Kimmel,2006 This volume fills a unique gap Gerontologists seldom focus on special concerns of gay and lesbian older adults lesbian gay bisexual and transgender aging organizations rarely address issues of aging and the mental health field has demonstrated an ability to marginalize both aging and homosexuality This book lays out the state of knowledge with respect to lesbian gay bisexual and transgender aging physical health sexuality family ties victimization and legal and financial concerns The references at the end of individual chapters and the bibliographical material at the end of the book provide an invaluable resource For any gerontologist intrigued by the interplay of historical changes and individual aging it is difficult to imagine a more powerful example than Lesbian Gay Bisexual and Transgender Aging Evolution of attitudes toward homosexuality the emergence of HIV AIDS and legal protections beginning to be afforded to same sex relationships are all part of the changing world that has shaped and been shaped by lesbian gay bisexual and transgender individuals who are now old **Lesbian Studies: Setting an Agenda** Tamsin Wilton,2002-09-11 Neither women's studies nor lesbian and gay studies offers an adequate theoretical or political base for lesbian scholarship Lesbian Studies Setting and Agenda aim to promote lesbian studies as an academic and political approach to both gender and the erotic and to clarify the damaging influence of heterosexism across a range of disciplines Drawing on feminism and queer theory Tamsin Wilton argues that lesbian is a theoretical position which must be widely

available in order to challenge the dominance of the heterosexual perspective Engaging with theoretical and political debates the book moves beyond its role of setting an agenda for lesbian studies into a wider role as resource and catalysts for anyone interested in gender and the erotic

Coming Out Under Fire Allan Bérubé, 2010-09-07 During World War II as the United States called on its citizens to serve in unprecedented numbers the presence of gay Americans in the armed forces increasingly conflicted with the expanding antihomosexual policies and procedures of the military In *Coming Out Under Fire* Allan Bérubé examines in depth and detail these social and political confrontations not as a story of how the military victimized homosexuals but as a story of how a dynamic power relationship developed between gay citizens and their government transforming them both Drawing on GI's wartime letters extensive interviews with gay veterans and declassified military documents Bérubé thoughtfully constructs a startling history of the two wars gay military men and women fought one for America and another as homosexuals within the military Bérubé's book the inspiration for the 1995 Peabody Award winning documentary film of the same name has become a classic since it was published in 1990 just three years prior to the controversial don't ask don't tell policy which has continued to serve as an uneasy compromise between gays and the military With a new foreword by historians John D. The Changing of the Guard offers a significant meditation on the politics of older lesbians and gays Combining interviews and sustained critical thought Rosenfeld links the development of lesbian and gay elders identity with the key moments in the 20th century reinvention of homosexuality In doing so she bridges the gap between history and interaction that has characterized and constrained previous studies of identity Rosenfeld first summarizes the meaning of homosexuality that prevailed when her subjects came of age and the radical changes it underwent during their middle years She uses these changes to trace the paths they took toward one of two homosexual identities a discreditable one adopted before the advent of gay liberation or an accredited one adopted during and through those momentous years She theorizes that there is the

existence of two distinct identity cohorts shaped by a willingness or resistance to accept the historical forces at work on lesbian and gay identity. Such decisions on identities, Rosenfeld argues, strongly shaped her subjects in later life, specifically their understanding of them.

Gay Midlife and Maturity John Alan Lee, 1991. Aging is stressful for anyone in youth-oriented Western societies. Elderly people encounter difficulties and discrimination, sometimes because of reduced income, transportation and housing problems, and failing health, but often due to the persistent negative stereotypes that color others' attitudes and behavior toward old people. Gay men and lesbians experience these stresses as well as the numerous additional problems associated with their sexual orientation. *Gay Midlife and Maturity* is a dynamic and positive volume that challenges the long-held stereotype of the sad and lonely old homosexual. A growing body of international literature, much of which is featured in this book, rejects this myth and illustrates that older gay men and lesbians cope well with the aging process and are comparable to younger homosexuals in social and psychological adjustment. A much-needed and major contribution. *Gay Midlife and Maturity* contains an enormous amount of information for readers interested in gerontology and homosexuality. Experts for the first time examine the relationship between the adjustment of gay people to later life and the age and sequence of the resolution of these typically early developmental processes, raising many questions about traditional theories of gay development. The existing contradictions and debates about gay men and accelerated aging are addressed. Other valuable chapters focus on a theory of successful aging; a comparison of the traditional gay community pre-Stonewall versus the organized gay community; the vital role of communication in gay relationships; the sexual attitudes and behaviors of older gay men; and much more. Additional interesting and worthwhile chapters of this thought-provoking new book include an in-depth interview with Don Bachardy about his 33-year relationship with Christopher Isherwood, a renowned English writer who was 30 years his senior; and a review of the growing literature on gay aging.
