M A Maksimovichliterator:

Literary Scholarship in Late Imperial Russia (1870s-1917) Andy Byford, 2017-12-02 The turn of the twentieth century was a decisive moment in the institutionalisation of Russia's literary scholarship. This is the first book in the English language to provide an in-depth analysis of the emergence of Russia's literary academia in the pre-Revolutionary era. In particular, Byford examines the rhetoric of self-representation of major academic establishments devoted to literary study, the canonisation of exemplary literary historians and philologists: Buslaev, Grot, Veselovskii, Potebnia, Ovsianiko, Kulikovskii, and attempts by Russian literary academics of this era to define their work as a distinct form of scholarship: nauka. By analysing a range of academic rituals from celebrations of institutional anniversaries to professors' inaugural lectures and by dissecting the discourse of scholars' obituaries, commemorative speeches and manuals in scholarly methodology, Byford reveals how the identity of literary studies as a discipline was constructed in Russia. He provides not only a unique insight into fin de siècle Russian literary scholarship but also an original approach to academic institutionalisation more widely.

The Imperial Russian Project Alfred J. Rieber, 2018-01-18 A pioneer in the field of Russian and Soviet studies in the West, Alfred J. Rieber's five-decade career has focused on increasing our understanding of the Russian Empire from Peter the Great to the coming of the First World War. The Imperial Russian Project is a collection of Rieber's lifetime of work focusing on three interconnected themes of this time period: the role of reform in the process of state building, the interaction of state and social movements, and alternative visions of economic development. This volume contains Rieber's previously published classic essays, edited and updated, as well as newly written works that together provide a well-integrated framework for reflection on this topic. Rieber argues that Russia's style of autocratic governance not only reflected the personalities of the rulers but also the challenges of overcoming economic backwardness in a society lacking common citizenship and a cohesive ruling class. The Imperial Russian Project reveals how during the nineteenth century the tsar was obliged to operate within a changing and more complex world, reducing his options and restricting his freedom of action.

Nightmare: From Literary Experiments to Cultural Project Dina Khapaeva, 2012-11-13 What is a nightmare as a psychological experience, a literary experiment, and a cultural project? Why has experiencing a nightmare under the guise of reading a novel, watching a film, or playing a video game become a persistent requirement of contemporary mass culture? By answering these questions, which have not been addressed by literary criticism and cultural studies, we can interpret anew the texts of classic authors. Charles Maturin, Nikolai Gogol, Fyodor Dostoevsky, Thomas Mann, Howard Philips Lovecraft, and Victor Pelevin carry out bold experiments on their heroes and readers as they seek to investigate the nature of nightmare in their works. This book examines their prose to reveal the unstudied features of the nightmare as a mental state and traces the mosaic of coincidences leading from literary experiments to today's culture of nightmare consumption.

Gogol From the Twentieth Century Robert A. Maguire, 2022-03-08 The description for this book: Gogol From the Twentieth Century: Eleven Essays will

