literacy and what Kortsch terms dress culture Kortsch explores nineteenth century women's education sewing and needlework mainstream fashion alternative dress movements working class labor in the textile industry and forms of social activism showing how dual literacy in dress and print cultures linked women writers with their readers Focusing on Victorian novels written between 1870 and 1900 Kortsch examines fiction by writers such as Olive Schreiner Ella Hepworth Dixon Margaret Oliphant Sarah Grand and Gertrude Dix with attention to influential predecessors like Elizabeth Gaskell Charlotte Bront and George Eliot Periodicals with their juxtaposition of journalism fiction and articles on dress and sewing are particularly fertile sites for exploring the close linkages between print and dress cultures Informed by her examinations of costume collections in British and American museums Kortsch s book broadens our view of New Woman fiction and its relationship both to dress culture and to contemporary women s fiction **British Women Writers** and the Profession of Literary Criticism, 1789-1832 M. Waters, 2004-08-04 This book examines professional literary criticism by Romantic era British women to reveal that while developing a conscious professionalism women literary critics helped to shape the aesthetic models that defined Romantic era literary values and made the British literary heritage a source of national pride Women critics understood the contested nature of aesthetics and the public implications of aesthetic values on questions such as morality both public and private the nation's cultural heritage even the essential qualities of Britishness itself A Serious Occupation Solveig C. Robinson, 2003-02-21 This anthology of literary criticism by Victorian women of letters brings together a wealth of difficult to find writings Originally published from the 1830s through the 1890s the essays concern a range of topics including poetry fiction non fiction prose the roles of literature and of criticism topical reviews of major works and retrospectives of major authors Together they demonstrate the impressive depth and breadth of Victorian women's literary criticism This Broadview anthology also includes an introduction textual and explanatory notes author biographies and suggestions for further reading Rediscovering Victorian Women Sensation Writers Anne-Marie Beller, Tara MacDonald, 2015-09-07 Scholarly understanding of the Victorian literary field has changed dramatically in the past thirty years due in large part to the extensive recovery of sensation fiction and a corresponding recognition of that genre s importance in the literary debates trends and wider cultural practices of the period Yet until very recently work on sensationalism has focused on a narrow range of authors and works with Wilkie Collins Mary Elizabeth Braddon and Ellen Wood retaining the preponderance of critical attention This collection examines the fiction of ten women sensation writers

who were immensely popular in the Victorian period but remain critically neglected today writers such as Annie Edwardes M C Houstoun Annie French Dora Russell and others The Victorian sensation novel was categorically associated with women by Victorian reviewers and this collection extends our current understanding of this sub genre by showing that female sensation writers were often sophisticated in their textual strategies employing a range of metafictional techniques and narrative innovations By moving beyond the novelists who have come to represent the genre this book presents a fuller more nuanced understanding of the spectrum of writing that constructed the concept of sensationalism for Victorian readers and critics The book was originally published as a special issue of Women's Writing Women Reviewing Women in Nineteenth-Century Britain Joanne Wilkes, 2016-02-17 Focusing particularly on the critical reception of Jane Austen Charlotte Bront and George Eliot Joanne Wilkes offers in depth examinations of reviews by eight female critics Maria Jane Jewsbury Sara Coleridge Hannah Lawrance Jane Williams Julia Kavanagh Anne Mozley Margaret Oliphant and Mary Augusta Ward What they wrote about women writers and what their writings tell us about the critics own sense of themselves as women writers reveal the distinctive character of nineteenth century women s contributions to literary history Wilkes explores the different choices these critics writing when women had to grapple with limiting assumptions about female intellectual capacities made about how to disseminate their own writing While several publishing in periodicals wrote anonymously others published books articles and reviews under their own names Wilkes teases out the distinctiveness of nineteenth century women s often ignored contributions to the critical reception of canonical women authors and also devotes space to the pioneering efforts of Lawrance Kavanagh and Williams to draw attention to the long tradition of female literary activity up to the nineteenth century She draws on commentary by male critics of the period as well to provide context for this important contribution to the recuperation of women's critical discourse in nineteenth century Britain History of Feminist Literary Criticism Gill Plain, Susan Sellers, 2007-08-30 Feminism has transformed the academic study of literature fundamentally altering the canon of what is taught and setting new agendas for literary analysis In this authoritative history of feminist literary criticism leading scholars chart the development of the practice from the Middle Ages to the present The first section of the book explores protofeminist thought from the Middle Ages onwards and analyses the work of pioneers such as Wollstonecraft and Woolf The second section examines the rise of second wave feminism and maps its interventions across the twentieth century A final section examines the impact of postmodernism on feminist thought and practice This book offers a comprehensive guide to the history and development of feminist literary criticism and a lively reassessment of the main issues and authors in the field It is essential reading for all students and scholars of feminist writing and literary criticism Literary and Cultural Criticism from the Nineteenth Century Katherine

Victorian periodicals Shakespeare had already reached the apex of British culture in the previous century becoming the national poet of the middle and upper classes but during the Victorian era he was embraced by more marginal groups If Shakespeare was sometimes employed as an instrument of enculturation imposed on these groups he was also used by them to resist this cultural hegemony **Varieties of Women's Sensation Fiction, 1855-1890 Vol 4** Andrew Maunder, Sally Mitchell, Tamar Heller, Mark Knight, Graham Law, 2024-10-28 Five sensation novels are here presented complete and fully reset along with scholarly annotation a bibliography of sensation fiction and articles contributing to contemporary debate
