Luther's Works - Volume 2 Martin Luther, 1968-05-10 **Luther's Works** Martin Luther, Jaroslav Pelikan, Daniel E. Poellot, 1960 *Luther's Works* Martin Luther, 1960 Thoroughly researched and faithfully translated the Luther's Works series consists of Martin Luther's Bible commentaries sermons prefaces postils disputations letters theology and polemics translated and published in English for the first time Luther's Works Volume 2 Lectures on Genesis Chapters 6 14 discuss the Flood Noah and his descendants the Tower of Babel and Abram and Lot **Singing the Ethos of God** Brian Brock, 2007-04-02 Noting that academic biblical scholars and Christian ethicists have been methodologically estranged for some decades now Brian Brock seeks to reframe the whole Bible and ethics discussion in terms of this question What role does the Bible play in God's generation of a holy people and how do we participate in that regeneration Brock first examines various major contemporary thinkers on the Bible and Christian ethics including John Howard Yoder Brevard Childs John Webster and Dietrich Bonhoeffer He then undertakes major discussions of Augustine and Martin Luther unpacking their interpretation of the Psalms Finally Brock articulates the processes of renewal in God's people His close study of a few individual psalms shows how we enter the world of praise in which all human life is comprehended within God's work and is thus renewed Immersion in the exegetical tradition of the Christian faith Brock argues must be the heart and soul of theology and ethics [The Chester Cycle in Context, 1555-1575](#) Jessica Dell, David Klausner, 2016-04-01 [The Chester Cycle in Context 1555 1575](#) considers the implications of recent archival research which has profoundly changed our view of the continuation of performances of Chester's civic biblical play cycle into the reign of Elizabeth I Scholars now view the decline and ultimate abandonment of civic religious drama as the result of a complex network of local pressures heavily dependent upon individual civic and ecclesiastical authorities rather than a result of a nation wide policy of suppression as had previously been assumed **God Is Impassible and Impassioned** Rob Lister, 2012-11-30 Modern theologians are focused on the doctrine of divine impassibility exploring the significance of God's emotional experience and most especially the question of divine suffering Professor Rob Lister speaks into the issue outlining the history of the doctrine in the views of influential figures such as Augustine Aquinas and Luther while carefully examining modernity's growing rejection of impassibility and the subsequent evangelical response With an eye toward holistic synthesis this book proposes a theological model based upon fresh insights into the historical biblical and theological dimensions of this important doctrine **Almighty God Created the Races** Fay Botham, 2009 In this cultural history of interracial marriage and its legal regulation in the United States Fay Botham argues that religion specifically Protestant and Catholic beliefs about marriage and race had a significant effect on legal decisions concerning **Ham's Sin and Noah's Curse and BLESSING UTTERANCES** Nicholas Oyugi Odhiambo, 2014-09-24 The thesis of this book is threefold First contrary to the increasingly popular understanding that the nature of Ham's offense was sexual we argue that this offense was nonsexual despite the

presence of the phrase to see the nakedness of in Genesis 9:22. More specifically, Ham's offense had less to do with seeing his father naked; the seeing was accidental. Rather, his fault lay with his choice to disclose to his brothers what he had seen, as opposed to covering the nakedness of his father. Second, the most probable fulfillment of the Noah's curse is 1) the servitude of the Gibeonites, 2) the enslavement of the Canaanites following the conquest, or 3) the dominance of Rome and Greece over Tyre and Carthage respectively. The events or phenomena least associated with the curse in our view are the following: 1) the service of the four kings in Genesis 14 under Chedorlaomer and the king of Tidal, 2) the subjection of the Egyptians and Babylonians by the Persians, 3) the forced corvée service of the Egyptians by Pharaoh, 4) the triumph of Israel over Egypt during the Exodus, 5) the enslavement of the Africans, and 6) the African's dark skin color. Third, whereas none of the proposals offered in regards to the phrase "let him dwell in the tents of Shem" correlate well with the exegesis of the blessing utterance, we did find a viable candidate among the proposals related to the enlargement of Japheth, viz. geographical expansion.

