Luisa And The Silence:

Luisa and the Silence Claudio Piersanti, 2002 Piersanti uses sharp detail and nuance to construct an everyday life Luisa and the Silence is the portrait of an ordinary person distinctive neither in appearance nor in the depth of her thoughts Avoiding any pretension to social criticism Piersanti instead has created a daring novel where the main character simply is

Memory, History, Nation Susannah Radstone, 2017-09-04 In the last decade a focus on memory in the human sciences has encouraged new approaches to the study of the past As the humanities and social sciences have put into question their own claims to objectivity authority and universality memory has appeared to offer a way of engaging with knowledge of the past as inevitably partial subjective and local At the same time memory and memorial practices have become sites of contestation and the politics of memory are increasingly prominent This inter disciplinary volume demonstrates from a range of perspectives the complex cultural work and struggles over meaning that lie at the heart of what we call memory The chapters in this volume offer a complex awareness of the workings of memory and the ways in which different or changing histories may be explained They explore the relation between individual and social memory between real and imaginary event and fantasy history and myth Contradictory accounts or memories in direct contradiction to the historical record are not always the sign of a repressive authority attempting to cover something up The tension between memory as a safeguard against attempts to silence dissenting voices and memory's own implication in that silencing runs throughout the book Topics covered range from the Basque country to Cambodia from Hungary to South Africa from the Finnish Civil War to the cult Jim Jarmusch movie Dead Man from the Rock and Roll Hall of Fame to Australia Part I Transforming Memory is concerned primarily with the social and personal transmission of memory across time and generations Part II Remembering Suffering Trauma and History brings the after effects of catastrophe to the fore Part III Patterning the National Past the relation between nation and memory is the central issue Part IV And Then Silence reflects on the complex and multiple meaning of silence and oblivion wherein amnesia is often used as a figure for the denial of shameful *Anthropology and Sexual Morality* Carles Salazar, 2006 The history of sexual morality in Ireland has been traditionally associated with repression In the last two decades however repression seems to have given way to its exact opposite But where did this repression originate And how can we account for this sudden and sweeping transformation in sexual mores Based on solid ethnographic and historical analysis of sexual morality in rural Ireland augmented by comparative data from Papua New Guinea and being informed by Freud's emblematic concept of repression the author draws new conclusions that not only apply to the specific case of his Irish material but shed new light on the specific nature of an anthropological approach to the study of human societies Unveiling Secrets of War in the Peruvian Andes Olga M. González, 2011-04-30 The Maoist guerrilla group Shining Path launched its violent campaign against the government in Peru's Ayacucho region in 1980 When the military and counterinsurgency police forces were dispatched to oppose the insurrection the violence quickly escalated The peasant

community of Sarhua was at the epicenter of the conflict and this small village is the focus of *Unveiling Secrets of War* in the Peruvian Andes. There, nearly a decade after the event, Olga M. González follows the tangled thread of a public secret: the disappearance of Narciso Huicho, the man blamed for plunging Sarhua into a conflict that would sunder the community for years. Drawing on extensive fieldwork and a novel use of a cycle of paintings, González examines the relationship between secrecy and memory. Her attention to the gaps and silences within both the Sarhuinos' oral histories and the paintings reveals the pervasive reality of secrecy for people who have endured episodes of intense violence. González conveys how public secrets turn the process of unmasking into a complex mode of truth telling. Ultimately, public secrecy is an intricate way of remembering to forget that establishes a normative truth that makes life livable in the aftermath of a civil war. **Inside the**

Expressive Culture of Chinese Women's Mosques Maria Jaschok, 2024-11-06. This book presents a multi-voice narrative of the history and significance of current contestations over the increasing prominence of expressive piety in Hui Muslim women's mosques in central China. By drawing on a Song Book of chants collected from the tradition of women's mosques as context, it reveals just how the increasing prominence of female voices has given rise to considerable misgivings among senior religious leaders over the potential destabilization of orthodox Islamic gendered practices. Providing a historical introduction to the place and function of Islamic chants, *jingge* and *zansheng*, the book gives a conceptual framing of female silence, sound, and agency in local translations of Confucian and Islamic precepts and women's personal accounts of the role played by traditional and modern soundscapes in transmitting and celebrating Islamic knowledge and faith. As a study of women's soundscapes and the significance of legitimacy, ambiguities, and implications of female sound, this book will be of considerable interest to students and scholars of Chinese society and culture, gender studies, cultural anthropology, and Islam.