be forthcoming **A History of Old Russian Literature** Vladimir Vladimirovich Kuskov,1980 **Ivan Sergeevich Gagarin** Jeffrey Bruce Beshoner,2002-05-10 Ivan Sergeevich Gagarin analyzes questions of nationality and religious identity in nineteenth century Russian history as reflected in the life of Jesuit priest Ivan Gagarin A descendent of one of Russia s most ancient and politically powerful families Father Ivan Gagarin S J 1814 1882 dedicated his life to creating a union between the Orthodox and Catholic churches that would preserve the dogmatic and traditional beliefs of both Traditional understandings of Russian identity have emanated from the perspective of the dominant Orthodox religion this captivating study uses the unionist work of Gagarin to illumine Russia s national identity from the perspective of Roman Catholicism Seeing his unionist proposals as necessary for the preservation of Russian stability Gagarin found himself in frequent opposition to the Orthodox Church While Gagarin believed that Church union would preserve Russia from the threats of communism and revolution the Russian Orthodox Church believed that union would mean the sacrifice of religious truth ecclesial independence and religious orthodoxy Jeffrey Beshoner s even handed analysis reveals that the Roman Catholic Church presented its own share of barriers to attempts at church union Ivan Sergeevich Gagarin examines Roman Catholic attitudes of superiority vis vis the Orthodox Church and argues that the nineteenth century Roman Catholic Church simply did not possess the humility or respect for Eastern beliefs that church union required Despite the failure of his unionist activity Gagarin exerted important influence on such contemporary and later Roman Catholic and Russian thinkers as Pope Pius IX Alexei Khomiakov and Vladimir Solovev As the collapse of communism has permitted Russia to again seek its national identity in Russian Orthodoxy Gagarin s ideas and perspectives on the relationship between national and religious identity continue to prove relevant *A Double Garland* Thomas P. Hodge,2000 Thomas P Hodge has produced the first literary historical study of the art song enterprise in Russia s Golden Age *A Double Garland* investigates the interrelationship of poetry and music in Russia specifically the relations between poets and composers from 1800 to 1850 Hodge focuses on three major composers of art songs Alyab ev Verstovskii and Glinka He surveys their choices of text and after some preliminary metrical and structural analysis proceeds to a detailed consideration of the dynamics of poet composer interaction from various points of view Hodge presents both the major and minor poets of this period in the context of Russian musical life Based on extensive archival research this study will appeal to specialists in Russian poetry and musicologists Dostoevsky and the Novel Michael Holquist,2015-03-08 What place do Dostoevsky s works occupy in the history of the novel To answer this question Michael Holquist focuses on the formal aspects of Dostoevskian narrative The author argues that the novel is a genre that constantly seeks its own identity we still do not know what it is since the uniqueness of its members defines the class to which it belongs This anomaly explains the central role of the novel for Russians perplexed as they were in the nineteenth century by idiosyncrasies that hindered development of a coherent national identity Michael Holquist shows that the generic impulse of the novel to explore the mysteries of individual

biography met and fused in Dostoevsky's works with the national quest of the Russians for an identity of their own. The paradox of the writer's achievement consists in the degree to which his meditations on the significance of being without a past are grounded in history. Haney, 2019-07-23. These stories of heroism and magic and of terrifying encounters with Baba Yaga Zmei the serpent and Koschchei the Immortal represent at least one example of every wondertale type known in Russia. **Ukraine, the Middle East, and the West** Thomas M. Prymak, 2021-05-15. For decades Ukrainian contacts with the outside world were minimal, impeded by politics, ideology, and geography. But prior to the Soviet period, the country enjoyed diverse exchanges with, on the one hand, its Islamic neighbours, the Crimean Khanate and the Ottoman Empire, and on the other, its central and western European neighbours, especially Poland and France. Thomas Prymak addresses geographical knowledge, international travel, political conflicts, historical relations with religiously diverse neighbours, artistic developments, and literary and language contacts to smash old stereotypes about Ukrainian isolation and tell a vivid and original story. The book treats a wide range of subjects, including Ukrainian travellers in the Middle East, from pilgrims to the Holy Land to political exiles in Turkey and Iran; Tatar slave raiding in Ukraine; the poetry of Taras Shevchenko and the Russian war against Imam Shamil in the High Caucasus; Ukrainian themes and the French writers Honoré de Balzac and Prosper Mérimé; Rembrandt's mysterious painting today titled *The Polish Rider*; and Ilya Repin's legendary painting of the Zaporozhian Cossacks writing their satirical letter mocking the Turkish sultan. Drawing together political and cultural history, languages, and etymology, and folklore and art history, *Ukraine, the Middle East, and the West* is an original interdisciplinary study that reintroduces Ukraine's long overlooked connections beyond Eastern Europe. *Pushkin's "Poltava"* Virginia Marie Burns, 2005. In *Pushkin's Poltava*, Virginia M. Burns provides a detailed literary structuralist analysis of Aleksandr Pushkin's narrative poem. By examining prior critical approaches to and interpretations of her subject, Burns challenges many traditionally accepted views of the poem, such as categorical condemnation of the rebellion of the Ukraine against the Russia of Peter the Great. In turn, and through studies of characterization and narrative and poetic techniques, Burns provides a new interpretation of the *Poltava* in which the poem's meaning may be derived primarily from the unique and unifying organization of its structure. **Book Jacket** *Forging Environmentalism* Joanne R. Bauer, 2006. Drawing on an unusually rich empirical base, this timely and compelling book examines how environmental values are constructed and

