God's Law and Order Aaron Griffith, 2020-11-10 Winner of a Christianity Today Book Award An incisive look at how evangelical Christians shaped and were shaped by the American criminal justice system America incarcerates on a massive scale Despite recent reforms the United States locks up large numbers of people disproportionately poor and nonwhite for long periods and offers little opportunity for restoration Aaron Griffith reveals a key component in the origins of American mass incarceration evangelical Christianity Evangelicals in the postwar era made crime concern a major religious issue and found new platforms for shaping public life through punitive politics Religious leaders like Billy Graham and David Wilkerson mobilized fears of lawbreaking and concern for offenders to sharpen appeals for Christian conversion setting the stage for evangelicals who began advocating tough on crime politics in the 1960s Building on religious campaigns for public safety earlier in the twentieth century some preachers and politicians pushed for law and order urging support for harsh sentences and expanded policing Other evangelicals saw crime as a missionary opportunity launching innovative ministries that reshaped the practice of religion in prisons From the 1980s on evangelicals were instrumental in popularizing criminal justice reform making it a central cause in the compassionate conservative movement At every stage in their work

evangelicals framed their efforts as colorblind which only masked racial inequality in incarceration and delayed real change
Today evangelicals play an ambiguous role in reform pressing for reduced imprisonment while backing law and order
politicians God's Law and Order shows that we cannot understand the criminal justice system without accounting for
evangelicalism's impact on its historical development
