**Magic and the Millenium** Bryan R. Wilson,1975      Magic and the Millennium Bryan R. Wilson,1973      **Empowering the People** Richard A. Horsley,2022-03-25 In this innovative study Horsley builds on his earlier works concerning the problematic and misleading categories of magic and miracle to examine in depth the meaning and importance of the narratives of healing and exorcism in the Gospels Incorporating his work on oral performance and turning to important works in medical anthropology a new image emerges of how these narratives help us re evaluate Jesus s place in first century Galilee and Judea In his exorcisms and healings Jesus in interaction was empowering the villagers in their struggles for renewal of personal and communal dignity in resistance to invasive Roman rule      **Angels, Demons & Gods of the New Millenium** Lon Milo Duquette,1997-09-01 Are angels and demons real What makes the New Age the New Age Does consciousness survive death Writing from the perspective of a practicing ceremonial magician one of America s most knowledgeable and engaging authorities on Western Hermeticism answers these questions and many more with humor and personal anecdotes Illustrated and with color fold out      **Religion in Europe at the End of the Second Millenium** Andrew M. Greeley,2017-07-05 Most sociologists of religion describe a general decline in religious faith and practice in Europe over the last two centuries The secularizing forces of the Enlightenment science industrialization the influence of Freud and Marx and urbanization are all felt to have diminished the power of the churches and demystified the human condition In Andrew Greeley s view such overarching theories and frameworks do not begin to accommodate a wide variety of contrasting and contrary social phenomena Religion at the End of the Second Millennium engages the complexities of contemporary Europe to present a nuanced picture of religious faith rising declining or remaining stable      **Magic and the Millennium** Bryan R. Wilson,1975      **2000 Reasons to Hate the Millennium** Terry Mosher,1999-05-19 TOP 5 REASONS TO HATE THE MILLENNIUM 5 No one knows how to spell it 4 There will be a Rolling Stones Millennium Tour 3 Your new computer program may be Curtains 2000 2 As a kid you figured out how ancient you d be in the year 2000 Now you are 1 There are only 999 years left till Y3K Have you had it with Millennium hype Would you like to exterminate all talk of the Y2K bug Here s the antidote 2000 Reasons to Hate the Millennium is your guide to surviving the marketing madness surrounding the year you know what Here is advice on such millennial topics as How to give birth to the first baby of the Millennium Where NOT to be Millennium Eve 2000 products to expect and avoid The Worst Awards worst books movies fashions and media stories of the last 2000 years 2000 Reasons to Hate the Millennium Don t Leave This Millennium Without It      *Magic and the Millennium* Bryan R. Wilson,1973 Thirty nine folktales from the Tartar region of Russia      **Spiritual and Demonic Magic** Daniel Pickering Walker,2000 First published by the Warburg Institute in 1958 this book is considered a landmark in Renaissance studies Whereas most scholars had tended to view magic as a marginal subject Walker showed that magic was one of the most typical creations of the late fifteenth and sixteenth centuries Walker takes readers through the magical

