The Secret to Superhuman Strength Alison Bechdel, 2021 From the bestselling award winning author of Fun Home All her life Alison Bechdel has searched for an elusive secret The secret to superhuman strength She has looked for it in her favourite books the lives of her heroes celibacy polyamory activism therapy and most obsessively in her lifelong passion for exercise Skiing running karate cycling yoga weight lifting you name it she's tried it Oh to be self sufficient Hard as a rock An island But as she gets older her body isn't getting any stronger And in a changing sometimes overwhelming world are cantaloupe sized guns all a person needs Maybe the all important secret is not where she expected to find it In this her third graphic memoir Alison Bechdel has written a deeply layered personal story about selfhood self sabotage mortality addiction bliss wonder and the concerns of a generation The American Marathon Pamela Cooper, 1998-04-01 Boston established a footrace but New York City created a marathon culture that annually draws tens of thousands of runners to each of the major American events The American Marathon is the first in depth study of the marathon as a cultural performance that has as much power to unite communities across lines of race ethnicity class and gender as it does to empower individuals This book encompasses more than a century from the fledgling days of the footrace in the 1890s to the popular contemporary marathons that have become corporate sponsored institutions Run in New York City in 1896 and continued in Boston for the next ten years the marathon quickly became the event of the working class athletes particularly Irish Americans Other urban ethnic groups Italians Jews and African Americans who were unwelcome into the elite WASP athletic clubs formed their own running organizations Once emblematic of the immigrant experience the marathon evolved to express middle class nationalism as these immigrants were being assimilated During the 1930s the Great Depression restricted footracing and

anti-Semitism left important coaches and runners without access to team support The New York Pioneer Club begun in 1936 as an African American team brought the tremendous energy of post World War II Harlem to the American marathon of the 1950s Besides examining the ethnic influence on marathoning Cooper also explores the impact of the Cold War on this sport when fitness and endurance became matters of national pride She shows how the Road Runners Club of America first brought women and large numbers of participant runners into long distance footraces and finally how corporate sponsorship and direct payments to athletes profoundly changed the nature of this once amateur sport Proceedings of the Conference on the Decline in Coronary Heart Disease Mortality Manning Feinleib, Richard J.