Santa Claus: Is He for Your Child? John L. Hoh, 2011-08-01. Who or what is Santa Claus? What is his relationship to Saint Nicholas, Kris Kringle, and other Christmas time gift bearers? What is the message of Santa? This book traces the lineage of the child's saint back to the alleged historical bishop of Myra up to the jolly saint in red garb that graces our modern Christmases. The book paints a stark contrast to the Gospel message of forgiveness freely given. This book gives a very interesting history of how the myth of St. Nicholas, Santa Clause, compares with the gospel message of Jesus Christ. I was amazed at the similarities but truly wonder if the two confuses children, or one is to overshadow the other in this commercial world. Doris Costagliola for BookIdeas.com

Babylon Under Western Eyes Andrew Scheil, 2016-05-09. Babylon under Western Eyes examines the mythic legacy of ancient Babylon, the Near Eastern city which has served western culture as a metaphor for power, luxury, and exotic magnificence for more than two thousand years. Sifting through the many references to Babylon in biblical, classical, medieval, and modern texts, Andrew Scheil uses Babylon's remarkable literary ubiquity as the foundation for a thorough analysis of the dynamics of adaptation and allusion in western literature. Touching on everything from Old English poetry to the contemporary apocalyptic fiction of the Left Behind series, Scheil outlines how medieval Christian society and its cultural successors have adopted Babylon as a political metaphor, a degenerate archetype, and a place associated with the sublime. Combining remarkable erudition with a clear and accessible style, Babylon under Western Eyes is the first comprehensive examination of Babylon's significance within the pantheon of western literature and a testimonial to the continuing influence of biblical, classical, and medieval paradigms in modern culture. **Leshon**

Luther on Faith and Love Sun-Young Kim, 2014 There has been a distinct tendency in modern scholarship to underestimate Luther s teaching on love by overemphasizing his teaching on justification Calling this tendency into question this volume advances the thesis that Luther s teaching on faith and love operates as the overriding thematic pair in the dynamics of Christ and the law structurally and conceptually undergirding the 1535 Galatians commentary The research situates itself in the landscape of Luther scholarship via a special attention to Finnish Luther scholars and scholarship

The Word of God and the Languages of Man James Joseph Bono, 1995 Argues that pre modern societies placed authority in the text of sacred books and that when Europeans underwent the scientific revolution in the 17th century the underlying assumptions and approaches did not alter only the nature and location of the text where authority was to be sought Also argues that the change was not generated by factors external to science such as the advent of the printing press or social changes but by a continual negotiation by scientists themselves for meaning in which the narratives of the Book and the Word vied for authority Also available in paper 14794 0 at 22 95 Annotation copyright by Book News Inc Portland OR

Ballor,2012-04-18 Jordan J Ballor takes as his point of departure the doctrine of the covenant as it appears in the theology of the prominent second generation reformer Wolfgang Musculus 1497 1563 who is perhaps the earliest Reformed theologian to give the topic of the covenant a separate and distinct treatment in a collection of theological commonplaces Musculus teaching on the covenant is characterized by the important distinction he makes between general and special covenants and it is rooted in his exegetical work on the book of Genesis Where Musculus Loci communes demonstrate his antispeculative soteriologically focused and pastorally driven approach his exegesis provides fulsome guidance in the study of Scripture This examination of Musculus views on covenant and related doctrines is followed by explorations concerning causality and metaphysics It concludes with considerations on law and social order This book is the first full scale study to place Musculus theology within its broader intellectual context and to focus on Musculus theology as found both in his Loci communes and in his extensive and voluminous exegetical work Musculus positions on doctrines related to covenant causality and law reveal the eclecticism of Reformed reception of medieval traditions The final section of this study places Musculus within the later development of Reformed orthodoxy in the 16th and 17th centuries concluding that Wolfgang Musculus is a significant and often overlooked figure worthy of further consideration
