Tao Yuanming and Manuscript Culture Xiaofei Tian, 2011-07-01 Winner of a 2006 Choice Magazine Outstanding Academic Title Award As medieval Chinese manuscripts were copied and recopied through the centuries both mistakes and deliberate editorial changes were introduced thereby affecting readers' impressions of the author's intent In *Tao Yuanming and Manuscript Culture* Xiaofei Tian shows how readers not only experience authors but produce them by shaping texts to their interpretation Tian examines the mechanics and history of textual transmission in China by focusing on the evolution over the centuries of the reclusive poet Tao Yuanming into a figure of epic stature Considered emblematic of the national character Tao Yuanming also known as Tao Qian 365-427 c.e. is admired for having turned his back on active government service and city life to live a simple rural life of voluntary poverty The artlessness of his poetic style is held as the highest literary and moral ideal and literary critics have taken great pains to demonstrate perfect consistency between Tao Yuanming's life and poetry Earlier work on Tao Yuanming has tended to accept this image interpreting the poems to confirm the image *Tao Yuanming and Manuscript Culture* is a study of how this cultural icon was produced and of the elusive traces of another historical Tao Yuanming behind the icon By comparing four early biographies of the poet Tian shows how these are in large measure constructed out of Tao Yuanming's self image as projected in his poetry and prose Drawing on work in European medieval literature she demonstrates the fluidity of the Chinese medieval textual world and how its materials were historically reconfigured for later purposes Tian finds in Tao's poetic corpus not one essentialized Tao Yuanming but multiple texts continuously produced long after the author's physical demise Her provocative look at the influence of manuscript culture on literary perceptions transcends its immediate subject and has special resonance today when the transition from print to electronic media is shaking the literary world in a way not

unlike the transition from handwritten to print media in medieval China *Hawai'i Reader in Traditional Chinese Culture*
Victor H. Mair, Nancy Shatzman Steinhardt, Paul R. Goldin, 2005-01-31 The Hawai i Reader in Traditional Chinese Culture is a collection of more than ninety primary sources all but a few of which were translated specifically for this volume of cultural significance from the Bronze Age to the turn of the twentieth century They take into account virtually every aspect of traditional culture including sources from the non Sinitic ethnic minorities **Archives of Asian Art** ,2001 *Persian Christians at the Chinese Court* R. Todd Godwin, 2018-01-30 The Xi an Stele erected in Tang China s capital in 781 describes in both Syriac and Chinese the existence of Christian communities in northern China While scholars have so far considered the Stele exclusively in relation to the Chinese cultural and historical context Todd Godwin here demonstrates that it can only be fully understood by reconstructing the complex connections that existed between the Church of the East Sasanian aristocratic culture and the Tang Empire 617 907 between the fall of the Sasanian Persian Empire 225 651 and the birth of the Abbasid Caliphate 762 1258 Through close textual re analysis of the Stele and by drawing on ancient sources in Syriac Greek Arabic and Chinese Godwin demonstrates that Tang China 617 907 was a cosmopolitan milieu where multiple religious traditions namely Buddhism Zoroastrianism Manichaeism and Christianity formed zones of elite culture Syriac Christianity in fact remained powerful in Persia throughout the period and Christianity not Zoroastrianism was officially regarded by the Tang government as The Persian Religion Persian Christians at the Chinese Court uncovers the role played by Syriac Christianity in the economic and cultural integration of late Sasanian Iran and China and is important reading for all scholars of the Church of the East China and the Middle East in the medieval period **An Introduction to Chinese History and Culture** Qizhi Zhang, 2015-04-15 This book breaks with convention and provides an overview of Chinese history in the form of special topics These topics include the major issues of A Scientific Approach to the Origins of Chinese Civilization Ancient Chinese Society and the Change of Dynasties The Golden Ages of the Han Tang and Qing Dynasties a Comparative Analysis Transportation Systems and Cultural Communication in Ancient China Ethnic Relations in Chinese History The Systems of Politics Law and Selecting Officials in Ancient China Agriculture Handicraft and Commerce in Ancient China The Military Thought and Military Systems of Ancient China The Rich and Colorful Social Life in Ancient China The Evolution of Ancient Chinese Thought The Treasure House of Ancient Chinese Literature and Art The Emergence and Progress of Ancient Chinese Historiography Reflection on Ancient Chinese Science and Technology New Issues in the Modern History of China and A General Progression to the Socialist Modernization of the People s Republic of China The book is based on current literature and research by university students The modern history section is relatively concise while the topics related to ancient Chinese history are longer reflecting the country s rich history and corresponding wealth of materials There is also an in depth discussion on the socialist modernization of the People s Republic of China The book provides insights into Chinese history allowing readers to see the value of civilization through history to see the preciseness of history through civilization It

