

Luther's Scottish Connection

James Edward McGoldrick

Luthers Scottish Connection

Carter Lindberg

Luthers Scottish Connection:

Luther's Scottish Connection James Edward McGoldrick, 1989 Although the Protestant Reformation in Scotland received its principal direction from John Knox several precursors predominantly disciple of Martin Luther laid the foundations on which he built This book identified the most prominent Scottish Lutherans and examines their roles in the first phase of Scotland s Protestant history John Knox Richard G. Kyle, Dale W. Johnson, 2009-06-16 While the Reformed tradition originated with Huldrych Zwingli and was more fully developed with John Calvin it was John Knox who made significant contributions to this movement as it unfolded in Scotland John Knox An Introduction to His Life and Works traces the life and thought of John Knox in a succinct and readable way While a number of biographies tell the story of the famous Scottish reformer professors Kyle and Johnson take the reader in a different direction offering an interpretation of his writings They take a chronological approach to his works leading the reader through his early years his exile and his return to Scotland allowing them to speak for themselves an approach that also tells the story of Knox s life and ideas *Luther in English* Michael S. Whiting, 2010-06-01 Recent studies have increasingly downplayed and in a few cases even wholly denied the influence of Martin Luther s theology of Law and Gospel on early English evangelicals such as William Tyndale The impact of a late medieval Augustinian renaissance Erasmian Humanism the Reformed tradition and Lollardy have all but eclipsed the more central role once attributed to Luther Whiting reexamines these claims with a thorough reevaluation of Luther s theology of Law and Gospel in its historical context spanning twenty five years something entirely lacking in all previous studies Based on extensive research in the primary sources with acute attention to the larger historical narrative and in dialogue with secondary scholarship Whiting argues that scholars have often oversimplified Luther s theology of Law and Gospel and have thus wrongly diminished his very significant even principal influence upon first generation evangelicals William Tyndale John Frith and Robert Barnes during the English Reformation of the 1520s and 30s **God's Watchman** Richard G. Kyle, 2014-01-10 John Knox ranks among the great leader of the Reformed tradition In particular he made significant contributions to this movement as it unfolded in Scotland In doing so Knox wore many hats prophet pastor preacher reformer statesman revolutionary and more God s Watchman John Knox s Faith and Vocation attempts to connect these aspects of Knox s life Being a man of action these roles come to the forefront Still they rest on a particular faith shaped by his interpretation of Scripture his view of God and the events of sixteenth century Europe Section one of this study establishes these beliefs Part two spells out his vocation namely functioning as a prophet pastor and preacher All of this his faith and vocation culminated in his revolutionary political ideas which are the subject of section three Book jacket **King Sigismund of Poland and Martin Luther** Natalia Nowakowska, 2018 The first major study of the early Reformation and the Polish monarchy for over a century this volume asks why Crown and church in the reign of King Sigismund I 1506 1548 did not persecute Lutherans It offers a new narrative of Luther s dramatic impact on this monarchy which saw violent urban

Reformations and the creation of Christendom's first Lutheran principality by 1525 placing these events in their comparative European context King Sigismund's realm appears to offer a major example of sixteenth century religious toleration the king tacitly allowed his Hanseatic ports to enact local Reformations enjoyed excellent relations with his Lutheran vassal duke in Prussia allied with pro Luther princes across Europe and declined to enforce his own heresy edicts Polish church courts allowed dozens of suspected Lutherans to walk free Examining these episodes in turn this study does not treat toleration purely as the product of political calculation or pragmatism Instead through close analysis of language it reconstructs the underlying cultural beliefs about religion and church ecclesiology held by the king bishops courtiers literati and clergy asking what at heart did these elites understand Lutheranism and catholicism to be It argues that the ruling elites of the Polish monarchy did not persecute Lutheranism because they did not perceive it as a dangerous Other but as a variant form of catholic Christianity within an already variegated late medieval church where social unity was much more important than doctrinal differences between Christians Building on John Bossy and borrowing from J G A Pocock it proposes a broader hypothesis on the Reformation as a shift in the languages and concept of orthodoxy