Narratives of the Unspoken in Contemporary Irish Fiction M. Teresa Caneda-Cabrera, José Carregal-Romero, 2023-07-21. This open access book is a collection of essays and offers an in-depth analysis of silence as an aesthetic practice and a textual strategy which paradoxically speaks of the unspoken nature of many inconvenient hidden truths of Irish society in the work of contemporary fiction writers. The study acknowledges Ireland's history of damaging silences and considers its legacies but it also underscores how silence can serve as a valuable even productive means of expression. From a wide range of critical perspectives, the individual essays address, among other issues, the conspiracies of silence in Catholic Ireland, the silenced structural oppression of Celtic Tiger Ireland, the recovery of silenced stories/voices of the past and their examination in the present, as well as millennial disaffection and the silencing of vulnerability in today's neoliberal Ireland. The book's attention to silence provides a rich vocabulary for understanding what unfolds in the quiet interstices of Irish writing from recent decades. This study also invokes the past to understand the present and thus demonstrates the continuities and discontinuities that define how silence operates in Irish culture. This is the first book to study the cultural impact of the Armistice of 11 November 1918 It contains 14 new essays from scholars working in literature music art history and military history The Armistice brought hopes for a better future as well

as sadness disappointment and rage Many people in all the combatant nations asked hard questions about the purpose of the war These questions are explored in complex and nuanced ways in the literature music and art of the period This book revisits the silence of the Armistice and asks how its effect was to echo into the following decades The essays are genuinely interdisciplinary and are written in a clear accessible style *Memories and Silences Haunted by Fascism* Daniela Baratieri,2010 Fascist and colonial legacies have been determinant in shaping how Italian colonialism has been narrated in Italy till the late 1960s This book deals with the complex problem of public memory and discursive amnesia The detailed research that underpins this book makes it no longer possible to claim that after 1945 there was an absolute and traumatic silence concerning Italy's colonial occupation of North and East Africa However the abiding public use of this history confirms the existence of an extremely selective and codified memory of that past The author shows that colonial discourse persisted in historiography newspapers newsreels and film Popular culture appears intertwined with political and economic interests and the power inscribed in elite and scientific knowledge While readdressing the often mistaken historical time line that ignores that actual Italian colonial ties did not end with the fall of Fascism but in 1960 with Somalia becoming independent this book suggests that a new post Fascist Italian identity was the crucial issue in reappraisals of a national colonial past **A Story to Save Your Life** Sarah Bishop,2022-08-16 Winner 2023 OHA Book Award Oral History Association A young woman flees violence in Mexico and seeks protection in the United States only to be trafficked as a domestic worker in the Bronx A decorated immigration judge leaves his post when the policies he proudly upheld capsize in the wake of political turmoil A Gambian translator who was granted asylum herself talks with other African women about how immigration officers expect victims of torture to behave A border patrol officer begins to question the training that instructs him to treat the children he finds in the Arizona desert like criminals Through these and other powerful firsthand accounts A Story to Save Your Life offers new insight into the harrowing realities of seeking protection in the United States Sarah C Bishop argues that cultural differences in communication shape every stage of the asylum process playing a major but unexamined role Migrants fleeing persecution must reconstruct the details of their lives so governmental authorities can determine whether their experiences justify protection However Bishop shows many factors influence whether an applicant is perceived as credible from the effects of trauma on the ability to recount an experience chronologically to culturally rooted nonverbal behaviors and displays of emotion For asylum seekers harnessing the power of autobiographical storytelling can mean the difference between life and death A Story to Save Your Life emphasizes how memory communication and culture intertwine in migrants search for safety **Transforming Memories in Contemporary Women's Rewriting** L.