The End of the Maoist Era: Chinese Politics During the Twilight of the Cultural Revolution, 1972-1976 Frederick C Teiwes, Warren Sun, 2014-12-18 This book launches an ambitious reexamination of the elite politics behind one of the most remarkable transformations in the late twentieth century As the first part of a new interpretation of the evolution of Chinese politics during the years 1972-82 it provides a detailed study of the end of the Maoist era demonstrating Mao's continuing dominance even as his ability to control events ebbed away The tensions within the gang of four the different treatment of Zhou Enlai and Deng Xiaoping and the largely unexamined role of younger radicals are analyzed to reveal a view of the dynamic of elite politics that is at odds with accepted scholarship The authors draw upon newly available documentary sources and extensive interviews with Chinese participants and historians to develop their challenging interpretation of one of the most poorly understood periods in the history of the People's Republic of China

Tea in China James A. Benn, 2015-04-23 Tea in China explores the contours of religious and cultural transformation in traditional China from the point of view of an everyday commodity and popular beverage The work traces the development of tea drinking from its mythical origins to the nineteenth century and examines the changes in aesthetics ritual science health and knowledge that tea brought with it The shift in drinking habits that occurred in late medieval China cannot be understood without an appreciation of the fact that Buddhist monks were responsible for not only changing people's attitudes toward the intoxicating substance but also the proliferation of tea drinking Monks had enjoyed a long association with tea in South China but it was not until Lu Yu's compilation of the Chajing The Classic of Tea and the spread of tea drinking by itinerant Chan monastics that tea culture became popular throughout the empire and beyond Tea was important for maintaining long periods of meditation it also provided inspiration for poets and profoundly affected the ways in which ideas were exchanged Prior to the eighth century the aristocratic drinking party had excluded monks from participating in elite culture Over cups of tea however monks and literati could meet on equal footing and share in the same aesthetic values Monks and scholars thus found common ground in the popular stimulant one with few side effects that was easily obtainable and provided inspiration and energy for composing poetry and meditating In addition rituals associated with tea drinking

were developed in Chan monasteries aiding in the transformation of China's sacred landscape at the popular and elite level. Pilgrimages to monasteries that grew their own tea were essential in the spread of tea culture and some monasteries owned vast tea plantations. By the end of the ninth century tea was a vital component in the Chinese economy and in everyday life. Tea in China transcends the boundaries of religious studies and cultural history as it draws on a broad range of materials: poetry, histories, liturgical texts, monastic regulations, many translated or analyzed for the first time. The book will be of interest to scholars of East Asia and all those concerned with the religious dimensions of commodity culture in the premodern world.

The Tragedy of Lin Biao Frederick C. Teiwes, Warren Sun, 1996-01-01. The Lin Biao affair, which saw the Minister of Defence dramatically rise to become Mao Zedong's designated successor at the start of the Cultural Revolution in 1966 and even more dramatically die in a plane crash while fleeing his country in September 1971, remains the least understood of all Chinese Communist Party elite conflicts of the Maoist era. Despite the pivotal importance of Lin's rise and fall in the history of contemporary China, his career has received little scholarly attention. In this pathbreaking study, Frederick Teiwes and Warren Sun offer an interpretation which radically undermines the standard view of Lin Biao as an ambitious politician who manoeuvred his way to the top, adopted a radical position during the Cultural Revolution to promote his own interests, and eventually came undone by seeking to consolidate his own power and military dominance over the polity, thus leading to a vicious power struggle with Mao. They reveal Lin as someone basically uninterested in power or even politics, who was thrust into leading positions and the successor role by Mao against his wishes, who never opposed Mao politically but instead attempted to follow his wishes in every way to the extent that they could be determined, who had no policy programme, whose rare initiatives were on the side of moderation, and whose political decline was due to Mao's reaction to complex factors unconnected with either a bid by Lin for personal aggrandizement or an effort to entrench army power. In this, Teiwes and Sun refute both the official Chinese verdict on Lin Biao and the prevailing Western interpretation.

A History of China in the 20th Century Lü Peng, 2023-08-14. This book provides readers with rich context and detailed description, leading to new perspectives on major historical events in China. Positioned as a thought leader and highly acclaimed arts professional in China, the author is able to give a historical account of China's twentieth century that is richly informed by its valent fields of political economy and cultural studies. Western readers' knowledge of China's twentieth century remains based on pioneering research of modern scholars such as Fairbank and Jonathan Spence. In recent years, however, it is rare to see a complete history of China spanning the nineteenth and twentieth centuries, which also includes the first two decades of the twenty-first century. This book contributes new narrative and perspective to this span of history. Now, as the Sino-US trade conflict makes dramatic impact on a post-COVID global economy, readers have the need for a fresh understanding of how China came to be what it is today. The author's groundbreaking work provides new insight provided by newly uncovered sources explaining how China came to be what it is today from a cultural and sociological perspective in a