The European Reformations

Carter Lindberg, 2011-09-13 Combining seamless synthesis of original material with updated scholarship The European Reformations 2nd edition provides the most comprehensive and engaging textbook available on the origins and impacts of Europe's Reformations and the consequences that continue to resonate today A fully revised and comprehensive edition of this popular introduction to the Reformations of the sixteenth century Includes new sections on the Catholic Reformation the Counter Reformation the role of women and the Reformation in Britain Sets the origins of the movements in the context of late medieval social economic and religious crises carefully tracing its trajectories through the different religious groups Succeeds in weaving together religion politics social forces and the influential personalities of the time into one compelling story Provides a variety of supplementary materials including end of chapter suggestions for further reading along with maps illustrations a glossary and chronologies

Medieval St Andrews

Michael Brown, Katie Stevenson, 2017 First extended treatment of the city of St Andrews during the middle ages St Andrews was of tremendous significance in medieval Scotland Its importance remains readily apparent in the buildings which cluster the rocky promontory jutting out into the North Sea the towers and walls of cathedral castle and university provide reminders of the status and wealth of the city in the Middle Ages As a centre of earthly and spiritual government as the place of veneration for Scotland's patron saint and as an ancient seat of learning St Andrews was the ecclesiastical capital of Scotland This volume provides the first full study of this special and multi faceted centre throughout its golden age The fourteen chapters use St Andrews as a focus for the discussion of multiple aspects of medieval life in Scotland They examine church spirituality urban society and learning in a specific context from the seventh to the sixteenth century allowing for the consideration of St Andrews alongside other great religious and political centres of medieval Europe Michael Brown is Professor of Medieval Scottish History University of St Andrews Katie

Stevenson is Keeper of Scottish History and Archaeology National Museums Scotland and Senior Lecturer in Late Medieval History University of St Andrews Contributors Michael Brown Ian Campbell David Ditchburn Elizabeth Ewan Richard Fawcett Derek Hall Matthew Hammond Julian Luxford Roger Mason Norman Reid Bess Rhodes Catherine Smith Katie Stevenson Simon Taylor Tom Turpie **The Oxford Dictionary of the Christian Church** Andrew Louth, 2022-02-17

Uniquely authoritative and wide ranging in its scope The Oxford Dictionary of the Christian Church is the indispensable reference work on all aspects of the Christian Church It contains over 6 500 cross referenced A Z entries and offers unrivalled coverage of all aspects of this vast and often complex subject from theology churches and denominations patristic scholarship and the bible to the church calendar and its organization popes archbishops other church leaders saints and mystics In this new edition great efforts have been made to increase and strengthen coverage of non Anglican denominations for example non Western European Christianity as well as broadening the focus on Christianity and the history of churches in areas beyond Western Europe In particular there have been extensive additions with regards to the Christian Church in Asia Africa Latin America North America and Australasia Significant updates have also been included on topics such as liturgy Canon Law recent international developments non Anglican missionary activity and the increasingly important area of moral and pastoral theology among many others Since its first appearance in 1957 the ODCC has established itself as an essential resource for ordinands clergy and members of religious orders and an invaluable tool for academics teachers and students of church history and theology as well as for the general reader Luther's Theology of the Cross Dennis Ngien, 2018-06-11

Luther was fundamentally a preacher pastor a care taker of souls whose ingenuity lies in his usage of the biblical message as a source of pastoral encouragement This book seeks to capture the often overlooked pastoral side of the Reformer through an examination of his sermons on John's gospel The sermons on John show the intrinsic close and causal link between doctrine and consolation They are an exercise of his vocation as a pastor or more precisely as a theologian of the cross who seeks to inculcate the good news of justification by faith in his people leading them to experience it within the dialectic of law and gospel St John said Luther is the master in the article of justification Luther's theological method namely his theology of the cross permeates and governs the exposition of the text and all major themes of his theology Christology Trinity and soteriology appear in his exegesis of John Reformation in Britain and Ireland Felicity Heal, 2003 The study of the Reformation in England and Wales Ireland and Scotland has usually been treated by historians as a series of discrete national stories Reformation in Britain and Ireland draws upon the growing genre of writing about British History to construct an innovative narrative of religious change in the four countries three kingdoms The text uses a broadly chronological framework to consider the strengths and weaknesses of the pre Reformation churches the political crises of the break with Rome the development of Protestantism and changes in popular religious culture The tools of conversion the Bible preaching and catechising are accorded specific attention as is doctrinal change It is argued that political calculations did most to

