Luis Barragan Set The Quiet Revolution:

Luis Barragán: the Quiet Revolution Federica Zanco, 2001 Luis Barragan was one of the most extraordinary figures in international architecture between the 1930s and the 1970s His work offers a unique interpretation of international modern architecture from the perspective of the Mexican landscape

Collage and Architecture Jennifer A.E. Shields, 2014-01-03 Collage and Architecture is the first book to cover collage as a tool for design in architecture making it a valuable resource for students and practitioners Author Jennifer Shields uses the artworks and built projects of leading artists and architects such as Le Corbusier Daniel Libeskind and Teddy Cruz to illustrate the diversity of collage techniques The six case study projects from Mexico Argentina Sweden Norway the United States and Spain give you a global perspective of architecture as collage Collage is an important instrument for analysis and design and Shields s presentation of this versatile medium draws on decades of relevance in art and architecture to be adapted and transformed in your own work

Modern Architecture in Mexico City Kathryn E. O'Rourke, 2017-02-10 Mexico City became one of the centers of architectural modernism in the Americas in the first half of the twentieth century Invigorated by insights drawn from the first published histories of Mexican colonial architecture which suggested that Mexico possessed a distinctive architecture and culture beginning in the 1920s a new generation of architects created profoundly visual modern buildings intended to convey Mexico s unique cultural character By midcentury these architects and their students had rewritten the country s architectural history and transformed the capital into a metropolis where new buildings that evoked pre conquest colonial and International Style architecture coexisted Through an exploration of schools a university campus a government ministry a workers park and houses for Diego Rivera and Luis Barragan Kathryn O Rourke offers a new interpretation of modern architecture in the Mexican capital showing close links between design evolving understandings of national architectural history folk art and social reform This book demonstrates why creating a distinctively Mexican architecture captivated architects whose work was formally dissimilar and how that concern became central to the profession

Post-Western Histories of Architecture Pilar Maria Guerrieri, Marco Biraghi, 2023-06-23 This book seeks to provide an alternative post Western perspective to the history of contemporary architecture It puts forward detailed critical analyses of various areas of the world including Europe Latin America Africa China Australia India and Japan where particular movements of architecture have developed as active political acts The authors focus on a broad spectrum of countries architectures and architects that have developed a design approach closely linked to the building context The

concept of context is broad and includes various economic social cultural political and natural aspects In all cases the architects selected in this book have chosen to view context as an opportunity However each architect has considered certain specific aspects of context some have been very attentive to the social context others to material aspects or typological issues and still others to aspects related to political visions or economic factors The analysis critically highlights interesting creative and respectful design approaches towards local conditions such as sustainability in Nordic Europe climate conscious design in Africa and the bottom up sensitivity of India The book s main aim is to retrace through both theoretical arguments and case studies the debate that focuses on politics and the environment Thanks to its valuable examples this book strives to make a conscious contribution to establishing a bulwark against the current flattening out processes that architecture is experiencing This book will be of relevance to researchers teachers and students interested in the history of architecture architecture and planning and postcolonial studies

Barragán Guide Federica Zanco, Ilaria Valente, 2002 The Barragán Guide presents architect Luis Barragán s constructed works to a larger public providing keys to his creative evolution and his cultural context Following the volume s itinerary through three Mexican cities Guadalajara Mexico City and Monterrey provides not only a chronological survey of Barragán s surviving work but also an interesting experience of three urban realities that constitute the basis of his architectural practice and the context of the work of his followers Born and raised in the provincial town of Guadalajara Barragán performed his first experiments there before moving to the more open and fertile creative environment of the capital where rapidly growing new neighborhoods provided a wealth of opportunities for an ambitious young architect It was on the outskirts of Mexico City that Barragán s vision of a new way of living at once modern and Mexican took shape in the late 1940s in the form of a sophisticated residential development known as Jardines del Pedregal The project won international acclaim and Barragán moved on to create a series of masterpieces his own house the houses built for the Prieto Lopez and Galvez families the monument known as Satellite Towers and the outstanding residential developments of Las Arboledas and Los Clubes are but a few examples of his singular way of dealing with nature and architecture as two key elements of the intimate relation between inside and outside between constructed and non constructed environments