legitimized within the policy process It trains the spotlight on four environmentally significant countries China Japan India and the United States representing a wide diversity of cultural social economic and political characteristics Through a combination of case studies and comparative analysis the contributors illuminate cultural assumptions standards and analytic techniques that shape environmental actions and policies around the world Forging Environmentalism provides valuable direction regarding what can be done to secure public support for environmental policies Incorporating expert legal economic philosophical sociological and political perspective points the way toward the possibilities for a convergence of environmental norms and values across diverse cultures *At the Watersheds of Thought* Priest Pavel Florensky, Wealth without work Pleasure without conscience Science without humanity Knowledge without character Politics without principle Commerce without morality Worship without sacrifice <https://vidjambov.blogspot.com> 2023-01 book inventory vladimir djambov talmach.html *History Russian Philosophy V1* V. V. Zenkovsy, 2014-07-10 First published in 2003 Routledge is an imprint of Taylor Francis an informa company *Nikolai Gogol: Ukrainian Writer in the Empire* Oleh S. Ilnytzkyj, 2024-07-22 Russian culture and Slavic Studies maintain that Gogol is an incontrovertible Russian writer To call him a Ukrainian is to encounter deep skepticism Oddly the grounds of his Russianness are rarely made explicit and even less often examined critically This book address these problems It shows for example how scholars assume that language and theme make Gogol Russian How others call him Russian by denying Ukrainians status as a separate nation while still others avoid explanations altogether by representing him as a typical Russian in a national culture and literature This book challenges such paradigms situating Gogol within an imperial culture where Russian and Ukrainian elites shared intellectual pursuits but clashed over rival national projects It reveals Gogol as a Ukrainian Russian language Imperial Writer a person who embraced an emergent Ukrainian movement while remaining a loyal imperial subject This book will appeal to Russianists and Ukrainianists anyone interested in questions of identity cultural politics and colonialism It provides ample context and background making it suitable for students Readers who enjoy Taras Bulba will be drawn to the chapter that dispels the myth of its Russianness

Hunting Nature Thomas P. Hodge, 2020-10-15 In *Hunting Nature* Thomas P Hodge explores Ivan Turgenev's relationship to nature through his conception description and practice of hunting the most unquenchable passion of his life Informed by an ecocritical perspective Hodge takes an approach that is equal parts interpretive and documentarian grounding his observations thoroughly in Russian cultural and linguistic context and a wide range of Turgenev's fiction poetry correspondence and other writings Included within the book are some of Turgenev's important writings on nature never previously translated into English Turgenev who is traditionally identified as a chronicler of Russia's ideological struggles is presented in *Hunting Nature* as an expert naturalist whose intimate knowledge of flora and fauna deeply informed his view of philosophy politics and the role of literature in society Ultimately Hodge argues that we stand to learn a great deal about Turgenev's thought and complex literary technique when we read him in both cultural and environmental

contexts Hodge details how Turgenev remains mindful of the way textual detail is wedded to the organic world the priroda that he observed and ached for more keenly than perhaps any other Russian writer Ukrainian Minstrels: Why the Blind Should Sing Natalie O. Kononenko,2015-07-03 The blind mendicant in Ukrainian folk tradition is a little known social order but an important one The singers of Ukrainian epics these minstrels were organized into professional guilds that set standards for training and performance Repressed during the Stalin era this is their story *The Complete Russian Folktale: v. 1: An Introduction to the Russian Folktale* Jack V.