determine the success or failure of reformation though the ideological commitment of a clerical elite was also of central significance Local Customs and Common Laws J.D. Ford, 2024-05-13 Lawyers in Scotland in the later sixteenth century took a disproportionate interest in the law governing maritime commerce Some essays in this collection consider their handling of the subject in treatises they wrote Other essays however show that disputes relating to maritime trade were handled in a different way in the courts of the towns at which ships arrived Further essays examine the relationship between these contrasting perspectives Although the essays focus on the law governing maritime commerce in Scotland they also contribute to a wider debate about the nature of maritime law in early modern Europe *A Companion to Lollardy* Mishtooni Bose, Fiona Somerset, J. Patrick Hornbeck II, 2016-02-15 The last twenty five years have seen an explosion of scholarly studies on lollardy the late medieval religious phenomenon that has often been credited with inspiring the English Reformation In *A Companion to Lollardy* Patrick Hornbeck sums up what we know about lollardy and what have been its fortunes in the hands of its most recent chroniclers This volume describes trends in the study of lollardy and explores the many individuals practices texts and beliefs that have been called lollard Joined by Mishtooni Bose and Fiona Somerset Hornbeck assesses how scholars and polemicists literary critics and ecclesiastics have defined lollardy and evaluated its significance showing how lollardy has served as a window on religion culture and society in late medieval England

Princes and Princely Culture 1450-1650, Volume 1, 2003-10-15 This book contains thirteen essays on European princes and princely culture between 1450 and 1650 Many products of medieval and renaissance culture literature music political ideology social and governmental structures the fine arts and even forms of devotional practice found their best expression in the context of the courts of greater and lesser princes This volume the first of two concentrating on the late Middle Ages and the Early Modern Era has essays on selected courts north of the Alps and the Pyrenees the court of Burgundy under the Valois dukes that of France under Catherine de Medici and of Henry IV that of Scotland under Jameses III IV V VI and of Mary Queen of Scots that of Margaret of Austria at Mechelen of Scandinavia of Heidelberg under Frederick the Victorious and Philip the Upright and that of Maximilian I Contributors include Gayle K Brunelle Dagmar Eichberger Annette Finley Croswick Martin Gosman Margriet Hoogvliet Michael Lynch Alasdair A MacDonald Olaf Mørke Jan Dirk Müller Rita Schlusemann Alan Swanson Arjo Vanderjagt and Janet Hadley Williams *Dictionary of Scottish Church History & Theology* Nigel M. de S. Cameron, 1993 W. Stanford Reid A. Donald MacLeod, 2004-09-30 MacLeod's in depth analysis examines how an observant Christian academic unapologetically Calvinist openly articulated his faith in a secular environment and helped convince evangelicals to abandon their ghettoizing anti intellectualism His discussion of Reid's international networking serves as a reminder of the way in which Canadian evangelicalism was influenced by and in turn influenced the United States where Reid's influence was appreciable both as a trustee of Westminster Seminary for thirty seven years and as editor at large of the nascent Christianity Today W Stanford Reid is a poignant in depth investigation of

the life of a man whose career spanned academia and church

Church and School in Early Modern Protestantism

Jordan Ballor, David Sytsma, Jason Zuidema, 2013-08-08 A great deal of scholarship has too often juxtaposed scholasticism and piety resulting in misunderstandings of the relationship between Protestant churches of the early modern era and the theology taught in their schools But more recent scholarship especially conducted by Richard A Muller over the last number of decades has remapped the lines of continuity and discontinuity in the relation of church and school This research has produced a more methodologically nuanced and historically accurate representation of church and school in early modern Protestantism Written by leading scholars of early modern Protestant theology and history and based on research using the most relevant original sources this collection seeks to broaden our understanding of how and why clergy were educated to serve the church Contributors include Yuzo Adhinarta Willem van Asselt Irena Backus Jordan J Ballor J Mark Beach Andreas Beck Joel R Beeke Lyle D Bierma Raymond A Blacketer James E Bradley Dariusz M Bryko Amy Nelson Burnett Emidio Campi Heber Carlos de Campos Jr Kiven Choy R Scott Clark Paul Fields John V Fesko Paul Fields W Robert Godfrey Alan Gomes Albert Gootjes Chad Gunnoe Aza Goudriaan Fred P Hall Byung Soo Paul Han Nathan A Jacobs Frank A James III Martin Klauber Henry Knapp Robert Kolb Mark J Larson Brian J Lee Karin Maag Benjamin T G Mayes Andrew M McGinnis Paul Mpindi Adriaan C Neele Godfried Quaadtvielig Sebastian Rehnman Todd Rester Gregory D Schuringa Herman Selderhuis Donald Sinnema Keith Stanglin David Steinmetz David Sytsma Yudha Thianto John L Thompson Carl Trueman Theodore G Van Raalte Cornelis Venema Timothy Wengert Reita Yazawa Jeongmo Yoo and Jason Zuidema

