Fires Within Ray Thompson, 2010-09-14 Fires Within seeks to explore contemporary life issues especially the often conflicting inner fires of sexuality and spirituality conflicting not just with each other but also with traditional religious and social attitudes and myths The novel begins where it ends but then goes back to earlier years to trace the circumstances and rapidly changing community attitudes that have combined to bring the individuals in this story to this point in their lives Peter is the central character a minister pastor who struggles with these issues within the conservative and often defensive ethos of the traditional Australian church and particularly in relation to unresolved grief in his own life Len is a doctor facing similar issues within secular society Jay is a Chinese woman who has to work through these same conflicts firstly growing up as the daughter of a missionary doctor in what then became Communist China and

later as a reluctant masseuse sex worker in Australia Rather than trying to provide simplistic or moralistic answers to these inner conflicts these characters individually and later through their interaction with one another grapple with their search for personal integrity This frequently means having to stand out against peer group opinion and challenge some of the traditions and myths that often limit their enjoyment of the fullness of life While all characters in the novel are fictitious the unfolding events deliberately reflect the kind of situations and raw emotions that are common in many people s lives In a real world that is far from perfect the choices that they have to make are not simply between good and bad but reflect the multifaceted dilemmas that often confront real people The author attempts to deal with these issues in a non judgemental way hopefully opening the door for readers grappling with similar issues to explore new possibilities in their own lives Dairy Bulletin ,1928 **Proceedings of the 37th International Conference on Ground Control in Mining** Brijes Mishra,Ted Klemetti,Heather Lawson,Michael Murphy,Kyle Perry,2018-07-16 The International Conference on Ground Control in Mining has a rich history of advancing ground control techniques and knowledge It provides a unique platform for researchers regulators consultants manufacturers and mine operators to present and exchange challenging industry topics as well as to expedite solutions to ground control problems that require immediate attention This proceedings from the 37th International Conference is no exception It includes 47 peer reviewed research papers from industry experts covering topics of importance for today and the future "The" Illustrated London News ,1869 *Industrial & Mining Standard* ,1923