concerns of some of the greatest thinkers of the Renaissance from Marsilio Ficino Giovanni Pico della Mirandola and Jacques Lefevre d Etaples to Jean Bodin Francis Bacon and Tommaso Campanella Ultimately he demonstrates that magic was interconnected with religion music and medicine all of which were central to the Renaissance notion of spiritus Remarkable for its clarity of writing this book is still considered essential reading for students seeking to understand the assumptions beliefs and convictions that informed the thinking of the Renaissance This edition features a new introduction by Brian Copenhaver one of our leading experts on the place of magic in intellectual history     The History of a Modern Millennial Movement Jane Shaw, Philip Lockley, 2017-05-30 A feverish expectation of the end of the world seems an unlikely accompaniment to middle class respectability But it was precisely her interest in millennial thinking that led Jane Shaw to a group of genteel terraced townhouses in the English county town of Bedford Inside their unassuming grey brick exteriors Shaw found something extraordinary For here within the Ark lived two members of the Panacea Society last survivors of the remaining Southcottian prophetic communities in Britain And these individuals were the heirs to a rich archive charting not just their own apocalyptic sect but also the histories of the many groups and their leaders who from the early nineteenth century onwards had followed the beliefs of the self styled prophetess and prospective mother of the Messiah Shiloh Joanna Southcott who died in 1814 Placing its subjects in a global context this is the first book to explore the religious thinking of all the Southcottians It reveals a transnational movement with striking and innovative ideas not just about prophecy and the coming apocalypse but also about politics gender class and authority The volume will sell to scholars and students of religion and cultural studies as well as social history     **Essays in Modern Jewish History** Phyllis Cohen Albert, Frances Malino, 1982 A diverse collection of essays studying Jewish communities before during and after their emergence into a modern emancipated status A fitting tribute to an outstanding sociologist and scholar     **The Millennial New World** Frank Graziano, 1999 This is a study of millennialism the idea that something climactic will happen in the year 2000 in Latin America from the pre Columbian period up to the present     **Jesus and Magic** Richard A. Horsley, 2014-10-27 It has become standard in modern interpretation to say that Jesus performed miracles and even mainline scholarly interpreters classify Jesus s healings and exorcisms as miracles Some highly regarded scholars have argued more provocatively that the healings and exorcisms were magic and that Jesus was a magician As Richard Horsley points out if we make a critical comparison between modern interpretation of Jesus s healing and exorcism on the one hand and the Gospel stories and other ancient texts on the other hand it becomes clear that the miracle and magic are modern concepts products of Enlightenment thinking Jesus and Magic asserts that Gospel stories do not have the concepts of miracle and magic What scholars constructed as magic turns out to have been ritual practices such as songs incantations medicines potions and appeals to higher powers for protection Horsley offers a critical reading of the healing and exorcism episodes in the Gospel stories This reading reveals a dynamic relationship between Jesus the healer the trust of those coming for healing and their support

networks in local communities Horsley's reading of the Gospel stories gives little or no indication of divine intervention Rather the healing and exorcism stories portray healings and exorcisms

A Home for the Homeless John H. Elliott, 2005-10-01 Jack Elliott's A Home for the Homeless is one of the most exciting works in biblical scholarship that I have read in recent years and the best book on 1 Peter that I have ever read In my mind he is certainly on the right track in detecting the life situation addressed in this important epistle It is consoling to find that amid the plethora of writings on the Bible really worthwhile discoveries can still be made Raymond E Brown author of Recent Discoveries and the Biblical World Already an acknowledged expert on 1 Peter John Elliott here combines New Testament exegesis and a keen knowledge of the Hellenistic world with the emergent sociological analysis of the New Testament Elliott has produced a fascinating statement on the broad social setting and religious meaning of an important but often overlooked piece of early Christian literature It is clearly a significant methodological statement which has ramifications beyond a study of 1 Peter John R Donahue SJ author of The Gospel in Parable The power of this book lies in its demonstration of how we move from philology and literary studies to history and sociological reconstruction Elliott is the first to show that from the meanings of words and their theology we are able to draw insight in the social reality therefore relevance of an important religious text from Judeo Christian antiquity The book is a methodological model but also a tour de force of intellect and imagination Jacob Neusner author of Rabbinic Literature and the New Testament Attempts to look through the New Testament texts into the lives of real human communities of the past received a significant boost with the first publication of A Home for the Homeless Elliott's work has had a central and provocative role in the debate that has grown and matured during the subsequent decade and which continues vigorously today What are the appropriate ways of using methods of the social sciences to understand texts from antiquity Wayne A Meeks author of The First Urban Christians John H Elliott is Professor Emeritus of New Testament at the University of San Francisco He is also the author of The Elect and the Holy What Is Social Scientific Criticism and 1 Peter Anchor Bible

Tolerance and Intolerance in Early Judaism and Christianity Graham Stanton, Guy G. Stroumsa, 1998-05-28 The essays in this book consider issues of tolerance and intolerance faced by Jews and Christians between approximately 200 BCE and 200 CE Several chapters are concerned with many different aspects of early Jewish Christian relationships Five scholars however take a difference tack and discuss how Jews and Christians defined themselves against the pagan world As minority groups both Jews and Christians had to work out ways of co existing with their Graeco Roman neighbours Relationships with those neighbours were often strained but even within both Jewish and Christian circles issues of tolerance and intolerance surfaced regularly So it is appropriate that some other contributors should consider inner Jewish relationships and that some should be concerned with Christian sects