Presbyterian and Reformed Churches James E. McGoldrick, 2012-03-01 In 1905 Westminster Press published History of the Presbyterian Churches of the World by church historian Richard Clark Reed 1851 1925 Reed's book intended as a textbook for college and seminary students covered the history of churches that subscribed to Presbyterian polity from the New Testament era to the beginning of the twentieth century Based on Reed's original work as well as an unpublished manuscript by Presbyterian historian Thomas Hugh Spence Jr 1899 1986 Presbyterian and Reformed Churches A Global History picks up the story of Presbyterian and Reformed churches where the earlier works left off In this volume James McGoldrick revises and updates Reed's and Spence's original historically relevant works continuing the survey to the twenty first century Each chapter traces the history of Presbyterian and Reformed churches in individual nations and regions around the globe The author covers the major events leaders and institutions influencing Presbyterian and Reformed church history in a readable style that is ideally suited for classroom study as well as for independent reading A list of suggested additional readings concludes each chapter Nations regions covered Switzerland France the Netherlands and other European nations Scotland Ireland England and Wales United States Mexico and Central America Caribbean Basin South America Africa Middle East India Indochina and Southeast Asia China Korea Japan and lesser Pacific Islands

The Oxford Dictionary of the Christian Church

Frank Leslie Cross, Elizabeth A. Livingstone, 2005 Uniquely authoritative and wide ranging in its scope The Oxford Dictionary of the

Christian Church is the indispensable one volume reference work on all aspects of the Christian Church. It contains over 6 000 cross referenced A Z entries and offers unrivalled coverage of all aspects of this vast and often complex subject including theology churches and denominations patristic scholarship the bible the church calendar and its organization popes archbishops saints and mystics. In this revision innumerable small changes have been made to take into account shifts in scholarly opinion recent developments such as the Church of England's new prayer book Common Worship RC canonizations ecumenical advances and mergers and where possible statistics. A number of existing articles have been rewritten to reflect new evidence or understanding for example the Holy Sepulchre entry and there are a few new articles. Perhaps most significantly a great number of the bibliographies have been updated. Established since its first appearance in 1957 as an essential resource for ordinands clergy and members of religious orders ODCC is an invaluable tool for academics teachers and students of church history and theology as well as for the general reader.

Baptist Successionism James Edward McGoldrick, 1999-11-17 an important contribution it is difficult to see how the historical argument could be any better presented than has been done by James McGoldrick.

Reformations Carlos M. N. Eire, 2016-06-28 This fast paced survey of Western civilization's transition from the Middle Ages to modernity brings that tumultuous period vividly to life. Carlos Eire popular professor and gifted writer chronicles the two hundred year era of the Renaissance and Reformation with particular attention to issues that persist as concerns in the present day. Eire connects the Protestant and Catholic Reformations in new and profound ways and he demonstrates convincingly that this crucial turning point in history not only affected people long gone but continues to shape our world and define who we are today. The book focuses on the vast changes that took place in Western civilization between 1450 and 1650 from Gutenberg's printing press and the subsequent revolution in the spread of ideas to the close of the Thirty Years War. Eire devotes equal attention to the various Protestant traditions and churches as well as to Catholicism skepticism and secularism and he takes into account the expansion of European culture and religion into other lands particularly the Americas and Asia. He also underscores how changes in religion transformed the Western secular world. A book created with students and nonspecialists in mind *Reformations* is an inspiring provocative volume for any reader who is curious about the role of ideas and beliefs in history.
